200.10	All Races Governed by Rules and Regulations
200.20	Full Access to Track
200.30	Inspection of Tack
200.40	Inspections and Searches
200.50	Appointment of Director of Inter-Track and Simulcast Wagering

Section 200.10 All Races Governed by Rules and Regulations

All races shall be conducted only under the Rules and Regulations of the Illinois Racing Board.

Section 200.20 Full Access to Track

The Board and its employees shall at all times have full access to the course, plant, and grounds of all racetracks and wagering locations in the State of Illinois.

Section 200.30 Inspection of Tack

The Board shall have the right to authorize a person or persons to enter any place within the track enclosure, or other places where horses are kept that are eligible to race at the current meetings, to inspect and examine the personal effects or property of every licensee within such places.

Section 200.40 Inspections and Searches

- a) The Illinois Racing Board or the State Stewards investigating for violations of law or the rules and regulations of the Board shall have the power to permit persons authorized by either of them to search:
 - 1) the person of all persons licensed by the Board, and of all employees and agents of any race track operator licensed by the Board, or to enter and search the jockey and drivers' rooms, paddocks, stables, stalls, tack rooms, barns, sheds, horse trailers, other vehicles related to the transportation of racehorses and/or the transportation of equipment used by or in the care of the racehorses, or other vehicles and equipment in the immediate stable area; and
 - 2) the person and/or property of all vendors who are permitted by the race track operator to sell and distribute their wares and merchandise within the race track enclosure; and
 - 3) all public areas in the racetrack enclosure, in order to inspect and examine the personal effects or property of licensees and vendors.

- b) Dormitory rooms are excluded from searches conducted pursuant to this Section but may be subject to search pursuant to a warrant.
- c) Searches conducted pursuant to this Section shall be based on reasonable suspicion of a violation of law or of the rules and regulations of the Board by the party whose premises or person is the subject of the search and shall be conducted in a reasonable period of time, and shall not be so frequent as to constitute harassment of a licensee. Searches of persons conducted pursuant to this Section shall consist of an external pat down and shall not be internally invasive. The policies of the Board in relation to administrative searches shall be posted at every racetrack under the Board's control.
- d) Each licensee, in accepting a license, releases all claims or possible actions for damages that he or she may have by virtue of any action taken under this Section. Each employee of a licensed operator, in accepting his or her employment, and each vendor who is permitted to sell and distribute merchandise within the race track enclosure, does thereby irrevocably consent to search under this Section and waive and release all claims or possible actions for damages resulting from any action taken under this Section. At the time a licensee applies for or renews his or her license, he or she shall receive a copy of the policies of the Board in relation to administrative searches, including relevant Sections of the Illinois Horse Racing Act. The consent to a search of premises or person pursuant to this Section shall be included on the license applications of all licensees. Any person who refuses to be searched pursuant to this Section may have his or her license suspended or revoked and may be ejected from the racetrack facilities.
- e) The Board delegates the authority to conduct inspections and searches pursuant to this Section to the Director of Security of the Illinois Racing Board and to Special Agents of the Illinois State Police, or other designees of the Department of State Police assigned, from time to time, to assist the Chief Investigator. Prior to conducting a search under this Section, a written authorization for administrative inspection shall be issued by either two stewards, the Executive Director of the Board, or a Member of the Board. The written authorization for administrative inspection shall include the name and title of the person or persons authorizing the search, the names of the persons conducting the search, the persons and/or areas to be searched, the date and time of the search, and the purpose of the search. Should exigent circumstances arise, such as the flight of a suspect with items reasonably suspected of being contraband and/or other circumstances that make it impractical to obtain prior written authorization, the requirement of written authorization shall not apply.
- f) At least two personnel of the Board, or the State Stewards, or those authorized for such purposes, shall be present for any of the searches conducted pursuant to this Section. Any Racing Board personnel, State Steward, or person authorized

to conduct a search under this Section shall be provided with detailed instructions on how a particular search is to be conducted, including the information contained in the authorization for administrative inspection.

Section 200.50 Appointment of Director of Inter-Track and Simulcast Wagering

- a) Pursuant to Section 26(h)(12)(F) of the Act, *the Board shall name and appoint a State Director of this wagering who shall be a representative of the Board and whose duty it shall be to supervise the conduct of inter-track wagering as may be provided for by the rules and regulations of the Board.*
- b) The Director of Inter-Track and Simulcast Wagering shall be appointed by the Executive Director.
- c) The Executive Director may appoint the State Director of Mutuels as the Director of Inter-Track and Simulcast Wagering.
- d) The Director of Inter-Track and Simulcast Wagering shall:
 - 1) Supervise and verify Illinois simulcast wagering pools totals for each wagering day. Verification shall be the basis for computing State privilege taxes, licensee commissions and purses.
 - 2) Inspect inter-track and simulcast wagering facilities for compliance with the Act and any rules and regulations of the Board.
 - 3) Report any irregularities to the State Director of Mutuels.

 - 2) in its conduct of hearings on the propriety of the ejection or exclusion of occupation licensees as authorized by the Act; and

The word "person" means organization licensee, occupation licensee, applicant for an occupation licensee or individual excluded from a race track or race tracks. The word "petitioner" means any person requesting a hearing pursuant to Section 204.20.

Section 204.20 Requests for Hearing

- a) Any person aggrieved by a final ruling of the Stewards may, as a matter of right, request a Board hearing. The hearing shall be a proceeding de novo.
- b) All requests for hearings shall:
 - 1) be in writing;
 - 2) contain an address and telephone number where the petitioner may be notified; and
 - 3) identify the Stewards' ruling and state the specific reasons for the request.
- c) Requests for hearing under this Part shall be filed no later than five business days after receipt of notice of the Stewards' ruling, ejection, exclusion or other action of the Board. If the petitioner is the subject of a pre-hearing suspension or exclusion, the Board shall conduct its hearing within seven regular business days after the receipt of the request unless the petitioner requests a postponement upon good cause shown and specifically waives the seven day hearing requirement.
- d) For appeals concerning civil penalties of \$500 or less or disqualifications based on an occurrence in the race such as interference or a claim of foul where no penalty was assessed against the driver or jockey, the petitioner shall be required to submit to a Director's Review Conference conducted pursuant to Section 204.25.
- e) For appeals concerning a suspension, exclusion, civil penalty greater than \$500, redistribution of the purse after the race results have been finalized by the Stewards, or disqualification based on a violation of 11 Ill. Adm. Code 603 (Medication), the petitioner shall be entitled to an administrative hearing pursuant to this Part or shall be given the option of submitting to a Director's Review Conference conducted pursuant to Section 204.25. Should a petitioner request a Director's Review Conference, his or her right to an administrative hearing shall be deemed waived.
- f) Notwithstanding subsections (d) and(e), any single member of the Board may sua sponte direct that any appeal be subject to a formal administrative hearing if the case merits the Board's personal attention.
- g) Requests for hearing may be filed in person at, or by mail addressed to, the Board's office at 555 W. Monroe, Suite 1700-S, Chicago, Illinois 60661. Requests submitted by mail will be deemed timely if postmarked no later than five business days after receipt of notice of the Stewards' ruling, ejection or exclusion or other action of the Board.

Section 204.25 Requests and Proceedings for Director's Review Conference

- b) Any properly filed appeal concerning a ruling of the Stewards resulting in a suspension, exclusion, civil penalties greater than \$500, redistribution of the purse after the race results are finalized by the Stewards, or disqualification based on a violation of 11 Ill. Adm. Code 603 (Medication), may, in lieu of an administrative hearing, request a Director's Review Conference.
- c) The Director's Review Conference process affords licensees the opportunity to resolve protests without a formal administrative hearing before an Administrative Law Judge. The Executive Director of the Board or his or her designee shall serve as the designated reviewer in accordance with the provisions of this Section. The Executive Director or reviewer shall have authority and knowledge of the rules and regulations of the Board sufficient to make a reasoned and appropriate resolution of the matter.

- g) At the Director's Review Conference, Board counsel shall present the Stewards' evidence to the reviewer. The licensee may be represented by

counsel or may appear without counsel and present his or her evidence and witnesses. The reviewer shall consider all relevant evidence.

- h) The Illinois Administrative Procedure Act [5 ILCS 100], Section 16 of the Illinois Horse Racing Act [230 ILCS 5], and Sections 204.40, 204.50, 204.60, 204.65, 204.70, 204.80, 204.85, 204.90, 204.100, 200.110, 204.120, 204.130 and 204.140 of this Part shall not apply to the Director's Review Conference. The reviewer may ask questions of the witnesses and the parties during the Director's Review Conference.
- i) Director's Review Conferences conducted under this Part shall be recorded by audiotape or other similar media.
- j) At the conclusion of the Director's Review Conference, the reviewer shall issue a written report of his or her findings. The reviewer can find in favor of the licensee, uphold the Stewards' ruling, or modify the penalty. Decisions of the reviewer may not be appealed to the Board, but are subject to the Administrative Review Law [735 ILCS 5/Art. III].
- k) Requests for a Director's Review Conference may be filed in person at, or by mail addressed to, the Board's office at 555 W. Monroe, Suite 1700-S, Chicago, Illinois 60661. Requests submitted by mail will be deemed timely if postmarked no later than five regular business days after receipt of notice of the Stewards' ruling, ejection or exclusion or other action of the Board.

Section 205.10 Purpose

The purpose of this Part is to provide procedures to govern the conduct of the License Hearing provided for in Section 20 of the Illinois Racing Act (the Racing Act) [230 ILCS 5/20], supplemental to those provided for in Part 204. This Part implements the provisions of the Racing Act and the Illinois Administrative Procedure Act (the IAPA) [5 ILCS 100], and should be construed to give effect to, and not to limit, the rights conferred by those Acts. This Part expressly adopts the applicable provisions of the IAPA, including the IAPA's provisions applicable in contested cases such as the License Hearing. (See Section, 10-65 of the IAPA and the Open Meetings Act [5 ILCS 120].)

Section 205.20 Notice

- a) At least 30 days prior to the application deadline, the Board shall provide all current organization licensees, and any other person who has requested an application for an organization license to conduct a horse race meeting, with notice of the License Hearing, including:
 - 1) a statement of the time, place and nature of the License Hearing (e.g., whether the award of host dates or the License Hearing will determine the allocation of racing dates in a single year or in multiple years) and the time, place and date of the pre-hearing conference. A host date is a

day awarded to an organization licensee in which the licensee controls the simulcast signals and its own live racing program;

- 2) a statement of the legal authority and jurisdiction under which the License Hearing is to be held;
 - 3) a reference to the particular Sections of the substantive and procedural statutes involved;
 - 4) a short and plain statement of the matters at issue and the consequences of a failure to participate in the License Hearing (see 230 ILCS 5/20);

 - 6) the time, place and date of the pre-hearing conference.
- b) The notice of the License Hearing shall be made public and shall also be posted in accordance with the requirements of Section 2.02 of the Open Meetings Act [5 ILCS 120/2.02] governing the posting of agendas for meetings of public bodies.

Section 205.30 Filing of Applications

The Board shall provide to all current organization licensees, no later than July 1, an application to conduct a horse race meeting. Applications for an organization license to conduct a horse racing meeting in Illinois pursuant to the Racing Act shall be filed at the office of the Board no later than 5:00 p.m. on July 31 (or if July 31 is not a business day, the next business day thereafter) of the year prior to the year in which the meet is sought. Each applicant shall file with the Board 15 copies of the application and all exhibits referred to in the application.

Section 205.40 Use of Applications

Applications shall state with particularity the type of license and dates sought to be awarded. Requests for licenses and dates may be made in the alternative. Applications are admissible into evidence as proof of what an applicant seeks or as admissions of parties, according to the rules of evidence.

Section 205.60 Parties

Parties to the License Hearing consist of persons who have filed an application for an organization license. No other person, other than outside counsel for the parties, a witness or witnesses called by the parties pursuant to the rules of evidence, may participate in the License Hearing before the Racing Board or its duly appointed hearing officer, except that this provision shall not be construed to prohibit the Board and/or the hearing officer from taking official notice of staff data or memoranda pursuant to Section 10-40 of the Illinois

Administrative Procedure Act [5 ILCS 100/10-40]. The Board shall be permitted to call lay and/or expert witnesses. This Section shall not prohibit representatives of any organization representing the largest number of horse owners, trainers, drivers or jockeys that has negotiated a contract with the organization licensee from providing testimonial or other evidence of its membership's position on any application at the invitation of the Board or other party, subject to Sections 205.95 and 205.100 evidentiary rules and cross examination. Permission to an organization to provide testimony under this Section shall not make that organization a party or confer any of the rights of a party on that organization. In addition to the parties named in this Section, the Board may request that the Attorney General of the State of Illinois participate as a party to the License Hearing (see 230 ILCS 5/16(e)).

Section 205.75 Discovery

- a) The Board shall notify all parties of the name and address of all applicants for an organization license.
- b) Each applicant shall serve on all other applicants of the same breed and the Board, on such date and time as ordered by the Board:
 - 1) The name and address of any witness who may be reasonably expected to testify on behalf of the party, together with a brief summary of the subject matter of each witness' anticipated testimony; and
 - 2) All documents, reports, summaries, tables, comparisons (i.e. attendance figures, handle comparisons, purse earnings and purse distributions), and all other materials, including videotape, DVD, film, and/or computer presentations the party intends to introduce into evidence at the hearing. The party's burden of production includes those documents the applicant reasonably expects to introduce into evidence; and
 - 3) A complete copy of its application and supporting documents.
- c) Parties shall be notified, either before the hearing or by reference in preliminary reports or otherwise, of any material to be noticed and/or relied upon by the Board, including any staff memoranda, staff reports, charts or data.
- d) Witnesses not identified and documents and other materials that are not timely produced may be excluded from the hearing as specified in subsection (b).
- e) No oral or written discovery beyond that specified in this Section shall be permitted.

Section 205.80 Pre-Hearing Conference

- a) Upon written notice by the Board or its duly appointed hearing officer, the parties may be directed to appear at a specified date, time and place for a

conference for the purposes of considering an agreement among applicants as to the award of racing dates (see 230 ILCS 5/21(b)).

- b) If an agreed dates schedule is not reached, the Board or the hearing officer shall enter an order addressing preliminary matters, including but not limited to:
 - 1) stipulation to matters not in dispute;
 - 2) procedural matters at the hearing;
 - 3) order of witnesses;
 - 4) deadline for mutual exchange between applicants of the same breed of prepared testimony or exhibits and applications;
 - 5) scheduling of pre-hearing motions; and
 - 6) any other matters to facilitate expeditious conduct of the Licensing Hearing and disposition of the proceeding.
- c) The Board or hearing officer shall rule on pre-hearing motions in writing prior to the License Hearing.
- d) The pre-hearing conference may be adjourned and continued to a date selected by the Board or the hearing officer prior to the License Hearing.
- e) Pre-hearing conferences under this Section shall be open to the public, notice shall be given in the same manner as notice is given of meetings of the Board, and a transcript shall be kept and shall become a part of the record in the proceeding.
- f) Under no circumstance shall offers of settlement, offers of agreement, concessions or statements made at the pre-hearing conference be admissible in evidence for any purpose at the License Hearing.

Section 205.85 Hearing Officer

The Chairman of the Board may preside over any hearings or pre-hearing conference in accordance with this Part; or the Chairman may appoint a Board member or an Illinois licensed attorney as a hearing officer to conduct any hearings or pre-hearing conference in accordance with this Part. The hearing officer shall perform such duties as provided in 230 ILCS 5/14(a) and 14a.

Section 205.90 Filing and Service of Motions

Any party filing a motion shall serve 15 copies of the motion on the Board and shall also serve

a copy on each of the other parties. Service shall be by messenger, overnight delivery, facsimile or in person. Applicants applying for organization licenses at the same race track may file motions to consolidate parties for the purpose of consolidating evidence and testimony. The deadline for filing motions shall be determined by the Board at the pre-hearing conference.

Section 205.95 Evidence

- a) Evidence shall be received by way of direct and cross examination of witnesses and introduction of documentary evidence subject to the rules of evidence.
- b) The Chairman of the Board, or a Board member appointed by the Chairman, who is a licensed Illinois attorney, shall decide all evidentiary objections and questions of evidence raised at the License Hearing, subject to de novo review by the Board. The Chairman or Board member appointed to rule on matters of evidence may seek the advice of the other members of the Board on evidentiary issues at his/her discretion. Any evidence ruled inadmissible may be submitted as an offer of proof.
- c) The rules of evidence shall be applied liberally. Any relevant evidence may be admitted and shall be sufficient in itself to support a finding if it is the sort of evidence on which reasonably prudent persons are accustomed to rely in the conduct of serious affairs. The Board or its appointed hearing officer shall exclude immaterial, irrelevant and repetitious evidence.
- d) The rules of evidence shall apply only to the parties. The Board may rely on technical and/or scientific facts within the Board's specialized knowledge. Nothing in this subsection shall be deemed to diminish the ability of the Board to enter documentary or testimonial evidence in its own discretion.

Section 205.100 License Hearing

- a) The License Hearing shall commence on the date fixed by the Board during the last 15 days of September of the year prior to the applicable racing dates.
- b) The Board shall conduct, and the Chairman or the duly appointed hearing officer shall preside over the License Hearing. Any testimony shall be given under oath or affirmation.
- c) Cases shall be presented by category of breed. Applicants for one breed may proceed in alphabetical order, or reverse alphabetical order, as determined by the Chairman.
- d) Board members may question any applicant or witness during the course of or following testimony.
- e) Each party may conduct adverse examination of witnesses according to the rules

of evidence applicable for cross and redirect examination in the Circuit Court of Cook County, Illinois for non-jury trials and as provided in Section 10-40 of the IAPA [5 ILCS 10/10-40].

- f) *At this meeting, the Board will announce the award of racing dates, live racing schedule and designation of host track to the applicants and its approval or disapproval of each application.* [230 ILCS 5/20(e)]
- g) The Chairman or hearing officer may limit the time allotted to parties for both direct and cross examination, if the examination of witnesses would unduly obstruct the award of an organization license within the time allotted in Section 20(e) of the Act [230 ILCS 5/20(e)].

Section 205.110 Disqualification of Hearing Officer

- a) Whenever any party believes a hearing officer or any Racing Board member should be disqualified, for bias, prejudice, conflict of interest or any other reason, from conducting, or continuing to conduct, a License Hearing, that party may file with the Racing Board a motion to disqualify the hearing officer or Board member, setting forth the alleged grounds for disqualification. A party shall file such a motion promptly upon learning of any grounds for disqualification. The motion shall be filed as provided in Section 205.90. The Board shall enter a written ruling on the motion within 3 days after the date on which the motion is filed.
- b) A Hearing Officer or Board member may recuse himself or herself from presiding at a License Hearing.

Section 205.120 Ex Parte Communications

- a) After service of the notice of the License Hearing on the parties, and until such time a formal written Dates Order is executed by the Board, any communication, directly or indirectly, in connection with any matter regarding the award of racing dates, between any Board member, Racing Board employee or hearing officer, with any party or representative of any party to the License Hearing, shall be considered ex parte pursuant to Section 10-60(a) of the IAPA.
- b) Pursuant to Section 20 (e-10) of the Act [230 ILCS 5/20(e-10)], ex parte communication shall be allowed provided that such communications are in the best interest of racing. The phrase "best interest of racing" includes, among other factors, the quality and integrity of racing, public interest, State revenue and the availability of wagering opportunities.
- c) Pursuant to Section 10-60(c) of the IAPA, any ex parte communication received

by any Board employee, Board member or hearing officer shall be made a part of the record of the License Hearing, including all written communications, all written responses to the communications and a memorandum stating the substance of all oral communications and all responses made, and the identity of each person from whom the ex parte communication was received.

the decision of the Board is unanimous, the Chairman of the Board, or a member of the Board appointed by the Chairman, shall draft the final Dates Order. If the decision of the Board is split, the majority shall draft the Board's final Dates Order. The majority opinion shall be submitted to all Board members who voted with the minority, and the minority Board members may draft a minority opinion. Any and all minority opinions shall be attached to the final Dates Order and made a part of the record. A formal written Dates Order shall be executed by the Board no later than October 15 of the year prior to the racing schedule.

Section 205.130 Incorporation of Part 204

Except as stated herein, or as inconsistent with this Part, the provisions of Sections 204.40 through 204.110, 204.130, and 204.140 of Title 11, Subtitle B, Chapter I of the Illinois Administrative Code shall apply to Licensing Hearings.

Acceptance letters, mailed or delivered, shall be received at the central office of the Board on or before the expiration of the 10 day limit. Acceptance of dates pursuant to this Section shall not abridge an applicant's right to appeal.
- b) In the event an applicant does not submit a signed acceptance letter and/or the required fees in the manner and within the 10 day limit stated in subsection (a)(2) of this Section, the Board may conduct an emergency hearing, as provided in Section 205.150, and may re-award racing dates previously awarded to the applicant. The Board may exercise its discretion not to re-award dates when to do so would not be in the best interest of the sport, industry and/or State of Illinois (instances include, but are not limited to, conflicting meets, failure to maximize State revenue, shortage of horses, inadequate facilities or officials, lack of character or financial fitness of the applicant and inadequate promotional budget).

Section 205.150 Emergency Hearing to Re-award Dates

- a) Pursuant to Section 20(f-5) of the Act [230 ILCS 5/20(f-5), the Board may conduct an emergency hearing and may re-award dates if acceptance is not received from the applicant in the 10 days prescribed by the Act or a license to conduct a race meeting has been suspended or revoked.

- a) The amounts wagered to show on the first three betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into three equal portions, one being assigned to each winning betting interest and divided by the amount wagered to show on that betting interest, the resulting quotient being the profit per dollar wagered to show on that betting interest. The net show pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
 - 1) if contestants of a coupled entry or mutuel field finished in the first three places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise,
 - 2) If contestants of a coupled entry or mutuel field finished as two of the first three finishers, the profit is divided with two-thirds distributed to those who selected the coupled entry or mutuel field and one-third distributed to those who selected the other betting interest included within the first three finishers; otherwise
 - 3) As a profit split to those whose selection is included within the first three finishers; but if there are no such wagers, then
 - 4) As a profit split to those who selected the two covered betting interests included within the first three finishers; but if there are no such wagers, then
 - 5) As a profit split to those who selected the one covered betting interest included within the first three finishers; but if there are no such wagers, then

Section 302.20 Illinois as the Guest State

- a) Pari-mutuel wagering pools may be combined with corresponding wagering pools in the host state, or with corresponding pools established by one or more other jurisdictions.
- b) In the event that an organization licensee commingles Illinois pools with the pools of an out-of-state track, Illinois pool data shall be transmitted by each totalizator system used by Illinois licensees, independent and separately from any other totalizator system used by Illinois licensees.
- c) In the event that an organization licensee commingles Illinois pools with the pools of an out-of-state track, all rules in effect in the host state shall apply.
- d) In the event that an organization licensee commingles Illinois pools with the pools of an out-of-state track, if for any reason it becomes impossible to successfully merge all Illinois wagers into the interstate common pool, the interstate host track prices shall be paid for the following pools: win, place, show, daily double, perfecta/exacta, quinella, trifecta and Pick-3. For all other wagering pools that are unsuccessfully merged, payouts shall be calculated based on the licensees' pools of the totalizator system that failed to merge with the interstate host track. Each individual licensee shall be responsible for its wagering pool payouts required under this Part. In all cases, the organization licensee and/or Illinois

host track shall determine the liabilities for all licensees as agreed upon by the State Director of Mutuels. - c) Illinois pari-mutuel rules shall apply.
- d) If for any reason it becomes impossible to successfully merge pool data into the interstate common pool of the organization licensee, or a Board representative determines that attempting to effect transfer of pool data from the guest state may endanger the organization licensee's wagering pool, or cause an unreasonable delay of the racing program, the Board's pari-mutuel auditor shall determine under the circumstances whether to manually merge guest pools, exclude guest pools or delay the Illinois program.

Section 303.40 Scratches

- b) If the second double contest is canceled or declared "no contest" after the close of wagering on the first double contest, the net double pool shall be distributed as a single price pool to wagers selecting the winner of the first double contest. Section 307.10 Definition

The twin trifecta requires selection of the first three finishers, in their exact order, in each of two designated contests. Each winning wager for the first twin trifecta contest must be exchanged for a free ticket on the second twin trifecta contest in order to remain eligible for the second half twin trifecta contest. Winning first half twin trifecta wagers will receive both an exchange and a monetary payoff. All twin trifecta wagers shall be calculated in an entirely separate pool.

Section 307.20 General Provisions

- a) Unless expressly noted in this Part, all trifecta rules shall apply.
- b) Twin trifecta tickets shall be sold and exchanged by licensed facilities and at attended ticket-issuing machines. The sale, exchange or transfer of twin trifecta tickets by any other facility or person is prohibited.
- c) Twin trifecta wagers shall not be sold in denominations of less than \$1.
- d) The twin trifecta rules shall be prominently displayed in the official program on each day the twin trifecta wager is offered.
- e) If a wagering facility is unable to process wagers on the second twin trifecta contest, due to unforeseen problems, including but not limited to totalizator malfunction, natural disaster, electrical failure, holders of winning wagers on the first twin trifecta contest shall be entitled to the monetary value of the winning wager but shall not be eligible for an exchange ticket on the second twin trifecta contest.
- f) Any organization licensee who elects to offer a twin trifecta wager shall notify the State Director of Mutuels, in writing, at least 30 days prior to the start of its meet.

Section 307.30 Pool Distribution

- a) An organization shall elect a 50% or 75% carryover method prior to the start of its meet. The remaining 50% or 25% shall be the daily net pool.
- b) In the first twin trifecta contest, winning wagers and distribution of the daily net pool shall be determined using the following precedence, based upon the official order of finish for the first twin trifecta contest:
 - 1) As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then
 - 2) As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
 - 3) As a single price pool to those whose combination correctly selected the first place betting interest only; but if there are no such wagers, then
 - 4) The entire twin trifecta pool, for that contest, shall be added to the carryover pool and the second half shall be canceled.
- c) If no first half twin trifecta wager selects the first three finishers of that contest in exact order, winning wagers shall not receive any exchange tickets for the second half twin trifecta pool. In such cases, the second twin trifecta pool shall be retained and added to any existing twin trifecta carryover pool.
- d) The carryover pool shall be distributed to winning wagers on the second twin trifecta contest according to the following precedence, based upon the official order of finish for the second twin trifecta contest:
 - 1) As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then
 - 2) The entire carryover pool for that contest shall be added to any existing carryover and retained for the next consecutive second half twin trifecta pool.
- e) If a winning first half twin trifecta wager is not presented for payment and exchange prior to the second half twin trifecta contest, the ticket holder shall receive the monetary value associated with the first half twin trifecta pool but forfeits all rights to any distribution of the second half twin trifecta pool.

Section 307.40 Dead Heats

- a) If there is a dead heat or multiple dead heats in either the first or second twin trifecta contest, all twin trifecta wagers selecting the correct order of finish, including any dead-heated contestant, shall be considered winners.
- b) If there is a dead heat in the first twin trifecta contest, payoffs shall be calculated as a profit split.
- c) If there is a dead heat in the second twin trifecta contest, payoffs shall be calculated as a single price pool.

Section 307.50 Scratches

- a) Should a betting interest in the first twin trifecta contest be scratched, those wagers including the scratched betting interest shall be refunded.
- b) Should a betting interest in the second twin trifecta contest be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second twin trifecta contest, the ticket holder forfeits all rights to the second twin trifecta pool.
- c) If, due to a late scratch, the number of betting interests in the second twin trifecta contest is reduced to fewer than the minimum, all exchange tickets and outstanding first half winning wagers shall be entitled to the second half twin trifecta pool for that contest as a single price pool, but not the twin trifecta carryover.

Section 307.60 Races Canceled

- a) If either of the twin trifecta contests are canceled prior to the first twin trifecta contest, the entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest and the second twin trifecta contest shall be canceled.
- b) If the second twin trifecta contest is canceled, all exchange tickets and outstanding first half winning twin trifecta tickets shall be entitled to the daily net twin trifecta pool for that contest as a single price pool, but not the twin trifecta carryover.

Section 307.70 Mandatory Distribution

- a) The twin trifecta carryover shall be designated for distribution on the last program of a race meeting or the last program during a consecutive race meeting

of the same type of racing at the same track and shall be advertised to the public.

- b) In the event a mandatory distribution is required, the following precedence will be followed in determining winning wagers for the second twin trifecta contest, based upon the official order of finish:
- 1) As a single price pool to those who selected the first three finishers in exact order; but if there are no such wagers, then
 - 2) As a single price pool to those whose combination correctly selected the first and second place finishers in correct order; but if there are no such wagers, then
 - 3) As a single price pool to those whose combination correctly selected the first place betting interest; but if there are no such wagers, then
 - 4) As a single price pool to those whose combination correctly selected the second and third place finishers in exact order; but if there are no such wagers, then
 - 5) As a single price pool to those whose combination correctly selected the second-place betting interest; but if there are no such wagers, then
 - 6) As a single price pool to those whose combination correctly selected the third-place betting interest; but if there are no such wagers, then
 - 7) As a single price pool to holders of valid exchange tickets.
- c) In the event no valid exchange tickets are issued the carryover shall be distributed in the following precedence, based upon the official order of finish:
- 1) As a single price pool to those whose combination correctly selected the first and second place betting interests in the first twin trifecta contest; but if there are no such wagers, then
 - 2) As a single price pool to those whose combination correctly selected the first-place finisher in the first twin trifecta contest; but if there are no such wagers, then
 - 3) As a single price pool to those holding first half twin trifecta wagers.

308.80	Disclosure
308.90	Pick 3 Pools

Section 308.10 Pick (n)

The Pick (n) requires selection of the first-place finisher in each of a designated number of contests. The organization licensee shall designate the number of contests for the Pick (n) and the method for pool calculation prior to the start of its meet. The organization licensee shall submit, in writing, its intent to offer the Pick (n) wager to the State Director of Mutuels no later than 30 days prior to the start of its meet.

Section 308.20 Pool Calculations

The organization licensee may select one of the following methods for conducting its Pick (n) pool. As used in this Part, "Major pool" is defined as 75% of the daily net pool; and "Minor pool" is defined as 25% of the daily net pool. Any deviation from the major/minor pool percentage division must be approved by the State Director of Mutuels.

- a) Method 1, Pick (n) with Carryover: The net Pick (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests, and the remainder shall be added to the carryover.

- b) Method 2, Pick (n) with Minor Pool and Carryover: The major share of the net Pick (n) pool and the carryover, if any, shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher of all Pick (n) contests, the minor share of the net Pick (n) pool shall be distributed as a single price pool to those who selected

the first-place finisher in the greatest number of Pick (n) contests, and the major share shall be added to the carryover.

- c) Method 3, Pick (n) with No Minor Pool and No Carryover: The net Pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. If there are no winning wagers, the pool is refunded.
- d) Method 4, Pick (n) with Minor Pool and No Carryover: The major share of the net Pick (n) pool shall be distributed to those who selected the first place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If the greatest number of first-place finishers selected is one (1), the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.
- e) Method 5, Pick (n) with Minor Pool and No Carryover: The major share of net Pick (n) pool shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in all Pick (n) contests, the entire net Pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests. If there are no winning wagers, the pool is refunded.
- f) Method 6, Pick (n) with Minor Pool and Carryover: The net Pick (n) pool and carryover, if any, shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in all Pick (n) contests, two-thirds of the net pool (major pool) or one-half of the total gross pool, whichever is greater, shall be distributed as a single price pool to those who present a valid pari-mutuel wager for that Pick (n) pool and the remaining one-third of the net pool shall be added to the carryover. The minimum pay-off provisions contained in 11 Ill. Adm. Code 405.130 shall not apply when distributing the major pool in this pool calculation.

- g) Method 7, Pick (n) with “Unique Winning Ticket” Provision: The net Pick (n) pool and carryover, if any, shall be distributed to the holder of a unique winning ticket that selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there is no unique winning ticket selecting the first-place finisher in each of the Pick (n) contests, or if there are no wagers selecting the first-place finisher of all Pick (n) contests, the minor share of the net Pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests, and the major share shall be added to the carryover. Unique winning ticket, as used in this subsection, shall be defined as having occurred when there is one and only one winning ticket that correctly selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish, to be verified by the unique serial number assigned by the tote company that issued the winning ticket. In the event that there is more than one winning ticket that correctly selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish, the unique winning ticket shall be deemed to not have occurred.

Section 308.30 Dead Heats

If there is a dead heat for first in any of the Pick (n) contests involving:

- a) contestants representing the same betting interest, the Pick (n) pool shall be distributed as if no dead heat occurred.
- b) contestants representing two or more betting interests, the Pick (n) pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.

Section 308.40 Scratches

Should a betting interest in any of the Pick (n) contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the closing of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted betting interests that became winners as a result of the substitution, in addition to the normal winning combination.

Section 308.50 Cancellation of Races

- a) The Pick (n) pool shall be canceled and all Pick (n) wagers for the individual performance shall be refunded if:

- 1) at least two contests included as part of a Pick 3 are canceled or declared "no contest".
 - 2) at least three contests included as part of a Pick 4 or Pick 5 are canceled or declared "no contest"
 - 3) at least four contests included as part of a Pick 6 or Pick 7 are canceled or declared "no contest".
 - 4) at least five contests included as part of a Pick 8 or Pick 9 are canceled or declared "no contest".
 - 5) at least six contests included as part of a Pick 10 or Pick 11 are canceled or declared "no contest".
- b) If at least one contest included as part of a Pick (n) is canceled or declared "no contest", but not more than the number specified in subsection (a), the net pool shall be distributed as a single price pool to those whose selection finishes first in the greatest number of Pick (n) contests for that performance. Such distribution shall include the portion ordinarily retained for the Pick (n) carryover but not the carryover from previous performances.

Section 308.60 Carryover Cap

The Pick (n) carryover may be capped at a designated level approved by the State Director of Mutuels so that if, at the close of any performance, the amount in the Pick (n) carryover equals or exceeds the designated cap, the Pick (n) carryover will be frozen until it is won or distributed under Section 308.70. After the Pick (n) carryover is frozen, 100 percent of the net pool, part of which ordinarily would be added to the Pick (n) carryover, shall be distributed to those whose selection finished first in the greatest number of Pick (n) contests for that performance.

Section 308.70 Mandatory Distribution

- a) A written request for permission to distribute the Pick (n) carryover on a specific performance may be substituted to the State Director of Mutuels. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.
- b) Should the Pick (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first-place finisher in each of the Pick (n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests. The Pick (n) carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

- 1) Upon written approval from the State Director of Mutuels as provided for in subsection (a).
 - 2) Upon written approval from the State Director of Mutuels when there is a change in the carryover cap, a change from one type of Pick (n) wagering to another, or when the Pick (n) is discontinued.
 - 3) On the closing performance of the meet, split meet or successive or intervening race meeting at the same race track.
- c) If, for any reason, the Pick (n) carryover must be held over to the corresponding Pick (n) of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the State Director of Mutuels. The Pick (n) carryover plus accrued interest shall then be added to the net Pick (n) pool of the following meet on a date and performance designated by the State Director of Mutuels.
- d) With written approval of the Board, the organization licensee may contribute to the Pick (n) carryover a sum of money up to any designated cap.

Section 308.80 Disclosure

The organization licensee may display potential distribution to ticket holders depending on the outcome of the appropriate Pick (n) contest.

Section 308.90 Pick 3 Pools

- a) The Pick 3 requires selection of the first-place finisher in each of three specified contests.
- b) The net Pick 3 pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
 - 1) As a single price pool to those whose selection finished first in each of the three contests; but if there are no such wagers, then
 - 2) As a single price pool to those who selected the first-place finisher in any two of the three contests; but if there are no such wagers, then
 - 3) As a single price pool to those who selected the first-place finisher in any one of the three contests; but if there are no such wagers, then
 - 4) The entire pool shall be refunded on Pick 3 wagers for those contests.
- c) If there is a dead heat for first in any of the three contests involving:

- 1) contestants representing the same betting interest, the Pick 3 pool shall be distributed as if no dead heat occurred.
 - 2) contestants representing two or more betting interests, the Pick 3 pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.
- d) Should a betting interest in any of the Pick 3 contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted betting interests that became winners as a result of the substitution, in addition to the normal winning combination.

Section 312.10 Place Pick N

The Place Pick N requires selection of the first and second-place finisher in each of a designated number of contests. The organization licensee shall designate the number of contests for the Place Pick N and the method for pool calculation prior to the start of its meet. The organization licensee shall submit, in writing, its intent to offer the Place Pick N wager to the State Director of Mutuels no later than 30 days prior to the start of its meet.

Section 312.20 Pool Calculations

The organization licensee may select one of the following methods for conducting its Place Pick N pool. As used in this Part, "Major Pool" is defined as seventy-five (75%) of the daily net pool; and "Minor Pool" is defined as twenty-five (25%) of the daily net pool. Any deviation from the Major/Minor pool percentage division must be approved by the State Director of Mutuels.

- a) Method 1, Place Pick N with Carryover: The net Place Pick N pool and carryover, if any, shall be distributed as a single price pool to those who selected the first and second-place finisher in each of the Place Pick N contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first and second-place finisher in the greatest number of Place Pick N contests; and the remainder shall be added to the carryover.
- b) Method 2, Place Pick N with Minor Pool and Carryover: The major share of the net Place Pick N pool and the carryover, if any, shall be distributed to those who selected the first and second-place finisher in each of the Place Pick N contests, based upon the official order of finish. The minor share of the net Place Pick N pool shall be distributed to those who selected the first and second-place finisher in the second greatest number of Place Pick N contests, based upon the official order of finish. If there are no wagers selecting the first and second-place finisher of all Place Pick N contests, the minor share of the net Place Pick N pool shall be distributed as a single price pool to those who selected the first and

second-place finisher in the greatest number of Place Pick N contests; and the major share shall be added to the carryover.

- c) Method 3, Place Pick N with No Minor Pool and No Carryover: The net Place Pick N pool shall be distributed as a single price pool to those who selected the first and second-place finisher in the greatest number of Place Pick N contests, based upon the official order of finish. If there are no winning wagers, the pool is refunded.
- d) Method 4, Place Pick N with Minor Pool and No Carryover: The major share of the net Place Pick N pool shall be distributed to those who selected the first and second place finisher in the greatest number of Place Pick N contests, based upon the official order of finish. The minor share of the net Place Pick N pool shall be distributed to those who selected the first and second-place finisher in the second greatest number of Place Pick N contests, based upon the official order of finish. If there are no wagers selecting the first and second-place finisher in a second greatest number of Place Pick N contests, the minor share of the net Place Pick N pool shall be combined with the major share for distribution as a single price pool to those who selected the first and second-place finisher in the greatest number of Place Pick N contests. If the greatest number of first and second-place finishers selected is one (1), the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.
- e) Method 5, Place Pick N with Minor Pool and No Carryover: The major share of net Place Pick N pool shall be distributed to those who selected the first and second-place finisher in each of the Place Pick N contests, based upon the official order of finish. The minor share of the net Place Pick N pool shall be distributed to those who selected the first and second-place finisher in the second greatest number of Place Pick N contests, based upon the official order of finish. If there are no wagers selecting the first and second-place finisher in all Place Pick N contests, the entire net Place Pick N pool shall be distributed as a single price pool to those who selected the first and second-place finisher in the greatest number of Place Pick N contests. If there are no wagers selecting the first and second-place finisher in a second greatest number of Place Pick N contests, the minor share of the net Place Pick N pool shall be combined with the major share for distribution as a single price pool to those who selected the first and second-place finisher in each of the Place Pick N contests. If there are no winning wagers, the pool is refunded.
- f) Method 6, Place Pick N with Minor Pool and Carryover: The net Place Pick N pool and carryover, if any, shall be distributed to those who selected the first and second-place finisher in each of the Place Pick N contests, based upon the official order of finish. If there are no wagers selecting the first and second-place finisher in all Place Pick N contests, two-thirds of the net pool (major pool) or one-half of the total gross pool, whichever is greater, shall be distributed as a

single price pool to those who present a valid pari-mutuel wager for that Place Pick N pool and the remaining one-third of the net pool shall be added to the carryover. The minimum pay-off provisions contained in 11 Ill. Adm. Code 405.130 shall not apply when distributing the major pool in this pool calculation.

Section 312.30 Dead Heats

- a) If there is a dead heat for first in any of the Place Pick N contests involving:
 - 1) contestants representing the same betting interest, the Place Pick N pool shall be distributed as if no dead heat occurred.
 - 2) contestants representing two or more betting interests, the Place Pick N pool shall be distributed as a single price pool with each winning wager including each betting interest participating in the dead heat.
- b) If there is a dead heat for second in any of the Place Pick N contests involving:
 - 1) contestants representing the same betting interest, the Place Pick N pool shall be distributed as if no dead heat occurred.
 - 2) contestants representing two or more betting interests, the Place Pick N pool shall be distributed as a single price pool with each winning wager including each betting interest which finished first or any betting interest involved in the dead heat for second.

Section 312.40 Scratches

Should a betting interest in any of the Place Pick N contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the closing of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

Section 312.50 Cancellation of Races

- a) The Place Pick N pool shall be canceled and all Place Pick N wagers for the individual performance shall be refunded if:
 - 1) at least two contests included as part of a Pick 3 are canceled or declared "no contest".

- 2) at least three contests included as part of a Pick 4 or Pick 5 are canceled or declared "no contest".
 - 3) at least four contests included as part of a Pick 6 or Pick 7 are canceled or declared "no contest".
 - 4) at least five contests included as part of a Pick 8 or Pick 9 are canceled or declared "no contest".
 - 5) at least six contests included as part of a Pick 10 or Pick 11 are canceled or declared "no contest".
- b) If at least one contest included as part of a Place Pick N is canceled or declared "no contest", but not more than the number specified in subsection (a), the net pool shall be distributed as a single price pool to those whose selection finishes first and second in the greatest number of Place Pick N contests for that performance. Such distribution shall include the portion ordinarily retained for the Place Pick N carryover but not the carryover from previous performances.

Section 312.60 Carryover Cap

The Place Pick N carryover may be capped at a designated level approved by the State Director of Mutuels so that if, at the close of any performance, the amount in the Place Pick N carryover equals or exceeds the designated cap, the Place Pick N carryover will be frozen until it is won or distributed under Section 312.70. After the Place Pick N carryover is frozen, 100 percent of the net pool, part of which ordinarily would be added to the Place Pick N carryover, shall be distributed to those whose selection finished first and second in the greatest number of Place Pick N contests for that performance.

Section 312.70 Mandatory Distribution

- a) A written request for permission to distribute the Place Pick N carryover on a specific performance may be substituted to the State Director of Mutuels. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.
- b) Should the Place Pick N carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first and second-place finisher in each of the Place Pick N contests, the entire pool shall be distributed as a single price pool to those whose selection finished first and second in the greatest number of Place Pick N contests. The Place Pick N carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

- 1) Upon written approval from the State Director of Mutuels as provided for in subsection (a).
 - 2) Upon written approval from the State Director of Mutuels when there is a change in the carryover cap, a change from one type of Place Pick N wagering to another, or when the Place Pick N is discontinued.
 - 3) On the closing performance of the meet, split meet or successive or intervening race meeting at the same race track.
- c) If, for any reason, the Place Pick N carryover must be held over to the corresponding Place Pick N of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Sate Director of Mutuels. The Place Pick N carryover plus accrued interest shall then be added to the net Place Pick N pool of the following meet on a date and performance designated by the State Director of Mutuels.
- d) With written approval of the Board, the organization licensee may contribute to the Place Pick N carryover a sum of money up to any designated cap.

Section 312.80 Disclosure

The organization licensee may display potential distribution to ticket holders depending on the outcome of the appropriate Place Pick N contest.

Section 312.90 Place Pick Three Pools

- a) The Place Pick Three requires selection of the first and second-place finisher in each of three specified contests.
- b) The net Place Pick Three pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
 - 1) As a single price pool to those whose selection finished first and second in each of the three contests; but if there are no such wagers, then
 - 2) As a single price pool to those who selected first and second-place finisher in any two of the three contests; but if there are no such wagers, then
 - 3) As a single price pool to those who selected the first and second-place finisher in any one of the three contests; but is there are no such wagers, then
 - 4) The entire pool shall be refunded on Place Pick Three wagers for those contests.

- c) If there is a dead heat for first in any of the three contests involving:
 - 1) contestants representing the same betting interest, the Place Pick Three pool shall be distributed as if no dead heat occurred.
 - 2) contestants representing two or more betting interests, the Place Pick Three pool shall be distributed as a single price pool with each winning wager including each betting interest participating in the dead heat.
- d) If there is a dead heat for second in any of the three contests involving:
 - 1) contestants representing the same betting interest, the Place Pick Three pool shall be distributed as if no dead heat occurred.
 - 2) contestants representing two or more betting interests, the Place Pick Three pool shall be distributed as a single price pool with each winning wager including the betting interest which finished first or any betting interest involved in the dead heat for second.
- e) Should a betting interest in any of the Place Pick Three contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalizator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.
- f) If two or three Place Pick Three contests are canceled or declared "no contest", the entire pool shall be refunded on Place Pick Three wagers for those contests.
- g) If one of the Place Pick Three contests is canceled or declared "no contest", the Place Pick Three pool will remain valid and shall be distributed in accordance with subsection (b)(2).

If fewer than two valid betting interests remain, the contest shall be cancelled and all wagers refunded.

- c) In a series of contests where the method of the total accumulated points based on the on-track pari-mutuel payout is used, in the event any contestant is scratched or declared a non-starter by the Stewards that results in the contestants being a valid betting interest in zero contests, all wagers including the scratched contestant shall be refunded. If fewer than two valid betting interests remain, the contest shall be cancelled and all wagers refunded.

- d) In a series of contests where the method of the total accumulated points is used based on the pari-mutuel payout and the contestant is a jockey or driver, if there is a jockey or driver change in any contest and that horse wins the contest (in the context of this Section), then that particular contest in the series shall be cancelled.

The wager shall combine at least 2 races (or legs) and have a maximum of 6 races. The parlay shall not combine bets in the same race. The series of wagers shall be bet on races in chronological order but not necessarily on consecutive contests. The Parlay is not a separate pari-mutuel pool.

Section 319.60 Entries and Fields

In the event any contestant in a coupled entry or field is scratched in the Parlay wager, the remaining contestants in that coupled entry or field shall remain valid betting interests.

EXACTA DOUBLE

Section

320.10	General
320.20	Pool Distribution
320.30	Dead Heats
320.40	Scratches
320.50	Races Cancelled

Section 320.10 General

- a) The exacta double requires the selection of the first two finishers, in exact order, in each of two specified contests.
- b) Exacta double wagers shall be calculated in an entirely separate pool.
- c) An organization licensee offering the exacta double wager may rename the wager so long as the name adopted by the organization licensee remains the same throughout the race meet.
- d) Entries and fields shall be allowed in the exacta double without restriction.
- e) Exacta double wagers shall be considered a feature wager.

Section 320.20 Pool Distribution

The organization licensee may choose to distribute pools in accordance with either subsection (a) or (b). The organization licensee must notify the Board 30 days prior to the beginning of its race meet, of which method it will use to distribute pools under this Section.

- a) The net exacta double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish.
 - 1) As a single price pool to those who selected, in exact order, the first two finishers in each of the two exacta double contests; but, if there are no such wagers, then
 - 2) As a profit split pool to those who selected, in exact order, the first two finishers in either of the two exacta double contests; but, if there are no such wagers on one of those contests, then
 - 3) As a single price pool to those who selected, in exact order, the first two finishers in the one covered exacta double contest; but, if there are no such wagers, then

- 4) The entire pool shall be refunded on exacta double wagers for those contests.
- b) The net exacta double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
 - 1) As a single price pool to those who selected, in exact order, the first two finishers in each of the two exacta double contests; but, if there are no such wagers, then
 - 2) The entire net pool shall be paid as a carryover pool into the next regularly scheduled exacta double race.

Section 320.30 Dead Heats

- a) If there is a dead heat for first in either of the two contests involving:
 - 1) Contestants representing the same betting interest, the exacta double pool shall be distributed as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest.
 - 2) Contestants representing two or more separate betting interests, the exacta double pool shall be distributed as a profit split.
- b) If there is a dead heat for second in either of the two contests involving:
 - 1) Contestants representing the same betting interest, the exacta double pool shall be distributed as if no dead heat occurred.
 - 2) Contestants representing two or more betting interests, the exacta double pool shall be distributed as a profit split.

Section 320.40 Scratches

- a) Should a betting interest in the first half of the exacta double contest be scratched prior to the first exacta double contest being declared official, all money wagered on combinations including the scratched betting interest shall be deducted from the exacta double pool and refunded.
- b) Should a betting interest in the second half of the exacta double contest be scratched prior to the close of wagering on the first exacta double contest, all money wagered on combinations including the scratched betting interest shall be deducted from the exacta double pool and refunded.

- c) Should a betting interest in the second exacta double contest be scratched after the close of wagering on the first exacta double contest, all wagers combining the winning combination in the first exacta double contest with a combination including the scratched betting interest in the second exacta double contest shall be allocated a consolation payoff. In calculating the consolation payoff, the net exacta double pool shall be divided by the total amount wagered on the winning combination in the first exacta double contest and an unbroken consolation price obtained. The unbroken consolation price is multiplied by the dollar value of wagers on the winning combination in the first exacta double contest combined with a combination including then scratched betting interest in the second exacta double contest to obtain the consolation payout. Breakage is not declared in this calculation. The consolation payout is deducted from the net exacta double pool before calculation and distribution of the winning exacta double payout. In the event of a dead heat, the net exacta double pool shall be distributed as a profit.

Section 320.50 Races Cancelled

- a) If either of the exacta double contests is cancelled prior to the first exacta double contest, or the first exacta double contest is declared “no contest”, the entire exacta double pool shall be refunded on exacta double wagers for those contests.
- b) If the second exacta double contest is cancelled or declared “no contest” after the conclusion of the first exacta double contest, the net exacta double pool shall be distributed as a single price pool to wagers selecting, in exact order, the first two finishers in the first exacta double contest. If there are no wagers selecting the winning combination in the first exacta double contest, the entire exacta double pool shall be refunded on exacta double wagers for those contests.

- b) The licensee shall notify the patron, at the time of opening the account, of any rules the licensee has made concerning deposits, withdrawals, cancellations, average daily balance, user fees, interest payments, provisions for closing accounts and any other aspect of the operation of the account. Section 321.20 Account Opening

- a) The licensee may offer to open for its patrons:
 - 1) daily, anonymous accounts, where balances are purged at the end of the day and any remaining balance is available as a voucher;
 - 2) permanent, named accounts that remain open at the end of the day, and that require the patron to provide all pertinent data;
 - 3) permanent, anonymous accounts (i.e. the new type of Cash Card account) that remain open at the end of the day, and for which no customer data is known; and

- b) Any account wagering system shall provide for the account holder's review and finalization of a wager before it is accepted by the licensee.

The request shall contain justification for the distribution, an explanation of the benefit to be derived, and the intended date for the distribution.

- b) Should the Pentafecta carryover be designated for distribution on a specified date in which there are no wagers whose combination finished in correct sequence as the first five betting interests, then the entire pool shall be distributed using the method described in Section 324.20(a).
- c) The Pentafecta carryover shall be designated for distribution on a specified race date only under the following circumstances:
 - 1) Upon written approval from the State Director of Mutuels as provided for in subsection (a); or
 - 2) On the closing date of the meet, split meet or successive or intervening race meeting at the same race track.
- d) If, for any reason, the Pentafecta pool distribution does not take place on the last day of the race meet, the Pentafecta carryover must be held over to the corresponding Pentafecta of a subsequent meet, and the carryover shall be deposited in an interest-bearing account approved by the State Director of Mutuels. The Pentafecta carryover plus accrued interest shall then be added to the net Pentafecta pool of the following meet on a date designated by the State Director of Mutuels.

- b) The advance deposit wagering license application shall include:

In addition, key personnel, persons that have the authority to develop or administer policy or to make discretionary decisions, shall be licensed by the Board.
 - d) An ADW licensee shall utilize or contract with a Board approved and licensed totalisator system.
 - e) An ADW licensee must operate and communicate with the totalisator system in such a way as not to provide or facilitate a wagering advantage based on access to wagering information and methods of processing of wagers by ADW account holders relative to persons who wager at racetracks or off track wagering facilities.

Section 325.30 Advance Deposit Wagering Rules

- a) The ADW licensee shall notify the patron, at the time of opening the account, of any rules the ADW licensee has made concerning deposits, withdrawals, average daily balance, user fees, interest payments and any other aspect of the operation of the account. The ADW licensee shall notify the patron whenever the rules governing the account are changed, such notification occurring before the new rules are applied to the account and including the opportunity for the patron to close or cash-in the account. The patron shall be deemed to have accepted the rules of account operation upon establishing and maintaining a balance on the account.
- b) The ADW licensee reserves the right at any time and for any reason to refuse to open a patron account, to accept a wager, to accept a deposit, or to close an account.
- c) Each account holder shall provide such personal information as the ADW licensee and the Board require by mail, email or on-line application, including an address to which communications are to be delivered. The ADW licensee shall provide each account holder, an account number, username and password to be used by the patron to confirm the validity of every account transaction. Each account holder shall be responsible for keeping his or her username and password confidential and shall be deemed to be aware of the status of that account at all times and responsible for all activity on his or her account. Wagers shall not be accepted that would exceed the available balance of that

account. Any account not updated when a transaction is completed shall be inoperable until the transaction is posted and the account balance updated.

- d) Account deposits may be made in cash, check, money order, credit card, debit card, other electronic fund transfers, or any other means if permitted by the ADW. As allowable by State and Federal law, deposit holding periods will be permitted by the ADW licensee. A receipt for the deposit, in hard copy or electronic format, shall be issued to the account holder, but does not need to reflect the current account balance.
- e) When a customer account is entitled to a payout or refund, monies shall be credited promptly to the respective accounts. The account holder shall verify proper credits and notify the ADW licensee pursuant to the terms of the customer agreement. Unresolved disputes may be forwarded to the Board by the ADW licensee or the account holder. No claim shall be considered by the Board unless submitted in writing and accompanied by supporting evidence.
- f) Account Operation:
 - 1) The ADW licensee must maintain complete records of every deposit, withdrawal, wager and winning payout. These records shall be made available to the Board upon request.
 - 2) For account wagers made by telephone, the ADW licensee shall make a voice or data recording of the entire transaction and shall not accept any wager if the voice or data recording system is inoperable. Voice and data recordings shall be retained for not less than six months and shall be made available to the Board upon request. In the case of a wager made by telephone, the voice or data recording of the confirmation of the transaction shall be deemed to be the actual wager, regardless of what was recorded by the pari-mutuel system.
 - 3) The ADW licensee shall provide for the account holder's review and verification of a wager before it is accepted by the ADW. Neither the account holder nor the ADW licensee shall change a wager after the account holder has reviewed and verified the wager. - g) The ADW licensee may close any account with an insufficient balance or dormancy pursuant to the terms of the customer agreement. The ADW licensee shall refund the remaining balance of the closed account to the account holder.

If the verification process fails, using procedures approved by the Board, the ADW licensee may accept physical proof of age, identity and residency through actual documentation.
- e) The ADW licensee may refuse to establish an account if it is found that any of the information supplied is false incomplete or for any other reason the ADW deems appropriate. An ADW licensee may close accounts for violation of its terms of agreement or any other reason it deems appropriate.
- f) An ADW licensee may cease wagering on any particular race or racetrack.
- g) The account holder shall designate a means of personal identification verification to use to access his or her account.
- h) An ADW licensee shall designate an account number for each account. The ADW licensee shall inform the account holder of the assigned account number and provide a copy of its ADW procedures, terms and conditions as well as any information that pertains to the operation of the account.
- i) The ADW licensee shall comply with Internal Revenue Service (IRS) requirements for reporting and withholding proceeds from advance deposit wagers by account holders and shall send to account holders subject to IRS reporting or withholding a Form W2-G summarizing the information for tax purposes following a winning wager being deposited into an account. Upon

written request, the ADW licensee shall provide account holders with summarized tax information on advance deposit wagering activities.

- j) Only Illinois residents who have accounts with an ADW licensee licensed by the Board may engage in advance deposit wagering.

Section 325.50 Powers of the Board

- a) The Board shall have unrestricted access to all records and financial information of the ADW licensee, including all account information. This information shall be made available to the Board, by the ADW licensee, upon notice from the Board to the extent that disclosure is not expressly prohibited by law. Board access to and use of information concerning wager transactions and ADW customers shall be considered proprietary and shall not be disclosed publicly except as may be required by law. This information may be shared for multi-jurisdiction investigative purposes. An ADW licensee shall report to the Board any known or suspected rule violations by any person involving ADW and cooperate in any subsequent investigations.
- b) The following reports shall be available for inspection by the Board upon request:
 - 1) ADW handle;
 - 2) Reports for taxation purposes;
 - 3) Customer complaints;
 - 4) List of active accounts;
 - 5) List of excluded persons;
 - 6) List of account holders;

 - 8) List of all deposits, withdrawals, wagers and winning payouts.

Section 325.60 Organization Licensee Simulcast Signals and Commission Fees

- a) All advance deposit wagering licensees shall televise or broadcast or display via the internet the simulcast signal of the live racing of all organization licensees and accept wagers on the live racing of all organization licensees.
- b) Advance deposit wagering licensees shall not be permitted to accept out-of-state wagers on any organization licensee's live racing signal without the

approval and consent of the organization licensee providing the signal.

- c) The Board finds that as a means to maximize and support the highest simulcast commission rates charged to out-of-state entities by all organization licensees and therefore maximize revenues to horsemen's purse accounts and organization licensees, and to establish commission and purse splits consistent with existing wagering facility revenue divisions, all organization licensees shall provide their live racing simulcast signal to all advance deposit wagering licensees for a simulcast commission fee not to exceed 8%.
- d) An advance deposit wagering licensee's interstate commission fee shall not exceed 9% except for Grade 1 thoroughbred races and harness races with purses of \$200,000 or more.

Section 325.70 Interstate Simulcast Signals

The Board finds that, as a means of maximizing revenues to the State, horsemen's purses, and organization licensees, the Board may prohibit any advance deposit wagering licensee from receiving a signal from any out-of-state racetrack if it finds that another Illinois advance deposit wagering licensee has been unreasonably denied the same interstate simulcast signal.

Section 325.80 Anti-Competitive Practices

- a) No licensee shall engage in any anti-competitive practices in the process of contracting for the right to receive or send any interstate simulcast signal or wagering on such signal. For the purpose of this Part, anti-competitive practices shall include, but not be limited to:
 - 1) any agreement to pay excessive or unreasonable fees for the right to receive an interstate signal. In determining whether a fee is excessive or unreasonable, the Board shall consider prevailing rates paid for comparable signals in the past, and whether any commonality of ownership or revenue sharing exists, partially or wholly, between the Illinois licensee and the entity receiving the fees; or
 - 2) any agreement, combination, trust or joint enterprise with any other track or entity in which multiple interstate signals are bundled together for the purpose of securing an excessive or unreasonable fee for one or more signals in the group in exchange for the right to receive any of the signals in the group; or
 - 3) any other activity designed to artificially inflate prices beyond reasonable market rates.

- b) Licensees in violation of this Part shall be subject to civil penalties up to \$10,000 per occurrence and/or license suspension or revocation.

PART 326
QUINELLA DOUBLE

Section

326.10	General
326.20	Pool Distribution
326.30	Dead Heats
326.40	Scratches
326.50	Race Cancelled

Section 326.10 General

The Quinella Double requires selection of the first two finishers, irrespective of order, in each of two specified contests.

Section 326.20 Pool Distribution

The net Quinella Double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:

- a) If a coupled entry or mutuel field finishes as the first two contestants in either contest, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest, as well as the first two finishers in the alternate Quinella Double contest; otherwise
- b) As a single price pool to those who selected the first two finishers in each of the two Quinella Double contests; but if there are no such wagers, then
- c) As a profit split to those who selected the first two finishers in either of the two Quinella Double contests; but if there are no such wagers on one of those contests, then
- d) As a single price pool to those who selected the first two finishers in the one covered Quinella Double contest; but if there were no such wagers, then
- e) The entire pool shall be refunded on Quinella Double wagers for those contests.

Section 326.30 Dead Heats

- a) If there is a dead heat for first in either of the two Quinella Double contests involving:
 - 1) contestants representing the same betting interest, the Quinella Double pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest.

- 2) contestants representing two betting interests, the Quinella Double pool shall be distributed as if no dead heat occurred.
 - 3) contestants representing three or more betting interests, the Quinella Double pool shall be distributed as a profit split.
- b) If there is a dead heat for second in either of the Quinella Double contests involving contestants representing the same betting interest, the Quinella Double pool shall be distributed as if no dead heat occurred.
 - c) If there is a dead heat for second in either of the Quinella Double contests involving contestants representing two or more betting interests, the Quinella Double pool shall be distributed as a profit split.

Section 326.40 Scratches

- a) Should a betting interest in the first-half of the Quinella Double be scratched prior to the first Quinella Double contest being declared official, all money wagered on combinations including the scratched betting interest shall be deducted from the Quinella Double pool and refunded.
- b) Should a betting interest in the second-half of the Quinella Double be scratched prior to the close of wagering on the first Quinella Double contest, all money wagered on combinations including the scratched betting interest shall be deducted from the Quinella Double pool and refunded.
- c) Should a betting interest in the second-half of the Quinella Double be scratched after the close of wagering on the first Quinella Double contest, all wagers combining the winning combination in the first contest with a combination including the scratched betting interest in the second contest shall be allocated a consolation payout. In calculating the consolation payout, the net Quinella Double pool shall be divided by the total amount wagered on the winning combination in the first contest and an unbroken consolation price obtained. The unbroken consolation price is multiplied by the dollar value of wagers on the winning combination in the first contest combined with a combination including the scratched betting interest in the second contest to obtain the consolation payout. Breakage is not declared in this calculation. The consolation payout is deducted from the net Quinella Double pool before calculation and distribution of the winning Quinella Double payout. In the event of a dead heat involving separate betting interests, the net Quinella Double pool shall be distributed as a profit split.

Section 326.50 Race Cancelled

- a) If either of the Quinella Double contests is cancelled prior to the first Quinella Double contest, or the first Quinella Double contest is declared "no contest", the entire Quinella Double pool shall be refunded on Quinella Double wagers for those contests.
- b) If the second Quinella Double contest is cancelled or declared "no contest" after the conclusion of the first Quinella Double contest, the net Quinella Double pool shall be distributed as a single price pool to wagers selecting the winning combination in the first Quinella Double contest. If there are no wagers selecting the winning combination in the first Quinella Double contest, the entire Quinella Double pool shall be refunded on Quinella Double wagers for those contests.

In acting upon a request for approval of a substantial change in ownership, the Board shall consider the same factors as it considers in the initial grant of an occupation license to a concessionaire.

Section 402.150 Penalties

- a) The Board may suspend or revoke any occupation license of any concessionaire:
 - 1) for violation of any of the provisions of the Illinois Horse Racing Act of 1975; or
 - 2) for violation of any of the rules or regulations of the Board; or
 - 3) for any cause which, if known to the Board, would have justified the Board in refusing to issue such occupation license; or
 - 4) for any other just cause. [230 ILCS 5/15(d)]
- b) The Board is vested with the power to impose civil penalties of up to \$5,000 against an individual and up to \$10,000 against a licensee for each violation of any provision of the Act, any rules adopted by the Board, any order of the Board or any other action which, in the Board's discretion, is a detriment or impediment to horse racing. [230 ILCS 5/9(l)]

Section 402.160 Political Contributions Prohibited

No concessionaire or officer, director or holder or controller of 5% or more legal or beneficial interest in any concession shall make any sort of gift or contribution of any kind or pay or give any money or other thing of value to any person who is a public official or a candidate or nominee for public office [230 ILCS 5/24(f)].

This account shall include the cost of labor, materials used and expenses incurred in the repair and maintenance of the race track and all the race track and backstretch structures, fixtures and general grounds other than those associated with concession (i.e., restaurant and bar) and parking lot operations. As a general rule, maintenance operations shall be construed as those operations required year-round, as opposed to those operations limited to the period of the racing meeting. For example, the cost of cleaning race track stands is not properly includable in this account as a maintenance expense because the incurrence of such cost is limited to the period of the racing. Therefore, if the cleaning was performed by an employee of the licensee, the related labor cost would be accounted for either as wages of the racing operation or as contractual services of the racing operation if the work was performed by a labor force outside the employ of the licensee. However, if an outside labor force was contracted with to perform a service on a year-round basis, such as the upkeep of the general grounds, the associated cost would be properly accounted for in this account rather than as outside service. (See Account #440)

If total costs of labor, materials used or expenses incurred under certain circumstances require allocation as to amounts applicable to repairs and maintenance, such allocation must be valid and accurate. If the accounting required for such allocation is not reasonable under the circumstances, then the costs in question shall be included in other appropriate accounts herein identified as relating to racing operations.

PART 425
RACE TRACK SECURITY AND CONTRACTING GOALS

Section

- 425.10 Jockey Room and Driver Room Security
- 425.20 Contracting Goals for Organization Licensee or Inter-Track Wagering Licensee
- 425.150 Jockey Room and Driver Room Security (Renumbered)

Section 425.10 Jockey Room and Driver Room Security

The organization licensee shall station a security guard at the entrance and exit of all jockey rooms and drivers rooms one (1) hour prior to the first race of each racing program continuously until one-half (2) hour after the end of the final race of that program has been made official. Where the physical location of the buildings permits the guard to observe both the paddock and the jockeys room or drivers room, the organization licensee will not be required to hire an additional guard in order to comply with this rule.

Section 425.20 Contracting Goals for Organization Licensee or Inter-Track Wagering Licensee

- a) Definitions. For purposes of this Section:
 - 1) "Act" means the Illinois Horse Racing Act of 1975 [235 ILCS 5].
 - 2) "Contract" is an agreement for the provision of goods and services.
 - 3) "Dollar Percentage" is the percentage of the total dollar value of an organization licensee's or inter-track wagering licensee's vendor contracts with minority owned businesses, female owned businesses, or businesses owned by a person with a disability during a calendar year, compared to the total dollar amount of all vendor contracts entered into during that calendar year, except for contracts covered under subsection (b)(2).
 - 4) "Emergency" is a situation in which one or more of the following have occurred or are at imminent risk of occurring:
 - A) Damage or disruption to all or part of an organization or inter-track wagering licensee's operation; or
 - B) Danger to the health, safety, comfort or welfare of patrons or employees.
- b) For each calendar year, the Board shall establish contracting goals, as

defined in subsection (a)(3), for each organization licensee or inter-track wagering licensee, expressed as a dollar percentage as defined in subsection (a)(3). Contracting goals shall be established for minority owned businesses, female owned businesses, and businesses owned by persons with disabilities. Each organization licensee or inter-track wagering licensee shall make every effort to meet the goals established by the Board.

- 1) By November 1 of each calendar year, each organization licensee or intertrack wagering licensee shall submit to the Board proposed contracting goals for the coming calendar year for minority owned businesses, female owned businesses and businesses owned by persons with disabilities. The Board may conduct fact-finding hearings to determine the appropriateness of a proposed contracting goal.
 - 2) When setting the goals for the award of contracts, the Board, in addition to those listed in Section 12.2(b) of the Act, shall not include contracts entered into in response to an emergency.
 - 3) An organization licensee or inter-track licensee may satisfy its goal for the award of contracts, in whole or in part, by counting the total dollar amount of first and second tier subcontracts and purchase orders to businesses certified as vendors under the Business Enterprise for Minorities, Females, and Persons with Disabilities Act [30 ILCS 575] or by any other certifying agency approved by the Board.
- c) *If the Board determines that its goals and policies are not being met by an organization licensee or inter-track wagering licensee, then the Board may, in addition to the remedies listed in Section 12.2(e) of the Act, also recommend remedies for those violations.*
 - d) The Board shall not establish any type of quota in connection with its enforcement of Section 12.2 of the Act.
 - e) By January 31 of each year, *each organization licensee or inter-track wagering licensee shall file with the Board an annual report required pursuant to Section 12.2(c) of the Act.*

Section 432.50 Grounds for Denial of an Application

The Board may deny an application for an occupation license as a totalizator system licensee based on the rules contained in 11 Ill. Adm. Code 502.60 through 502.110. An applicant whose application for a license is denied may request a hearing pursuant to 11 Ill. Adm. Code 204.

Section 432.60 Change of Officers or Directors

Within 15 days after election, appointment or resignation of an officer or director of a licensed totalizator system, the totalizator system licensee shall notify the Board in writing of the identity of each new or resigned officer or director and shall file an amended application for each person.

Section 432.70 License Deemed Personal

The sale or transfer of 25% or more of the equity of a totalizator company shall be considered a substantial change or ownership. In acting upon a request for approval of a substantial change in ownership, the Board shall consider the same factors as it considers in the initial grant of an occupation license to an applicant for a totalizator system license.

Utilities means programs that are provided by computer vendors to perform tasks such as duplication of program tapes, modification of master files, and access to passwords.

Section 433.15 Purpose

This Part is designed to permit the Board to perform its statutory duty to supervise the pari-mutuel wagering system, to collect the taxes prescribed in the Act and to protect the wagering public. To this end, this Part establishes clear lines of responsibility between the organization licensee's pari-mutuel department and the totalizator system licensee and its employees, as well as detailing the duties and responsibilities of the Pari-Mutuel Audit Unit. This Part also requires security and backup procedures.

Section 433.20 Pari-Mutuel Audit Unit

The Pari-Mutuel Audit Unit shall be supervised by the State Director of Mutuels. The Pari-Mutuel Audit Unit is hereby delegated the responsibility of representing the Board in the supervision and verification of the pari-mutuel wagering pool totals for each racing day and for each program, which verification shall be the basis for computing state privilege taxes, organization commissions and purses. The Pari-Mutuel Audit Unit shall also assist the Board and the stewards in investigation of alleged violations of the Act and of the rules of the Board.

Section 433.25 Access to Totalizator and Pari-Mutuel Facility

- a) To accomplish the duties set forth herein, the Pari-Mutuel Audit Unit is given the power to enter, during normal business hours of the organization licensee of the totalizator system licensee, all rooms and facilities on the grounds of the race track used by, or in connection with, the operation of the pari-mutuel department and the totalizator system.

The totalizator system license shall keep the state stewards and the pari-mutuel auditor advised of the efforts to correct such failure. If it is determined that the failure cannot be corrected, the stewards shall order a cancellation of wagering for that program and the refund of affected wagers. The stewards shall have the authority to permit some, or all of the remaining races to be contested as non-wagering exhibitions, having taken into consideration factors such as, but not limited to, the purse, the amount of wagering, and the time required to repair the totalizator system.

- a) An organization licensee, intertrack wagering licensee, intertrack wagering location licensee or totalizator system licensee may petition the Board for permission to effect technological improvements, provided:
 - 1) a written application is first submitted to Board in compliance with 11 Ill. Adm. Code 206.10 describing, in detail, the purpose, nature, and extent of the requested technological changes;
 - 2) actual demonstrations of the technology are presented to the State Director of Mutuels; and
 - 3) a report of the State Director of Mutuels, analyzing and evaluating the actual demonstration submitted to the Board.
- b) If the petition complies with this Section and if the new technology described therein will significantly improve the efficiency, including but not limited to, the speed or accuracy of either the existing wagering system or the Board's pari-mutuel audit function, the Board may approve the implementation of the improvement.

- e) Only the mutuel manager or his designee shall have access to cashed tickets, storage areas for outstanding ticket records, and uncashed ticket records.
- f) Access to magnetic log tapes and the computer log library tapes by the mutuel manager and employees of the Mutuel Department shall be prohibited, except for the computer operator and assistant operator, but this prohibition shall not be interpreted to deny the mutuel manager and his employees access to data generated by such tapes. If the totalizator system licensee does not operate in Illinois continuously, the possession of magnetic log tapes and computer log library tapes shall be retained on the premises of the organization licensee for one (1) year.

SUBPART C: MUTUEL TICKETS

To prevent re-entry in the pari-mutuel system for duplicate cashing, each cashed or refunded ticket shall be marked to indicate that it has been cashed or refunded such as tearing a corner in a manner which will not destroy the identity of the ticket, or by computer imprint.

Section 433.110 Status of Outs Account

The organization licensee shall provide the Pari-Mutuel Auditor, each racing day, with a computer print-out of outstanding tickets cashed during the previous racing day and, at the

 - 2) Any wager at an unmanned terminal with a price of \$250 or less may be cancelled during afternoon host hours, at the option of the holder, without question. Any wager at an unmanned terminal with a price of \$50 or less may be cancelled during evening host hours, at the option of the holder, without question (other than at or within the two minute period before post time).
- b) Wagers with a price exceeding \$500 may only be cancelled with approval of the Mutuel Manager of the organization licensee (e.g., race moved from turf to dirt, late jockey/driver change, late scratch of a horse).
- c) In order to prevent practices detrimental to the public interest, the State Director of Mutuels may, at all terminals, increase or decrease the time period before post time within which wagers may not be cancelled and/or increase or decrease the price of wagers that may be cancelled. Any change in such time periods or wager prices shall be published in the program prior to the affected race.

Section 433.130 Records of Refunds and Cancellations

In all totalizator systems, the seller/cashier shall retain and account for all refunded and/or canceled tickets. These refunded/canceled tickets will be retained by the organization licensee, in the manner prescribed in Section 433.60. In the case of a request for an extension, as detailed in Section 433.60, the tickets shall be retained until all audit tests have been completed and the State Director of Mutuels, or his designee, issues a letter allowing for the disposal of such tickets and records. If a refunded/canceled ticket is not available for inspection then sufficient supporting documentation, i.e., seller/cashier history, shall be available upon request. In no event will a refunded/cashier ticket which has been removed from the tote system by a keyboard entry be accepted by the Pari-Mutuel Audit Unit as a record of payment unless the actual hard copy ticket is presented during the audit or lost bet report.

Section 433.140 Computer Print-Outs

Each organization licensee shall make available to the PMA for inspection and review all computer printouts generated by the totalizator system and shall, upon request, supply the Pari-Mutuel Auditor with copies of such printouts.

Section 433.210 Totalizators

Each organization licensee shall use ticket issuing machines, linked to a computer based totalizator system, that shall:

- a) record the progressive, aggregate, and final total in dollars bet in each pool and on each entry or mutuel field;

Section 433.250 Control of Locking Devices

The locking control switch referred to in Section 433.240 shall be controlled by a Board representative. This switch shall disable all ticket issuing machines from issuing tickets instantaneously. The execution of the locking control switch shall be noted by the ringing of the off bell. It shall be the primary responsibility of the state steward and the secondary responsibility of the mutuel department to assure that "stop betting" occurs. In no event are bets to be accepted or tickets to be cancelled after the related stop betting command has been issued.

Section 433.260 Accounting for Individual Tickets

For the purpose of accounting for individual tickets, each ticket shall be identified by a unique computer generated ticket number.

A list of such authorized individuals shall be maintained by the organization licensee and be made available to the PMA unit. Such individuals, and those persons authorized pursuant to Section 433.25, shall be the only individuals permitted to enter the tote room.

Section 433.295 Fax Machine

Properly operating Fax Machines shall be present in all rooms and facilities used in connection with the operation of a totalizator system.

Section 433.298 Hot-Line Telephone

All totalizator system licensees shall provide hot-line telephones from their rooms to any facility used by another totalizator system licensee for purposes of conducting intertrack wagering.

SUBPART E: TOTALIZATOR SYSTEM: SYSTEM REQUIREMENTS

This Part shall apply to applicants for licenses for county fairs authorized by Section 37-9(a),(n) of the Illinois Horse Racing Act of 1975 (Act) (Ill. Rev. Stat. 1987, ch. 8, par. 37-9(a),(n), as amended by P.A. 85-1170, effective August 12, 1988).

Section 437.20 Application Procedures

All applications shall be filed with the Illinois Racing Board (Board) no later than April 15, 1989. Board personnel shall review the applications for completeness, notify the applicants of any additional material required and the date by which such material must be submitted, within 30 days of the Board's receipt of the application. Board personnel shall inspect the applicant's facilities for compliance with the Board's rules.

Section 437.30 Criteria For Selection

In selecting the county fairs to receive licenses, the Board shall consider the following factors: the financial ability of the applicant to meet the obligations associated with the proposed race meeting, both estimated actual liabilities and contingent liabilities; the quality of the accommodations available for the running of the race (including ability to guarantee the integrity of the race); the accommodations available to the public; the quality/competitiveness of the races (as evidenced by, among other items, purse structure); the potential to maximize revenue to horsemen, the county fair association and the state (as evidenced by, among other items, past attendance figures); the ability to safeguard the interests of the wagering public. Facilities which most closely approximate those required by the Board's rules will be considered to have best attained these standards. The Board will give preference to associations who utilize agents or contractors with demonstrated experience in operating, in whole or in part, race meetings upon which pari-mutuel wagering is conducted

Section 437.40 Board Rules Apply

All provisions of the Act and Subchapters a, b, c, and f of the rules of the Board shall apply to county fair associations and their agents unless the provision of the Act, or rule has been waived by the Board pursuant to Section 9(n) of the Act. The Board shall grant such waivers when it determines that, based upon a preponderance of the evidence, the waiver will not decrease the safety of the race for human and equine participants, compromise the integrity of the race meeting or wagering thereon, or decrease revenue to the state.

If additional information is requested for the purpose of determining an applicant's eligibility or qualifications, the Board shall notify the applicant that he or she shall provide the supplemental information.
- b) Applications may be obtained from the license office at any race track regulated by the Board or from the Board's central office in Chicago or at the Board's website (www.state.il.us/agency/irb).
- c) Applications shall be filed in the licensing office, at the race track where the applicant wishes to participate in a race meeting. Applications may also be filed at the Board's central office, but the applicant shall indicate on the application the race track at which the applicant wishes to participate.

Section 502.20 Complete Application

An application shall not be considered until the application form has been filled out completely, all information requested by the Board has been supplied, and the appropriate license fee has been paid in accordance with 11 Ill. Adm. Code 502.30.

Section 502.30 License Fees

- a) **Occupation Licenses**
All completed applications for an occupation license shall be accompanied by a non-refundable fee of \$25, together with any other applicable information listed in Subpart B or C required by this Part, including but not limited to fingerprint cards and the required fee for fingerprint cards.
- b) **Nonlicensees**
All persons who perform services without an occupation license and are not required to be licensed shall register with organization licensee security prior to entering and leaving a restricted area of the facilities. "Persons who perform services without an occupation license" include, but are not limited to, persons who perform services (physicians, dentists, emergency medical technicians, social workers, substance abuse counselors, etc.) and race track employees (kitchen help, etc.).

Section 502.40 Duration and Extent of Occupation Licenses

- a) Each occupation license shall expire December 31 of each year. Owners otherwise meeting the requirement of Section 502.30 and Subparts B, C, and D

of this Part shall be granted a temporary license pending completion of the full application, which will be valid for 30 days from the date of issuance. Upon expiration of the 30-day temporary license, the owner's occupation license will be suspended pending completion of all licensing procedures.

- b) An occupation license issued at one race meeting during the calendar year shall be valid at any other race meeting regulated by the Board that year provided that the holder:
- 1) is not found to be in violation of the Act or of the rules of the Board;
 - 2) is not convicted of a crime as defined in 502.60;
 - 3) has not had his license or permit suspended or revoked in any other racing jurisdiction; and
 - 4) is qualified to perform the duties required of such applicant, according to Sections 502.120 through 520.790.

If the stewards recommend, based upon Sections 502.60, 502.90, 502.95, 502.100 or 502.104, that a completed application be denied by the Board, they shall issue a ruling to that effect. The applicant may then request a hearing before the Board pursuant to the provisions of 11 Ill. Adm. Code 204. If the applicant does not exhaust these administrative remedies by requesting a hearing within the time specified in 11 Ill. Adm. Code 204.20(c), the stewards' ruling shall become a final decision of the Board, and the applicant shall be ineligible to reapply for a license for the balance of the calendar year from the date of the stewards' ruling.

Section 502.55 Denial of License

The denial of a license by the Board to any applicant has the effect as a ruling for the violation of a rule, and the denial of a license by the Board will continue in effect until such time as the Board shall approve a subsequent application for a license in accordance with the criteria in Sections 502.60 through 502.104.

Section 502.58 License to Participate

SUBPART I: CONFLICTS OF INTEREST

Section 502.800 General Provisions

When an applicant applies for a license in more than one occupation, the Board shall consider whether the holding of such multiple licensing creates the appearance of a conflict of interest (such as, but not limited to, a sudden change in ownership to immediate family members or a change in ownership without adequate consideration). If such appearance is created, the multiple license shall be denied.

Section 502.820 Dual Licensing

- a) A person licensed as a jockey, veterinarian, totalizator employee, or farrier shall not be licensed in any other capacity, unless approved by the Board. The Board shall deny any application for a dual license when it determines that a conflict will exist between the privileges and duties of the two license types.
- b) A person licensed as an owner shall not be licensed as a jockey agent, nor shall any person licensed as a jockey agent be licensed as an owner.
- c) A person licensed as a racing official shall not be licensed in another capacity during the race meeting at which that person is serving as a racing official, except as provided in 11 Ill. Adm. Code 422.60.

Section 502.830 Limitations on License

A groom may be a hotwalker. A trainer may also perform the duties of a groom or hotwalker. An exercise rider may also be a pony person. A harness owner may also groom or hot walk the horse or horses owned by him. However, except for those license categories specifically mentioned herein, no licensee shall act in any capacity other than that for which he is licensed. Thus, for example:

- a) a pony person may not exercise horses if not licensed as an exercise rider.
- b) a groom may not perform the duties of a trainer if not licensed as a trainer.

Section 502.840 Husbands and Wives

Rules pertaining to licensees, and rulings against either a husband or a wife, shall apply equally to the licensee's spouse, unless the Board finds that the continued participation in racing by the affected spouse will not circumvent the intent of the rule or ruling by permitting one spouse to serve in essence as a substitute for a person ineligible to participate in a particular activity. In making such a decision, the stewards and the Board shall consider, but not be limited to, the following: the length of involvement in racing of the affected parties, the economic interdependence of the parties, and the nature of the licenses. However, the spouse of a person suspended for a riding or driving infraction of 10 or fewer days shall not be suspended.

Section 502.850 Transfer of a Horse

The transfer of a horse by a person whose license has been suspended, denied, or revoked to circumvent a rule or ruling shall constitute a violation of these rules.

SUBSTANCE ABUSE

508.30	Breathalyzer Test
508.35	Hearings
508.40	Penalties for Alcohol Abuse

Section 508.10 Purpose

- a) Horse racing is a publicly sponsored sport featuring legalized gambling by members of the general public, which, in turn, generates revenue for the state treasury. The business of horse racing and its participants are pervasively regulated, like liquor and firearms, because of the public interest in close regulatory supervision.
- b) This Part is designed to prevent practices in horse racing that are detrimental to the public interest, to promote the best interests of horse racing, and to cooperate in the establishment of a national substance abuse rule for racing as proposed by the National Association of State Racing Commissioners.
- c) The abuse of chemical substances has become an increasing problem in modern society and could involve upwards of 10% the total population. In racing, as with other sports, the problem of drugs is two-fold:
 - 1) the impact on an individuals ability to perform his duties; and
 - 2) the addiction which may make the individual peculiarly susceptible to bribes or other improper influences.
- d) Horse races are won and lost in fractions of a second. The dulling or alteration of the senses of one driver or jockey in a race endangers the safety, if not the life, of the human and equine participants in the race.
- e) The abuse of chemical substances by participants in racing may have a negative impact on the fairness of the competition, the public's perception of the integrity of the sport, and the outcome of a race.

- f) Part 508 rules provide a systematic administrative framework for the prevention of alcohol and drug abuse by participants in racing. This part provides for the collection of body fluids and their testing for the presence of controlled substances. Additionally, this part will provide a framework for the testing of drivers/jockeys for the presence of alcohol. Part 508 also provides a framework to insure that individuals who are found to abuse alcohol or drugs will seek rehabilitation.
- g) Part 508 is administratively motivated rather than an attempt by the Illinois Racing Board (Board) to enforce the criminal laws. Privacy rights of the participants in racing are balanced against the broad public interest in maintaining the honesty and integrity of the racing industry.
- h) The General Assembly of Illinois has made a specific appropriation for the funding of the Human Substance Abuse Program. Furthermore, this program is not intended to preclude the collection of bodily fluid specimens during a pre-race meeting physical.

Section 508.20 Definitions

"Association grounds" means all areas used by a racing association to conduct a race meeting.

"Civil penalty" means a monetary penalty assessed against a licensee for a violation of Board rules or the Illinois Horse Racing Act of 1975 (Act) (Section 9(l) of the Act, Ill. Rev. Stat. 1985, ch. 8, par. 37-9(l)).

"Confirmed test" means a second analytical procedure has been used to identify the presence of a specific drug or metabolite in a urine specimen.

"Controlled substance" means any substance listed in 21 U.S.C. 812. (21 U.S.C. 812 does not include any later amendments or editions).

"Initial screening" means a sensitive screening which determines the presence of drugs and their corresponding families.

"Inquiry" means an informal hearing conducted by the stewards to determine whether the rules of the Illinois Racing Board or the Act have been violated.

"Laboratory" means an independent testing laboratory contracted by the Board.

"Positive report" means a laboratory report that a controlled substance was present in a urine sample.

"Prescription drug" means any chemical substance which is prohibited by any federal law from being dispensed without a prescription from a licensed physician.

"Stewards" means the steward or stewards representing the Board, the steward or stewards representing the organization licensee, and any other steward or stewards whose duty it shall be to supervise any licensed horse race meeting in Illinois under the jurisdiction of the Board.

Section 508.30 Breathalyzer Test

- a) No Jockey, Driver, Starter, Assistant Starter, or Outrider while on association grounds shall have present within his body any amount of alcohol. Jockeys, Drivers, Starters, Assistant Starters, or Outriders shall, when directed by the stewards, submit to a breathalyzer test. If the results thereof show a reading of more than 0.00 percent of alcohol in the blood, such person shall not be permitted to ride or drive in races on that day. The Board or the stewards shall assess a civil penalty against, or revoke the license of any Jockey, Driver, Starter, Assistant Starter, or Outrider who records a blood alcohol reading of more than 0.00 percent as provided for in Section 508.40.
- b) The stewards shall direct a Jockey, Driver, Starter, Assistant Starter, or Outrider at the race track to take a breathalyzer test if the stewards have either reasonable information or an individualized suspicion that the breathalyzer test of such Jockey, Driver, Starter, Assistant Starter, or Outrider may produce evidence that such individuals are intoxicated. Any Jockey, Driver, Starter, Assistant Starter, or Outrider who fails to submit to a breathalyzer test when requested to do so by the stewards shall be suspended.

Section 508.35 Hearings

A Jockey, Driver, Starter, Assistant Starter, or Outrider who records a blood alcohol reading of more than 0.00 percent or fails to submit to a breathalyzer test may request a hearing before the Board as set forth in 11 Ill. Adm. Code 204. If any individual commits a fourth violation of Section 508.30 wherein his license is revoked, he shall be entitled to a hearing as provided in 11 Ill. Adm. Code 204.

Section 508.40 Penalties for Alcohol Abuse

- a) For the first violation of Section 508.30, the Board or the Stewards shall assess a civil penalty of one hundred dollars (\$100.00).
- b) For the second violation of Section 508.30, the Board or the Stewards shall assess a civil penalty of two hundred fifty dollars (\$250.00).

- c) For the third violation Section 508.30, the Board or the Stewards shall assess a civil penalty of five hundred dollars (\$500.00).
- d) For the fourth violation of Section 508.30, the occupation license shall be revoked. If any individual licensee commits a fourth violation of Section 508.30 wherein his license is revoked, he shall be entitled to a hearing as provided in 11 Ill. Adm. Code 204.

Section 508.50 Licensee Subject to Testing

- a) No licensee shall have present in his or her body, or possess or use on the grounds of any race track any controlled substance or any prescription drug unless the substance was obtained directly, or pursuant to a valid prescription or order, from a licensed physician, while acting in the course of his or her professional practice.
- b) Each licensee at a race track or other facility under the jurisdiction of the Board may be subject to a drug test at any time while within the enclosure of any race track or other facility at the direction of the Stewards or Executive Director or designee if there is individualized suspicion that a licensee is possessing or using any controlled substance or any drug in violation of any federal or State law. This provision notwithstanding, specific categories of occupation licenses are subject to random drug testing pursuant to Section 508.80. Failure to submit to or complete a drug test at the time, location, and manner directed by Board personnel shall constitute a refusal to be tested. Any licensee who fails to submit to or complete a drug test shall be immediately suspended for no more than 30 days and shall not be allowed to participate at any race track under the jurisdiction of the Board until a negative test result is achieved. A licensee's refusal to test shall subject the licensee to the penalties in Section 508.60.
- c) Each specimen received from a licensee shall be divided into two separate parts. One portion designated as the referee sample, shall be available for testing upon the request of the individual who provided the specimen. The referee sample may also be tested by the laboratory with the consent of the individual who provided the specimen. The other portion of the sample shall be known as the laboratory sample and shall be tested by the laboratory. The cost of testing the referee portion shall be borne by the person requesting the additional test.
- d) After the specimen has been taken from a licensee and analyzed by an accredited laboratory approved by the Board, the laboratory shall make a positive test finding. The Board shall consider both the initial test level and confirmatory test level for controlled substances or prescription drugs, pursuant to the Mandatory Guidelines for Federal Workplace Drug Testing (Substance Abuse and Mental Health Services Administration available at <http://www.workplace.samhsa.gov>) when determining a positive for a controlled substance that is included in the federal guidelines.

- e) A confirmed positive for an illegal drug, controlled substance or prescription drug result shall be reported, in writing, to the Stewards. On receiving written notice from the laboratory that a sample has been found positive for an illegal drug, controlled substance or prescription drug, the Stewards shall notify the individual of the test results.
- f) Upon receipt of a notice of positive test finding, the stewards shall conduct an inquiry at which the individual with notice of a positive test finding shall have the opportunity to be heard. Further, any individual with notice of a positive test finding may challenge his or her particular test or test result by having a portion of the sample tested at the laboratory of his or her choice. Any individual contesting the tests or test results may request a hearing before the Board as set forth in 11 Ill. Adm. Code 204.

Section 508.60 Penalties for Substance Abuse

- a) For a licensee's first violation of Section 508.50(a) or (b), the Board or the Stewards shall suspend the offender or assess a civil penalty not to exceed \$1,000. In determining the appropriate penalty, the Board or stewards shall consider the offender's history of rule violations, age and experience, and the potential of the offender's conduct to result in physical harm to the human and equine participants at the race meeting.
- b) For a second violation of Section 508.50(a) or (b), the Board or the Stewards shall suspend the licensee pending his or her completion of a substance abuse treatment program licensed by the Illinois Department of Human Services under 77 Ill. Adm. Code 2055, a state licensed treatment program in another state, or an alternative program approved by the Stewards. If any individual is suspended for a second violation of Section 508.50(a) or (b), he or she shall be entitled to a hearing as provided in 11 Ill. Adm. Code 204.
 - 1) It shall be the responsibility of the licensee to provide the Board with written notice (on forms provided by the Board) of his enrollment, weekly status reports, and a written notice that he or she has successfully completed the program and has been discharged.
 - 2) After a licensee has been discharged from a treatment program, the Board shall require, as a condition of re-licensure, periodic follow-up drug testing within one year from the date of the treatment program discharge, but not to exceed 4 tests per year.
- c) For a licensee's third violation of Section 508.50(a) or (b), his or her license shall be revoked. If any individual's license is revoked for a third violation of Section 508.50(a) or (b), he or she shall be entitled to a hearing as provided in 11 Ill. Adm. Code 204.

Section 508.70 Confidential Test Results

The results of any urine test shall be treated as confidential, except for their use with respect to a ruling issued pursuant to this rule, or any administrative or judicial hearing with regard to such a ruling. Access to the information contained in any Board Laboratory "positive" test report shall be limited to the members of the Illinois Racing Board, the Executive Director and/or his designee and the subject Jockey, Driver, Starter, Assistant Starter or Outrider except in the instance of a contested matter.

Section 508.80 Random Testing

- a) State racing boards and commissions in several states have promulgated regulations that subject racing participants to both breathalyzer and urinalysis tests by randomly selecting participants for such tests. The validity of this type of regulation was recently upheld in *Shoemaker v. Handel*, 3rd Cir. 1986) 795 F.2d 1136, affirming 619 F.Supp. 1089 (D.N.J. 1985).
- b) The Board finds, based on its experience and expertise in the regulation of racing, that random testing for alcohol and controlled substances will maximize the value of tests as a deterrent and will tend to reduce the adversarial nature of the test by treating all Jockeys, Drivers, Starters, Assistant Starters, and Outriders equally.
- c) As a supplement to the substance abuse testing program based upon individualized suspicion (as set forth in Sections 508.30 and 508.50 above), the Board hereby authorizes the limited use by the Stewards of both breathalyzer and urinalysis tests for Jockeys, Drivers, Starters, Assistant Starters, and Outriders who are selected by random. The names of all Jockeys, Drivers, Starters, Assistant Starters, and Outriders who appear on the official program as participants for a given race program for which testing is to be conducted shall be placed in a locked container which shall be secured by the stewards. The stewards for each racing program shall draw from the container the names of not more than five individuals for alcohol and drug testing. The name drawing shall be proximate to race time and a representative of the Jockey's Guild, the Illinois Horsemen's Benevolent and Protective Association, and the Illinois Harness Horsemen's Association shall be invited to attend the drawings and witness the random selections.
- d) The Jockeys, Drivers, Starter, Assistant Starters, and Outriders whose names are drawn at random must provide a urine sample to the stewards or their designee before the last race for that racing program. Any person selected at random who refuses to provide the sample or submit to a breathalyzer test shall be suspended.
- e) No Jockey, Driver, Starter, Assistant Starter, or Outrider shall be required to provide a urine sample on a random selection basis more than three times at a

race meet. If the participant's name is drawn in excess of three times, the stewards shall disregard the selection, return the name to the container, and draw another name.

Section 508.90 Severability

If any portion of these rules pertaining to substance abuse or the application thereof to any person or circumstances is held invalid, such invalidity does not affect other provisions or applications of these rules which can be given effect without the invalid application or provision, and to this end the provisions of these rules pertaining to substance abuse are declared by the Board to be severable.

In thoroughbred racing, no information concerning the claims shall be divulged to anyone other than the racing secretary's staff and the horsemen's bookkeeper until the race has been run. In standardbred racing, the public announcement of claims filed prior to the race shall be permitted. If more than one claim is filed for the same horse, the successful claimant shall be determined by lot by the stewards or their designated representatives.

Section 510.70 Horses under Lien

No person or persons shall enter, or allow to be entered, any horse against which any claim is held, either by mortgage, or lien of any kind without, prior to entering, having filed the written consent of the holder of the mortgage or lien with the racing secretary and horsemen's bookkeeper.

Section 510.80 Affidavit May be Required

Section 510.170 Excusing Claimed Horse

If a horse is excused by the stewards or is declared a non-starter, any claim for the horse is void. However, in harness racing such a horse, in its next start, must race in a claiming race for the same price or less. This rule shall apply for a period of thirty days from the date of the race in which the horse was scratched or declared a non-starter.

Section 510.180 Stable Eliminated by Fire or Other Hazard

If all horses owned by a licensed stable are destroyed by fire or other hazard, such stable shall have claiming privileges under provisions of the claiming authorization as specified under Section 510.240.

The holder of a claiming authorization shall not, by virtue thereof, be entitled to admission to the grandstand, clubhouse, or other spectator facility at prices less than those charged the general public.
- d) An application for claiming authorization may be denied or revoked for any reason that would justify denial, suspension or revocation of an owner's license. Any person whose claiming authorization is denied or revoked shall have the same rights to notice and hearing as an owner whose license is denied, suspended, or revoked.
- e) A holder of a claiming authorization who has not previously been granted an owner's license will be issued an owner's license without payment of any additional fees.

Section 603.30 Foreign Substances and Pharmaceutical Aids Banned

- a) Except as provided in Sections 603.60 and 603.70, no horse participating in a race, or entered to participate in a race and not scratched by the day of the race, shall carry in its body any foreign substance.
- b) No horse participating in a race shall carry in its body any pharmaceutical aids. Although pharmaceutical aids do not contain any pharmacodynamic and/or chemotherapeutic agents, these foreign substances interfere with testing and may mask the presence of other foreign substances.
 - 1) If the laboratory finds a pharmaceutical aid in a post-race test sample of any horses of a trainer, the stewards shall impose a civil penalty not to exceed \$1000.
 - 2) If the presence of the pharmaceutical aid occurred due to the negligence of the veterinarian attending the horse, the veterinarian shall be penalized in addition to, or instead of, the trainer.
- c) Any person who knowingly enters a horse in a race that carries in its body during the race any foreign substance, other than those substances listed in Sections 603.60 and 603.70, shall have his/her license suspended or revoked, and may also be subjected to a civil penalty.

 - 4) A finding by the Board's laboratory of any amount of oxyphenbutazone in the absence of phenylbutazone shall be treated as a Class 4 drug, as

defined in the ARCI Guidelines for Foreign Substances (incorporated by reference in subsection (a)(3)).

- 5) The detection of one or more additional NSAIDs in blood and/or urine constitutes a stacking violation in addition to the violation associated with the detection of each additional NSAID.
 - 6) If the phenylbutazone, flunixin or ketoprofen overage is due to the negligence of the veterinarian attending the horse, the veterinarian shall be subject to the same penalties as are set forth in the ARCI Guidelines for Foreign Substances (incorporated by reference in subsection (a)(3)).
 - 7) Penalties for violations of this Section shall be based on the following criteria:
 - A) previous warnings and rulings for violations of this Section;

Section 603.70 Furosemide

- a) The Board recognizes that Exercise Induced Pulmonary Hemorrhage (EIPH) is almost universal in performance horses. The Board also recognizes that the diuretic furosemide is helpful in the management of the EIPH syndrome, this includes horses that already had a bleeding episode as well as horses that have not yet exhibited the epistaxis. In regulating the race day use of furosemide, the Board has placed strict controls on the dose, route and time the medication is administered. Additionally, Board security personnel monitors these horses during and after the administration. Advances in drug testing techniques permit the Board laboratory to quantitate post-race serum samples for furosemide, providing a thorough regulation of the drug. All of these measures are designed to prevent the misuse of furosemide.
- b) Eligibility for Furosemide Treatment

A horse is eligible to race with furosemide if at least one of the following occurs:

- 1) The horse is on the Illinois Furosemide List and has complied with subsection (c);
- 2) The horse is on the Illinois Bleeder List and has complied with subsection (d);
- 3) The trainer provides the State Veterinarian or his or her designee with evidence that the horse is on the Furosemide List or Bleeder List in another racing jurisdiction. Acceptable evidence shall be a furosemide or bleeder certificate approved by an official veterinarian. The certification date shall be the date shown on the furosemide or bleeder certificate;
- 4) The trainer provides the State Veterinarian or his or her designee with evidence that the horse has been running consistently, up to its last start, with furosemide in other racing jurisdictions as shown on the official past performance lines. Acceptable past performance lines for thoroughbreds and/or quarter horses shall be Equibase and/or Racing Form. Acceptable past performance lines for standardbreds shall be the official past performances of the United States Trotting Association (USTA) or Canadian Trotting Association (CTA) or the eligibility papers. The certification date shall be the earliest available date the horse shows running with furosemide on the official past performance lines. If the past performance lines of a horse show that the horse has been running on and off furosemide in other racing jurisdictions, the horse shall not be permitted to run with furosemide in Illinois, unless the occasions the horse ran without

furosemide were due to rule restrictions imposed on the horse by those particular racing jurisdictions.

c) Furosemide List

Furosemide shall be administered to a horse that is entered to race only after the State Veterinarian has placed the horse on the Furosemide List. In order for a horse to be placed on the Furosemide

List, the following process shall be followed:

- 1) After the horse's licensed trainer and licensed veterinarian determine that it would be in the horse's best interests to race with furosemide, they shall notify the State Veterinarian or his or her designee, using the prescribed form provided by the Board, that they wish the horse to be placed on the Furosemide List.
- 2) The form must be received by the State Veterinarian or his or her designee no later than the time of entry to ensure public notification prior to race participation.
- 3) A horse placed on the Furosemide List must remain on that list until the licensed trainer and licensed veterinarian submit a written request to remove the horse from the list. The request must be made to the State Veterinarian or his or her designee, on the proper form, no later than the time of entry.
- 4) After a horse has been removed from the Furosemide List, the horse may not be placed back on the list for a period of 60 calendar days unless it is determined, in consultation with the State Veterinarian, to be detrimental to the welfare of the horse. If a horse is removed from the Furosemide List a second time in a 365-day period, the horse may not be placed back on the list for a period of 90 calendar days.

d) Bleeder List

- 1) The State Veterinarian shall maintain a Bleeder List of all horses that have demonstrated:
 - A) External evidences of exercise induced pulmonary hemorrhage from one or both nostrils during or after a race or workout, as observed by an official veterinarian.
 - B) Internal evidences of exercise induced pulmonary hemorrhage via endoscopy reported by a licensed practicing veterinarian on a Board approved form.

- 2) Every confirmed bleeder, regardless of age, shall be placed on the Bleeder List and be ineligible to race for the following time periods:
 - A) First incident – 14 days;
 - B) Second incident within a 365 day period – 30 days;
 - C) Third incident within a 365 day period – 180 days;
 - D) Fourth incident within a 365 day period – Barred from racing for its lifetime.
 - 3) For the purposes of counting the number of days a horse is ineligible to run, the day the horse bled is the first day of the recovery period.
 - 4) After the expiration of the barred periods in subsections (d)(2)(A), (B) and (C), a horse must perform a workout, without bleeding, to the satisfaction of the State Veterinarian. Prior to the workout, a blood sample may be collected by the State Veterinarian and sent to the Board laboratory for testing. After the workout, the State Veterinarian may witness an endoscopic examination of the horse to confirm that it has not bled.
 - 5) All horses on the Bleeder List that are eligible to race shall be administered furosemide pursuant to subsection (f).
- e) Furosemide Administration
- 1) All horses on the Furosemide List must be treated with furosemide in order to be permitted to participate in a race. Test results must show a detectable concentration of the drug in the post-race urine sample if a horse is on the Furosemide List.
 - 2) Furosemide shall be administered between 4 hours and 15 minutes and 3 hours and 45 minutes prior to the scheduled post time of the race in which a horse is entered.
 - 3) A Board licensed veterinarian shall administer not less than 150 mg and not more than 500 mg of furosemide by single intravenous injection and shall verify the administration on Board prescribed affidavits no later than one hour prior to the post time for the race for which the horse is entered.
 - 4) The trainer or his or her licensed employee shall witness the furosemide

administration.

- 5) The administration of furosemide may take place in the horse's own stall or in a centralized location.
- 6) Failure to administer furosemide in accordance with subsection (e)(2) may result in the horse being scratched from the race by the Stewards and the trainer may be fined not less than \$200 and not more than \$500.

f) Removal from Bleeder List

- 1) Once a horse is placed on the Bleeder List, it must continue to race with furosemide unless the removal from the list is approved by the State Veterinarian. The State Veterinarian may remove a horse from the Bleeder List upon written request of the trainer if the horse's performance is negatively affected by the use of furosemide or if the horse has an adverse physiological reaction to furosemide.
- 2) Once removed from the Bleeder List, a thoroughbred horse shall be ineligible to participate in a race for a minimum of 30 days. A standardbred horse shall be ineligible for a minimum of 14 days. The ineligibility period shall be counted from the day the State Veterinarian approves the removal of the horse from the Bleeder List. Prior to starting in a race, a horse must participate without furosemide in a qualifying race or perform an official workout without bleeding, to the satisfaction of the State Veterinarian. Prior to the qualifying race or workout, a blood sample may be collected by the State Veterinarian and sent to the Board laboratory for testing. After the qualifying race or workout, the State Veterinarian may witness an endoscopic examination of the horse to confirm that it has not bled.

g) Absence of Furosemide

In the event a horse listed on the furosemide list races without furosemide, the horse shall be disqualified and any purse money earned by the horse redistributed. In addition, the stewards may suspend or fine the trainer and/or veterinarian not less than \$200 and not more than \$1,500.

h) Excessive Use of Furosemide

- 1) The test level for furosemide shall be less than 100 ng/ml in serum or plasma. A horse shall not carry in its body an amount of furosemide greater than or equal to 100 ng/ml in serum or plasma, in conjunction with urine that has a specific gravity of less than 1.010.

- 2) If the laboratory reports an official test sample of furosemide greater than or equal to 100 ng/ml and specific gravity less than 1.010, the trainer shall be subject to the following penalties:
 - A) For a first offense, the trainer shall be fined \$250;
 - B) For a second offense within a 365 day period after the first offense, the trainer shall be fined \$500;
 - C) For a third or subsequent offense within a 365 day period after the first offense, the trainer shall be fined \$1,000 and/or suspended for 15 days and the purse shall be redistributed.
 - 3) When imposing penalties, the stewards shall consider the criteria in Section 603.160(b)(3), (4), (5) and (6).
- i) Trainer's Responsibilities for Horses on the Furosemide List
- 1) The trainer shall be responsible for:
 - A) providing the racing office at the time of entry with accurate information regarding the use of furosemide on horses he/she enters to race;
 - B) providing the information required for furosemide approval of his/her horses to Board staff coordinating the administration of furosemide;
 - C) notifying his/her veterinarian of furosemide horses and the date and times for race day treatment;
 - D) having horses on the furosemide list stabled at the barn and in the stall assigned by the Racing Secretary or his/her designee;
 - E) posting a "Security Stall" sign on the stalls of his/her horses entered to race (see 11 Ill. Adm. Code 436);
 - F) ensuring horses are treated with furosemide on race day at the prescribed time, witnessing the administration of furosemide and guarding the horse until the horse is taken to the paddock (see 11 Ill. Adm. Code 436).
 - 2) The stewards may suspend the trainer or assess a fine of no less than \$200 and no more than \$500 for violation of this subsection (i).
- j) Veterinarian's Responsibilities

- 1) The practicing veterinarian shall be responsible for:
 - A) administering the proper furosemide medication and dose at the proper time to the proper horse.
 - B) providing Board staff, upon request, with any documentation related to horses that are stabled on approved facilities and medication samples and/or paraphernalia used to administer any medication to a horse. Samples and/or paraphernalia may be sent to the Board laboratory for testing.
 - 2) The stewards may suspend the veterinarian or assess a fine of no less than \$200 and no more than \$500 for violations of this subsection (j).
- k) Security
- 1) Each horse racing with furosemide shall be detained in a stall assigned by the Racing Secretary at least 4 hours and 15 minutes before the post time of the race in which it is entered, and shall remain in the stall until taken to the paddock to be saddled or harnessed for the race, except that the stewards may permit horses to leave the “security stall” to engage in exercise blow-outs or warm-up heats.
 - 2) The barn area is a secure area and shall be under the supervision of the Board.
 - 3) No unauthorized person shall approach the security area. If any unauthorized person does approach the security area, a report of the incident is to be made immediately to one of the State Veterinarians, the stewards or a Board investigator.
 - 4) Board staff may direct a veterinarian to take a blood sample immediately prior to the administration of furosemide to be submitted to the Board’s laboratory for analysis.
 - 5) Board staff may collect from a veterinarian the syringe containing any medication about to be administered to a horse for testing at the Board laboratory.
- l) This Section shall apply to all horses entering in and competing in race meetings as defined in Section 3.07 of the Act [230 ILCS 5/3.07], as well as all horses shipping in from other racing jurisdictions, domestic or foreign.

Section 603.75 Environmental Contaminants

The following drugs are recognized as substances that unavoidably become part of the food supply or environment of the horse, or are recognized as substances of human use and addiction and that could be found in the horse due to its close association with humans:

- a) Benzoyllecgonine (a metabolite of cocaine):
 - 1) Each time the laboratory reports benzoyllecgonine in a concentration less than 150 ng/ml in urine the Stewards shall conduct an inquiry. The presence of benzoyllecgonine in the horse shall be considered reasonable cause to order a drug screen on the trainer, groom or any other licensed person who cares for the horse pursuant to 11 Illinois Adm. Code 508.50.
 - 2) Laboratory reports of benzoyllecgonine in a concentration greater than or equal to 150 ng/ml in urine shall be treated as a Class 1 drug, as defined in the Association of Racing Commissioners International Uniform Classification Guidelines for Foreign Substances (incorporated by reference in Section 603.60(a)(3)).

- b) Caffeine:

Laboratory reports of caffeine in a concentration greater than or equal to 100 ng/ml in serum or plasma shall be treated as a Class 2 drug, as defined in the Association of Racing Commissioners International Uniform Classification Guidelines for Foreign Substances (incorporated by reference in Section 603.60(a)(3)).

- c) Theobromine:

Laboratory reports of theobromine in a concentration greater than or equal to 2 mcg/ml in urine or 0.3 in serum or plasma shall be treated as a Class 4 drug, as defined in the Association of Racing Commissioners International Uniform Classification Guidelines for Foreign Substances (incorporated by reference in Section 603.60(a)(3)).

Section 603.80 Possession of Needles, Syringes and Injectables Prohibited

- b) Any person may possess, on the grounds of an organization licensee, any hypodermic syringe or needle for the purpose of administering to himself a

chemical substance provided that a person has notified the state stewards in writing:

- 1) of the possession of such device,
 - 2) of the size of such device, and
 - 3) of the chemical substance to be administered by such device.
- c) No person, except a veterinarian, shall have in his possession on the grounds of an organization licensee, any substance prepared for the purpose of being injected into any animal or human, except as provided in this subsection (c). Any person may possess, on the grounds of an organization licensee, any chemical substance for use on his/her own person, provided that, if such chemical substance is a prescription drug, such person is in possession of documentary evidence that a valid prescription for such prescription drug has been issued to such person.

Section 603.90 Drugs, Chemicals and Prescription Items

- a) No veterinarian or any other person shall have in his or her possession or administer to any horse within any race track enclosure any chemical substance that:
- 1) has not been approved for use on equines by the Food and Drug Administration, pursuant to the Federal Food, Drug and Cosmetic Act (21 USC 301 et seq.) and implementing regulations, without prior written approval from the State Veterinarian and Executive Director or his or her designee;

 - 3) the possession and/or use, on the premises of a facility under the jurisdiction of the Board, of any drug, substance or medication specified in this subsection (a)(3) for which a recognized analytical method has not been developed to detect and confirm its administration, or the use of which may endanger the health and welfare of the horse or the safety of the rider or driver.
- A) Erythropoietin (EPO)

- B) Darbepoietin
 - C) Snake venom
 - D) Snail venom
 - E) Bee Venom
- b) The State Veterinarian and Executive Director or his or her designee shall not give approval under subsection (a) unless the person seeking approval can produce evidence in recognized veterinary journals or by recognized equine experts that the chemical substance has a beneficial, therapeutic use in horses.
- c) No person except a veterinarian shall have in his or her possession within a race track enclosure any prescription drug, except as provided in this Section.
- d) A person may possess a prescription drug for animal use if:
- 1) The person possesses, within the race track enclosure, documentary evidence that a prescription has been issued for the prescription drug;
 - 2) The prescription contains a specific dosage for the particular horse or horses to be treated by the prescription drug; and
 - 3) The horse or horses named in the prescription are in that person's care within the race track enclosure.

Section 603.100 Detention Barn

Every organization licensee shall provide a detention barn where test samples shall be taken under the supervision of the State Veterinarian. The detention barn shall satisfy standards prescribed by the State Veterinarian and shall be approved by the Board. In addition, every organization licensee shall furnish, during racing hours, a guard whose duty shall be to assist Board employees in the detention barn. The guard shall remain on duty until the last specimens have been taken for that racing day. All persons who wish to enter the detention barn area must be a minimum of 16 years old, be currently licensed by the Board and have a legitimate reason for being in the detention barn area.

Section 603.110 Test Samples

- a) The winning horse in every race and any other horse or horses selected at the discretion of the stewards, shall have taken from it test samples.

- b) Any person having the care, custody, and/or control of any horse who shall refuse to submit such horse for test samples shall have his license suspended for not less than 30 days and such horse shall be disqualified.
- c) Test samples shall be taken under the supervision of the State veterinarian by persons appointed by the Board. During the taking of such test samples, the owner or trainer or his/her representative or employee shall be present at all times.
- d) The test samples shall be sealed by the State veterinarian or those under his/her supervision and the evidence of such sealing shall be witnessed by the signature of the owner or trainer or his/her agent or employee.

Section 603.120 Referee Samples

- a) For each horse tested, one portion of the test sample (hereinafter referred to as the "referee sample") shall be preserved by the laboratory. The referee sample shall be available for testing at the request of the owner, trainer or other person charged with a violation of these rules. The referee sample may also be tested by the Board laboratory.
- b) If the owner, trainer or other person charged with a violation of this Section desires to send the referee sample to another laboratory for testing, the cost of shipment and of testing at another laboratory shall be borne by the person requesting the additional tests.
- c) If the owner, trainer or other person charged with a violation of this Section desires additional testing to be performed by the Board laboratory, the cost of the testing shall be borne by the person requesting the additional tests.
- d) Whenever a referee sample is opened, a portion of that test sample shall be preserved by the Board laboratory in case further testing is requested.

Section 603.130 Laboratory Findings and Reports

- a) If the laboratory determines that a foreign substance, or any metabolite thereof, is a constituent in a test sample, the laboratory shall report such determination to the Executive Director of the Board, the stewards and to the state veterinarian.
- b) If the laboratory analysis of a test sample is concluded after the end of a meet in which the test sample was taken, the laboratory shall make its report or finding to the Executive Director of the Board. The Executive Director shall refer such report or finding to the stewards at another race meeting or directly to the Board. In making such referral, the Executive Director shall consider the

location of the trainer, the availability of stewards, and the Board's schedule for hearings.

Section 603.140 Distribution of Purses

- a) The Board recognizes that occasionally post-race specimens do not reach the laboratory within 72 hours nor can all samples be thoroughly analyzed within 72 hours. However, as a convenience to horsemen, all purse money shall be distributed no later than 72 hours after a race, unless the laboratory has issued a report to the stewards pursuant to these rules.
- b) The fact that purse money has been distributed prior to the issuance of a laboratory report shall not be deemed a finding that no foreign substance has been administered in violation of these rules to the horse winning such purse money.
- c) Upon receipt of a positive laboratory report, the stewards or the Executive Director of the Board shall immediately direct that no purse money shall be awarded to the horse in question pending a final determination by the stewards or the Board of the accuracy of the laboratory's report. The stewards or the Executive Director of the Board shall notify the owner, trainer, and any other person having care or custody or control of the horse. If the purse money has been distributed, the stewards or the Executive Director shall order it returned pending determination of the accuracy of the laboratory's report. The stewards or the Executive Director of the Board shall proceed to conduct an inquiry or the Board shall conduct an inquiry or hearing.
- d) If the report of a laboratory is not contested or if the stewards or the Board determine that the laboratory report is accurate, all purse money won by the horse in the race in question shall be forfeited and redistributed among the remaining horses according to their order of finish, except as provided in Section 603.160. No such forfeiture and redistribution shall affect the distribution of pari-mutuel pools.
- e) If no positive laboratory report has been issued to the stewards or the Board within 60 days after the date of a race, the owner of a horse shall become legally entitled to the money in the purse and it shall be conclusively presumed that the conditions precedent to such entitlement have been met. Provided, however, positive laboratory reports issued more than 60 days after the date of a race may be considered by the stewards or the Board as evidence of a rule violation under Sections 603.50, 603.60, or 603.70.
- f) If a positive laboratory report has been issued, whatever remains of that particular test sample shall be retained until all legal proceedings have been concluded.

Section 603.150 Post Mortems

- a) Every horse which suffers a breakdown on the race track in training or in competition, and is destroyed, and every other horse which expires while stabled on the race track under the jurisdiction of the Board, shall undergo post-mortem examination at a time and place acceptable to the official veterinarian to determine the injury or sickness which resulted in euthanasia or natural death, except as provided herein:
 - 1) In the case of breakdowns, an examination of the affected area by a licensed veterinarian in the presence of, and in consultation with, the official veterinarian shall be sufficient; however, test samples shall be required.
 - 2) A post-mortem shall not be required if in the opinion of the State veterinarian a post-mortem is impractical or not necessary; however, test samples shall be required.
 - 3) Post-mortems shall not be required when death is due to fire.
- b) The post-mortem examination required under this Section shall be conducted by a veterinarian employed by the owner or the horse's trainer in the presence of and in consultation with an official veterinarian.
- c) Test samples must be obtained from the carcass upon which the post-mortem examination is conducted and shall be sent to the Illinois Racing Board laboratory for testing for foreign substances and natural substances at abnormal levels. When practical, blood and urine samples should be procured prior to the euthanasia.
- d) The owner of the deceased horse shall make payment of reasonable charges due to the veterinarian employed to conduct the post-mortem examination. The services of the State veterinarian and the laboratory testing of post-mortem samples shall be made available by the Board without charge to the owner.
- e) A record of every such post-mortem shall be filed with the State veterinarian, or with the Board if the race meeting has ended, by the owner's veterinarian within 72 hours of the death and shall be submitted on a form supplied by the Board.
- f) Each owner and trainer accepts the responsibility for the post-mortem examination provided herein as a requisite for maintaining the occupational license issued by the Board.

Section 603.160 Penalties

- a) Any person who administers or conspires to administer any foreign substance to

any horse in violation of this Part shall be subject to a fine and/or license suspension or revocation and the purse money won may be redistributed.

- b) Penalties for violations of this Part shall be based on the following criteria:
 - 1) the nature of the foreign substance; e.g., cough medicine, steroid, narcotic, stimulant, depressant, etc.;
 - 2) the accessibility of the drug; e.g., can be purchased over the counter, only with a prescription, only with a license for controlled substances, cannot be purchased in this country;
 - 3) the age and experience of the violator;
 - 4) whether the violator has ever been the subject of a medication ruling in this or any other racing jurisdiction;
 - 5) what action, if any, was taken by the violator to avoid the violation;
 - 6) the purse of the race.
- c) Any person who violates any provision of this Part for which no specific penalty is provided may be penalized by the stewards or the Board in accordance with the provisions for penalties contained elsewhere in this Chapter or in the Illinois Horse Racing Act of 1975. When imposing penalties, the stewards or the Board shall consider all relevant factors including, but not limited to those specified in this Part.
- d) In harness racing, any trainer suspended for a violation of this Part shall, upon notice of the violation, submit to the Stewards a current stable list on a form provided by the Board.
 - 1) The horses on the stable list shall be placed on the Steward's List unless:
 - A) The owner of each horse on the stable list secures the services of a trainer approved by the Stewards; and
 - B) The approved trainer stables the horses on the stable list on the grounds of an organization licensee for the full term of the penalized trainer's suspension;
 - 2) Horses on the stable list shall be permitted to leave to race in other racing jurisdictions or for medical reasons.
- e) Penalties for Class 4 and 5 drug violations:

- 1) Class 4 as defined in the Association of Racing Commissioners International Uniform Classification Guidelines for Foreign Substances (incorporated by reference in Section 603.60(a)(3)). Except as provided in Sections 603.60 and 603.70, upon finding of a Class 4 substance, the trainer shall be subject to a fine and/or license suspension or revocation and the purse money won may be re-distributed according to the criteria set forth in subsection (e)(3).
- 2) Class 5 as defined in the Association of Racing Commissioners International Uniform Classification Guidelines for Foreign Substances (incorporated by reference in Section 603.60(a)(3)). Except as provided in Sections 603.75 and 603.60(c), upon finding of a Class 5 substance, the trainer shall be subject to a fine and/or license suspension or revocation and the purse money won may be re-distributed according to the criteria set forth in subsection (e)(3).
- 3) In determining a disqualification and purse redistribution under this subsection (e), the Stewards shall use the following criteria:
 - A) A recommendation by the Board veterinarian and/or Board chemist regarding the significance of the concentration of the drug or metabolite present and the estimated withdrawal time.
 - B) A recommendation by industry experts, including equine pharmacologists and equine physiologists, regarding the effect of the drug on the horse in the concentration found and/or estimated withdrawal times.
 - C) Repeat violations of these medication and prohibited substance rules by the same trainer or with respect to the same horse.
 - D) Prior violations of similar rules in other racing jurisdictions by the same trainer or with respect to the same horse.
 - E) The criteria set forth in subsection (b).
- 4) The provisions of this subsection (e) shall be applied retroactively when substantively applicable, including all actions pending before the Board, without regard to when the cause of action accrued; provided, however, that this subsection (e)(4) shall not operate to affect rights of individuals that have fully vested prior to April 23, 2007.

Section 603.170 Veterinarian's Records

- a) All veterinarians licensed by the Board shall maintain records which accurately reflect: all purchases of medication, name of each horse treated, date of the treatment, method of administration, and prescription of medication and name of the trainer. All veterinarians shall also retain duplicate copies of their bills or statements to trainers or owners.
- b) These records shall be retained for at least three years and shall be made available for inspection upon request of the Board or its representative.

Section 603.180 Carbon Dioxide Tests

- a) The Board recognizes that an excess level of total carbon dioxide (TCO₂) in the race horse is considered adverse to the best interests of racing and adverse to the best interest of the horse in that such condition alters its normal physiological state.
- b) Blood samples for TCO₂ levels may be drawn pre-race and/or post-race.
- c) The TCO₂ level in the blood shall be less than 37.0 millimoles per liter, plus the measurement uncertainty of the laboratory analyzing the sample.
- d) In the event a blood sample from a horse contains an amount of TCO₂ that is equal to or exceeds the levels described in subsection (c), the following penalties shall apply:
 - 1) The first time the laboratory reports an excessive TCO₂ level, the trainer shall be fined not less than \$500 and not more than \$1,000, the purse shall be redistributed and the trainer shall be ordered suspended for at least 15 days but not to exceed 60 days. In addition, the horse shall be subject to “early detention” for a period identical to the length of the trainer’s suspension. Early detention in Illinois shall be defined as pre-race guarded quarantine, on the grounds of the Illinois organization licensee, beginning no less than 6 ½ hours prior to the scheduled post time for the horse’s race.
 - 2) The second time the laboratory reports an excessive TCO₂ level in a 365 day period in any jurisdiction, the trainer shall be ordered suspended for at least 30 days but not to exceed 180 days and fined not less than \$1,000 and not more than \$2,500 and the purse shall be redistributed. In addition, the horse shall be subject to early detention in Illinois for a period identical to the length of the trainer’s suspension.
 - 3) For a third or subsequent report of an excessive TCO₂ level in a 365 day period in any jurisdiction, the trainer shall be ordered suspended for at least 60 days but not to exceed 365 days and fined not less than \$2,500

and not more than \$5,000 or 5% of the purse (greater of the two) and the purse shall be redistributed. The horse shall be subject to early detention in Illinois for a period identical to the length of the trainer's suspension. In addition, absent mitigating circumstances, the owner shall be fined \$5,000.

- e) If the levels of TCO₂ are determined to equal or exceed those set forth in subsection (c), and the licensed owner or trainer of that horse contends in writing to the stewards within 24 hours after notification of the results that such levels are physiologically normal for that particular horse, the licensee may, by such writing, request that the horse be held in quarantine. In the event quarantine is requested, the organization licensee shall make guarded quarantine available, for a period of time to be determined by the stewards but in no event more than 72 hours, at the sole expense of the licensee. During any quarantine, the horse shall be re-tested periodically and, although the horse may not race during the quarantine period, it shall be exercised and trained at times prescribed by the organization licensee, consistent with the ability to monitor the horse. The horse will only be fed hay, oats and water during the quarantine period. If the stewards are satisfied, on the basis of the evident facts, the quarantine, and the testing of the horse's blood during the quarantine period, that the level of TCO₂ set forth in subsection (c) is physiologically normal for that particular horse, the stewards shall not order the penalty set forth in subsection (d).
- f) The provisions of Section 603.120 (Referee Samples) shall not apply to blood samples drawn for purposes of carbon dioxide testing. Split sample analyses of TCO₂ must be run in parallel with the official sample at the official laboratory in order to avoid delays in testing that result in lower TCO₂ values as a result of sample degradation.

Section 603.190 Erythropoietin and Darbepoietin Antibody Testing Program

A finding by the Illinois Racing Board Equine Testing Laboratory, or other Board-approved laboratory, that a pre-race or post-race sample taken from a horse entered to start in a race has high titers of antibodies against erythropoietin or darbepoietin, utilizing the anti-recombinant human EPO antibody test, shall establish that the horse is unfit to race in any subsequent race and shall result in the following actions by the Board:

- a) The Stewards shall be notified of the name of the horse for placement on the Stewards' list. The horse shall not be entered or allowed to race in any subsequent race until the horse has tested negative for the antibodies of erythropoietin or darbepoietin. An owner or trainer whose horse has tested positive for high titers of erythropoietin or darbepoietin antibodies may not request the horse be retested until 21 days following the date of the initial positive test.

- b) All requests after the initial positive test for the retesting of a horse shall be in writing and directed to the Stewards, accompanied by a \$50 payment for administrative and testing costs. Following receipt of a timely request for retesting, the presentation of the horse at a permitted racetrack premises in the State of Illinois approved by the Stewards, and the receipt of the \$50 retesting fee, the Stewards shall direct the State Veterinarian to take a blood sample from the horse for the purpose of retesting.
- c) A horse shall not be subject to disqualification from the race, or from any share of the purse in the race, nor shall the trainer of the horse be subject to a penalty based solely upon a finding by the laboratory that the antibody of erythropoietin or darbepoietin was present in the sample taken from that horse.
- d) A horse that tests positive with the anti-recombinant human EPO antibody test remains subject to the requirements of this Section despite being sold or otherwise transferred.
- e) The split sample testing provisions of Section 603.120 shall not be applicable to erythropoietin or darbepoietin antibody testing conducted pursuant to this Section.

Section 603.200 Out of Competition Testing

- a) Any horse on the grounds of a racetrack under the jurisdiction of the Board, or stabled off-track, while under the care or control of a trainer or owner licensed by the Board, is subject to testing for blood and/or gene doping agents, with reasonable notice. This Section does not apply to therapeutic medications approved by the FDA for use in the horse.
- b) Horses to be tested may be selected at random, with probable cause, or as determined by the Board for out of competition testing. The trainer is responsible to have the horse or horses available at a designated time and location (racetrack).
- c) The Board Veterinarian, or any licensed veterinarian or licensed veterinary technician authorized by the Board, may, at any time, take a urine, blood or hair sample from a horse for out of competition testing.
- d) Prohibited substances, practices and procedures are defined as:
 - 1) blood doping agents including, but not limited to, erythropoietin (EPO), darbepoetin, oxyglobin, hemopure, aranesp, or any substance that abnormally enhances the oxygenation of body tissues.
 - 2) gene doping agents or the non-therapeutic use of genes, genetic

elements, and/or cells that have the capacity to enhance athletic performance or produce analgesia.

- e) Cooperation with the Board Veterinarian, or any licensed veterinarian or licensed veterinary technician authorized by the Board, includes:
 - 1) assisting in the immediate location and identification of the horse selected for out of competition testing;
 - 2) providing a stall or safe location to collect the samples;
 - 3) assisting the veterinarian in properly procuring the samples; and
 - 4) obeying any instructions necessary to accomplish the requirements of this Section.
- f) Referee samples will be collected pursuant to Section 603.120.
- g) The Board may suspend, exclude and/or otherwise penalize any licensee or other person who does not fully cooperate with a Board employee or representative while taking action to enforce this Section.
- h) Out of competition samples will be sent to the official laboratory of the Board, or other laboratory as designated by the Board.

Section 603.210 Androgenic - Anabolic Steroids (AAS)

- a) No AAS shall be permitted in test samples collected from racing horses except for endogenous concentrations of the naturally occurring substances nandrolone, boldenone and testosterone at concentrations less than the threshold levels indicated in subsection (b).
- b) Concentrations of these AAS shall be less than the following free (i.e., not conjugated) steroid concentrations in plasma or serum:
 - 1) Boldenone – shall be less than 25 pg/ml for all horses regardless of sex.
 - 2) Nandrolone – shall be less than 25 pg/ml for geldings, fillies and mares. Male horses other than geldings will not be tested.
 - 3) Testosterone – in fillies, mares, and geldings – shall be less than 100 pg/ml.
- c) All other AAS are prohibited in racing horses.
- d) The sex of the horse must be identified to the laboratory on all pre-race and post-race samples.

Early closing events and late closing events shall have not more than two also eligible conditions.

Section 1312.150 Penalties

Any official or track that fails to comply with any provisions of this rule will be fined, suspended or expelled, unless otherwise provided.

Section 1312.160 Excess Entry Fees

- b) In early closing or late closing events, if five or more interests are declared in to start, unless otherwise specified in the conditions, the race must be contested, except when declared off as provided. Stakes and futurities must be raced if one or more horses are declared in to start except when declared off as provided.
- c) In an early closing event, if less horses are declared in than are required to start, and all declarers are immediately so notified, the horse or horses declared in and ready to race shall be entitled to all of the entrance money and forfeits from each horse named.

Section 1312.180 Elimination Heats

- a) In any race where the number of horses declared in to start exceeds 12 on a half-mile track or 16 on a larger track, the race, at the option of the track conducting same stated before positions are drawn, may be raced in elimination

heats. No more than two tiers of horses, allowing eight feet per horse, will be allowed to start in any race.

- b) Where the race is divided, each division must race for at least 75% of the advertised purse. In an added money, early closing event the race may be divided and raced in divisions and each division raced for an equal share of the total purse if the advertised conditions so provide. Extended meetings shall add an additional amount so that each division will race for 75% of the total of the advertised purse and added money. These provisions shall apply to any stake or early closer with a value of \$20,000 or less.
- c) In any stake race or futurity, where the conditions state that the event shall be raced one dash on a race track of less than a mile at an extended pari-mutuel meeting, and where the number of horses declared in to start exceed 12, the race, at the option of the track operator, stated before positions are drawn, may be divided by lot and raced in two elimination divisions with all money winners from both divisions competing in the final. Each division shall race one elimination heat for 20% of the total purse. The remainder of the purse shall be distributed to the money winners in the final.

Section 1312.190 Elimination Plans

- a) Whenever elimination heats are required, or specified in the published conditions such race shall be raced in the following manner unless conducted under another section of this rule. The field shall be divided by lot and the first division shall race a qualifying dash for 30% of the purse, the second division shall race a quarter dash for 30% of the purse and the horses so qualified shall race in the main event for 40% of the purse. The winner of the main event shall be the race winner.
- b) In the event there are more horses declared to start than can be accommodated by the two elimination dashes, then there will be added enough elimination dashes to take care of the excess. The per cent of the purse raced for each elimination dash will be determined by dividing the number of elimination dashes into 60. The main event will race for 40% of the purse.
- c) Unless the conditions provide otherwise, if there are two elimination dashes, the first four finishers in each dash qualify for the final; if three or more elimination dashes, not more than three horses will qualify for the final from each qualifying dash.
- d)
 - 1) The judges shall draw the positions in which the horses are to start in the main event, i.e., they shall draw positions to determine which of the two dash winners shall have the pole, and which the second position; which of the two horses that have been second shall start in third

position; and which in fourth, etc. All elimination dashes and the concluding heat must be programmed to be raced upon the same day or night, unless special provisions for earlier elimination dashes are set forth in the conditions.

- 2) In the event there are three separate heat or dash winners and they alone come back in order to determine the race winner according to the conditions, they will post positions according to the order of their finish in the previous heat or dash.
- e) In any race where the number of horses declared in to start exceeds 12 on a half-mile track or 16 on a mile track, unless other numbers are specified in the conditions, the race, at the option of the track conducting the same, stated before positions are drawn, may be divided by lot and raced in two divisions with all heat winners from both divisions competing in a final heat to determine the race winner. Each division shall race two heats for 20% of the purse each heat. The remaining 20% of the purse shall go to the winner of the final heat.
- f) Whenever elimination heats are required or specified in the published conditions of a stake or futurity, such race may be raced on three heat plan, irrespective of any provisions in the conditions to the contrary, unless such published conditions provide otherwise. That is, the field shall be divided by lot and the first division shall race for 30% of the purse, the second division shall race for 30%, and the horses qualifying in the first and second divisions shall race the third heat for 30% of the purse. If, after the third heat, no horse has won two heats, a fourth heat shall be raced by only the heat winners. The race winner shall receive the remaining 10% of the purse. The number of horses qualifying to return after each elimination heat will be the same as set out in this rule.

Section 1312.200 Overnight Events

Not more than 10 horses shall be allowed to start. No horse shall be entered in more than one event on the same program except where the conditions of the race provide that it shall be contested in two or more heats or dashes.

- a) The entry box shall be opened by the state steward, or his designated representative, at the advertised time. The state steward will be responsible to see that at least one horseman or an official representative of the horsemen is present. Upon request of the racing secretary, 30 minutes prior to the opening of the box, the state steward, or his designated representative, may inform the racing secretary as to the number of horses declared in.
- b) No owner or agent for a horse with a declaration in the entry box shall be denied the privilege of being present. Under the supervision of the state steward, all entries shall be listed, the eligibility checked, preference ascertained, starters

selected, and post positions drawn. If it is necessary to reopen any race, public announcement shall be made at least twice and the box reopened at a definite time.

- c) Such drawings shall be final unless the state steward determines that a horse properly declared was omitted from the race through an error on the part of the track or its agent or employee in which event the race may be redrawn. This provision for a redrawing shall not apply unless the error is discovered prior to the publication of the official program.

Section 1312.220 Substitute Races

Substitute races may be provided for each day's program and shall be so designated. A substitute race shall be used only if regularly scheduled races fail to fill. Entries in all races shall be posted.

Section 1312.230 Drivers

- a) Declarations shall state who will drive the horse and give the driver's colors. Drivers must be named at the time prescribed by the presiding judge at a meeting.
- b) After being named, no driver shall be changed except by permission of the judges. When a nominator starts two or more horses, the judges shall approve or disapprove the second and third drivers.

Section 1312.240 Declaration and Withdrawing

After declaration to start has been made, no horse shall be drawn except by permission of the judges. A fine not to exceed \$500., or suspension, may be imposed for drawing a horse without permission, the penalty to apply to both the horse and the party who violates the regulation.

Section 1312.250 Qualifying Races

At all extended pari-mutuel meetings, declarations for overnight events shall be governed by the following:

- a) A horse that has not raced previously at the gait chosen must go a qualifying race under the supervision of a presiding judge or associate judge and acquire at least one charted line by a licensed charter. To provide complete and accurate chart information on time and beaten lengths, a standard photo-finish shall be in use.
- b) A horse that does not show a charted line for the previous season, or a charted line within its last six starts, must go a qualifying race as set forth in

Subparagraph a. Uncharted races contested in heats or more than one dash and consolidated according to Subparagraph d will be considered one start.

- c) A horse that has not started at a charted meeting by August 1st of a season must go a qualifying race as set forth above in Subparagraph a.
- d) When a horse has raced at a charted meeting during the current season, then gone to meetings where uncharted races may be summarized, including each start and consolidated in favor of charted lines, the requirements of Subparagraph b do not apply.
- e) A horse's finish in a qualifying race for which no purse is offered shall not be used in determination of eligibility for other races.

Section 1312.260 Entry or Coupling (Repealed)

Section 1312.265 Uncoupled Entries

Two or more horses owned wholly, or in part, by the same person or persons, shall be uncoupled wagering interests in any race. A wager on one horse in the "entry" shall be a wager on all horses in the "entry". If a race is split in two or more divisions, horses in an "entry" shall be seeded in separate divisions, but the divisions in which they compete and their post positions shall be drawn by lot. Same owner entries will have least preference in overfilled races.

Section 1312.270 Husband-Wife Entries

In case of husband and wife, no entry shall be received from husband or wife while either is disqualified. Husband and wife, unless legally separated shall be considered a single entity. Any ruling which applies to one shall apply equally to the other. This rule shall not apply in the case of a spouse suspended for a driving infraction or in such other cases, in the discretion of the stewards.

Section 1312.280 Also Eligibles

Not more than two horses may be drawn as also eligibles for a race and their positions shall be drawn along with the starters in the race. In the event one or more horses are excused by the judges, the also eligible horse or horses shall race and take the post position drawn by the horse that it replaces, except in handicap races. In handicap races, the also eligible horse shall take the place of the horse that it replaces in the event the handicap is the same. In the event the handicap is different, the also eligible horse shall take the position on the outside of horses with a similar handicap. No horse may be added to a race as an also eligible unless the horse was drawn as such at the time declarations closed. No horse may be barred from a race to which it is otherwise eligible by reason of its preference due to the fact that it has been drawn as an also eligible. A horse moved into the race from the also eligible list cannot be drawn except by permission of the judges, but the owner or trainer of such a horse shall be notified

that the horse is to race and it shall be posted at the racing secretary's office. All horses on the also eligible list not moved into the race by the time specified by the presiding judge shall be released.

Section 1312.290 Preference

- a) Preference shall be given in all overnight events according to a horse's last previous purse race during the current year. The preference date on a horse that has drawn to race and then scratched is the date of the race from which he was scratched. When a horse is racing for the first time in the current year, the date of the first declaration shall be considered its last race and preference applied accordingly.
- b) Provided, however, that where an overnight race has been re-opened because it did not fill, all eligible horses declared into the race prior to the re-opening shall receive preference, irrespective of the actual preference dates.

Section 1312.300 Stewards' List

- a) A horse that has been placed on the stewards' list at an extended meeting for the reason that it is a dangerous or unmanageable horse, shall not be thereafter accepted as an entry unless removed from said stewards' list by the presiding judge and state steward.
- b) Owners and trainers shall be notified in writing of such action and the reason for such action.
- c) The clerk of the course shall make a note on the eligibility certificate of each such horse showing the date the horse was placed on the stewards' list, the reason therefor and the date of removal if the horse has been removed.

Section 1318.10 Racing Conduct

Although a leading horse is entitled to any part of the track except after selecting his position in the home stretch, neither the driver of the first horse or any other driver in the race shall do any of the following things, which shall be considered violations of driving rules:

- a) Change either to the right or left during any part of the race when another horse is so near him, that in altering his position he compels the horse behind him to shorten his stride, or causes the driver of such other horse to pull him out of his stride;
- b) Jostle, strike, hook wheels, or interfere with another horse or driver;
- c) Cross sharply in front of a horse or cross over in front of a field of horses in a reckless manner, endangering other drivers;
- d) Swerve in and out or pull up quickly;
- e) Crowd a horse or driver by "putting a wheel under him";

- f) "Carry a horse out" or "sit down in front of him," take up abruptly in front of other horses so as to cause confusion or interference among the trailing horses, or do any other act which constitutes helping;
- g) Let a horse pass inside needlessly;
- h) Lay off a normal pace and leave a hole when it is well within the horse's capacity to keep the hole closed;
- i) Commit any act which shall impede the progress of another horse or cause him to "break";
- j) Change course after selecting a position in the home stretch and swerve in or out, or bear in or out, in such a manner as to interfere with another horse or cause him to change course or take back;
- k) Drive in a careless or reckless manner;
- l) Whip under the arch of the sulky; or
- m) Failure to set and maintain a proper pace while driving.

Section 1318.20 Complaints

- a) All complaints by drivers of any foul driving or other misconduct during a heat or dash must be made at the termination thereof, unless the driver is prevented from doing so by an accident or injury. At the conclusion of each heat or dash, every driver shall return in the sulky to the judges' stand to be dismissed by the judges or barrier judge. Any driver desiring to enter a claim of foul or other complaint of violation of the rules must before dismounting indicate to the barrier judge his desire to enter such claim or complaint and forthwith upon dismounting shall proceed to the telephone or judges' stand where and when such claim, objection or complaint shall have been entered and considered.
- b) After being dismissed by the judges or barrier judge, all drivers must return to the paddock and remain there until the race is made official.

Section 1318.30 Disqualification of Entries

- a) If two or more horses are coupled in the betting as an entry and one or more of them is guilty of interference or is disqualified for violation of any portion of this Part (11 Ill. Adm. Code 1318), the other horse coupled as an entry shall also be disqualified if the stewards determine that it improved its finishing position as a direct result of the violation.

- b) In determining the extent of disqualification, the stewards shall disqualify and place the offending horse or horses behind such horses as may have suffered by reason of the violation of the rules.

Section 1318.40 Penalties

In the case of interference, collision, or violation of any part of this rule, the offending horse may be placed behind all the unoffending horses in that heat or dash, and in the event such collision or interference prevents any horse from finishing the heat or dash, the offending horse may be disqualified from receiving any winnings; and the driver may be fined not to exceed the amount of the purse or stake contended for, or may be suspended or expelled.

Section 1318.50 Unsatisfactory Driving

- a) Every heat in a race must be contested by every horse in the race and every horse must be driven to the finish. If the judges believe that a horse is being driven, or has been driven with the design to prevent his winning a heat or dash which he was evidently able to win, or is being raced in an inconsistent manner, or to perpetrate or to aid a fraud, they shall consider it a violation and the driver, and anyone in concert with him, to so affect the outcome of the race or races, may be fined, suspended or expelled. The judges may substitute a competent and reliable driver at any time. The substituted driver shall be paid at the discretion of the judges and the fee retained from the purse money due the horse, if any.
- b) In the event a drive is unsatisfactory due to lack of effort or carelessness, and the judges believe that there is no fraud, gross carelessness, or a deliberate inconsistent drive, they may impose a penalty under this sub-section not to exceed 10 days suspension or a \$100. fine.

Section 1318.60 Driver Substitution

If in the opinion of the judges, a driver is for any reason unfit or incompetent to drive or refuses to comply with the directions of the judges, or is reckless in his conduct and endangers the safety of horses or other drivers in the race, he may be removed and another driver substituted at any time after the positions have been assigned in a race, and the offending driver shall be fined, suspended or expelled. The substitute driver shall be properly compensated.

Section 1318.70 Failure to Finish

If for any cause other than being interfered with, or broken equipment, a horse fails to finish after starting in a heat, that horse shall be ruled out.

Section 1318.80 Improper Conduct

Loud shouting or other improper conduct is forbidden in a race. After the word "go" is given, both feet must be kept in the stirrups until after the finish of the race. Drivers must have both feet in the stirrups when horses are parading to the post and during qualifying races.

Section 1318.90 Use of the Whip

- a) Drivers will be allowed whips not to exceed 4 feet in total length plus a snapper not longer than 6 inches. All whips are subject to inspection and measurement by the Board. Whips shall not be modified and snappers shall not be knotted.
- b) Whipping below the shafts, including but not limited to the stifle area, is prohibited.
- c) The following actions shall considered as excessive and/or abusive:
 - 1) Whipping a horse during a post parade, scoring down, or after the finish of a race, except when necessary to control the horse;
 - 2) Use of the whip as a poking or goading device;
 - 3) Striking any part of the horse under the tail or between the legs;
 - 4) Whipping a horse that is not advancing or out of contention;
 - 5) Causing visible injury; or
 - 6) Use of any object or stimulating device.
- d) Whipping a horse during the race, when it is necessary to control the horse, shall not be considered excessive and/or abusive.
- e) Drivers shall keep a line in each hand from the start of the race until the beginning of the open stretch or the 7/8 mile pole, as applicable. One-handed whipping from the beginning of the open stretch or the 7/8 mile pole to the finish of the race is restricted to elbow and wrist action only. The whipping arm shall not be raised above shoulder height or behind the driver. One-handed whipping shall be prohibited entering the stretch the first time on a 1/2 mile racetrack.

f) Penalties

Penalties for violation of any of the provisions of this Section are as follows:

- 1) 1st offense – minimum fine of \$200 to a maximum of fine of \$500;
- 2) 2nd offense within a 365 day period after the 1st offense – minimum fine of \$400 to a maximum fine of \$1,000;
- 3) 3rd offense within a 365 day period after the 1st offense – minimum fine of \$1,000 and a 7 day suspension;
- 4) For a 4th or subsequent offense within a 365 day period after the 1st offense – minimum fine of \$2,000 and a 10 day suspension.

Section 1318.110 Accidents

In the case of accidents, only so much time shall be allowed as the judges may deem necessary and proper.

Section 1318.120 Use of Hopples

Any person found guilty of removing or altering a horse's hobbles for the purpose of fraud shall be suspended, or expelled. Any horse habitually wearing hobbles shall not be permitted to start in a race without them except by the permission of the judges. Any horse habitually racing free-legged shall not be permitted to wear hobbles in a race except with the permission of the judges. No horse shall be permitted to wear a headpole protruding more than 10 inches beyond its nose.

Section 1318.130 Breaking

- a) When a horse or horses break from their gait in trotting or pacing, their driver shall at once, where clearance exists, take such horse to the inside or outside and pull it to its gait.
- b) The following shall be considered violations of this rule:
 - 1) Failure to properly attempt to pull the horse to its gait.
 - 2) Failure to take to the inside or outside where clearance exists.
 - 3) Failure to lose ground by the break.

- 4) An extended break (i.e., any break in gait that lasts 1/16 mile or more).
- c) If there has been no failure on the part of the driver in complying with sub-sections b(1), b(2), b(3) and b(4), the horse shall not be set back unless a contending horse on its gait is lapped on the hind quarter of the breaking horse at the finish.
- d) The judges may set any horse back one or more places if in their judgment any of the above violations have been committed and the driver may be punished.
- e) If a horse goes offstride during any part of the race, and, in the opinion of the stewards, interferes with any horse or horses, that interference shall constitute a violation. The offending horse shall be placed behind all horses interfered with unless the driver of the horse or horses interfered with failed to exercise reasonable care to avoid the incident.

Section 1318.140 Breaking on Purpose

If, in the opinion of the judges, a driver allows his horse to break for the purpose of fraudulently losing a heat or dash, he shall be liable to the penalties elsewhere provided for fraud and fouls.

Section 1318.150 Call Out Breaks

To assist in determining the matters contained in sections 7.02 and 7.03, (11 Ill. Adm. Code Sections 1307.20 and 1307.30) it shall be the duty of one of the judges to call out every break made, and the clerk shall at once note the break and character of it in writing.

Section 1318.160 Right of Course

Horses called for a race shall have the exclusive right of the course and all other horses shall vacate the track at once, unless permitted to remain by the judges.

Section 1318.170 Penalties

Any violation of any sections of the above rule, unless otherwise provided, may be punished by a fine and/or suspension or by expulsion.

Section 1318.180 Harness Tracks Without a Continuous Hub Rail

- a) In the event a horse or part of the horse's sulky leaves the course, and if, in the opinion of the stewards, that action gives the horse an unfair advantage over the other horses in the race, the horse may be disqualified or placed back one or more positions. In any such disqualification or placing, the horse gaining an

unfair advantage shall be disqualified or place behind the horse or horses effected.

- b) In the event a horse or part of the horse's sulky leaves the course for any reason, it shall be the driver's responsibility to take all reasonable steps to safely re-enter the race course as soon as possible.

Section 1318.190 Open Stretch Racing

- a) With approval of the Board, a track may extend the width of its homestretch up to 10 feet inward in relation to the width of the rest of the racetrack. The criteria for Board approval shall include, but not be limited to, the size of the race track, the length of the homestretch, the necessity for conversion from harness to thoroughbred racing surfaces and rails, and the type of existing rail.
- b) In the event the home stretch is expanded pursuant to subsection (a), the following shall apply:
 - 1) No horse shall pass on the extended inside lane entering the stretch the first time on a 1/2 mile track.
 - 2) The lead horse in the homestretch shall maintain as straight a course as possible while allowing trailing horses full access to the extended inside lane.
 - 3) Horses using the open stretch must first have complete clearance of the pylons. Any horse or sulky running over the pylons and/or going to the inside of the pylons to clear may be disqualified by the Steward.
 - 4) No horse may be driven into the open stretch for the purpose of blocking or impeding a trailing horse. It shall be presumed that a horse that blocks or impedes a trailing horse in the open stretch without advancing on a leading horse is being driven for the purpose of blocking or impeding a trailing horse. Violation of this provision may result in a disqualification, and the driver may be fined.

No horse shall be entered or permitted to start unless duly registered and named through The Registry Office of The Jockey Club (New York).

Section 1413.20 Registration Rules

The rules of The Jockey Club (New York) with respect to the registration of horses shall apply in Illinois.

Section 1413.30 Eligibility

A horse must be eligible to run at time of entry.

Section 1413.40 How Entries are Made

All entries shall be made on forms prescribed by the Board, and all information required on such forms shall be supplied.

Section 1413.42 Number of Entries

- a) A trainer may enter no more than two horses of the same or of separate ownership. When entering two horses of the same ownership, the owner or trainer must express a preference as to which horse will be entered if the number of entries received exceeds the number of horses permitted to start in the race. Two horses of the same ownership may not start to the exclusion of a single entry except when required by the conditions of the race. However, when a trainer enters two horses of separate ownership, for the purpose of eligibility to start, such horses shall be treated as if they were also entered by separate trainers.
- b) This Section shall not apply to stakes and handicap races.

Section 1413.44 48 or 72 Hour Entries

Any horse entered on the overnight entry list shall not be entered in any other race with a 48- or 72-hour entry box without permission of the stewards and shall not be entitled to preference in either of those races.

Section 1413.46 Also Eligibles Under 48 or 72 Hour Rule

Any horse entered on an overnight entry list as an also eligible may be entered in another race with a 48- or 72-hour entry box, and receive preference, provided a scratch is entered at the same time the entry into either entry box is made.

Section 1413.50 Racing Secretary Receives Entries

For all races, except sweepstakes, for which the closing time occurs immediately preceding or during the period of the race meeting, the racing secretary is the person authorized to receive entries and declarations. For races closing at other times, entries and declarations may be made to the racing secretary or general manager or other authorized executive of the race track operator.

Section 1413.60 Supervision of Entries

All entries and declarations for races closing immediately prior to or during the period of the race meeting are under the supervision of the stewards; and all other entries and declarations are under the supervision of the Board.

Section 1413.70 When Entries Close

Entries for all races shall not be closed earlier than the advertised time.

Section 1413.75 Limitation on Purse Increases or Reductions

- a) No purse for any race may be increased or reduced after the purse has been advertised, published or reflected in the conditions without prior approval of the Executive Director of the Board. If approved, the Racing Secretary shall promptly post the change in purse on the public bulletin board in the Racing Secretary's office for the inspection of owners, trainers and the public, and list it in the "overnight sheets".
- b) No purse for any race may be increased or reduced after the first entry is made without prior approval of the Board.

Section 1413.80 Closing in Absence of Conditions

In the absence of conditions of notice to the contrary, all entries to overnight races except handicaps are to be considered as closed not later than 2 p.m. of the day preceding the one on which the race is to be run.

Section 1413.90 Entry by Telegraph

Entries by telegraph are binding if promptly confirmed in writing, but in overnight races said confirmation can have force only in case the name of the horse so entered has been printed on the official program. Failure to confirm in writing a bonafide entry by telegraph may subject the offender to the penalty of being suspended, or fined, in the discretion of the stewards.

Section 1413.100 List of Entries

The racing secretary shall, each day at the advertised closing time for filing entries, prepare a typewritten list to be designated "overnight entries" and immediately post the same on the public bulletin board in the racing secretary's office for the inspection of owners, trainers and the public. Said list of "overnight entries" shall become official 30 minutes after such posting. No change thereafter shall be made therein because of any omissions or inaccuracies except that weights may be corrected upward at any time when improper allowances have been claimed, and in cases where, in the opinion of the stewards, Section 1412.40 (11 Ill. Adm. Code 1412.40) may apply.

Section 1413.110 Limitations on Entries

All entries and declarations made in overnight races are under the supervision of the stewards, and they may, without notice, refuse the entries of any persons, or the transfer of any entries, and they may also in their discretion, limit entries by providing that no horse shall be entered for two races in any one day unless one is a sweepstakes. However, the owner, or trainer or authorized agent who enters the same horse in more than one race on the same day, must declare said horse out of all races, except one, by scratch time of the day said horse is so entered. In any overnight race where a person has entered more than one horse and there are horses on the also eligible list, the owner, trainer, or authorized agent must declare one horse out of said race by the regular scratch time or both horses must start in said race unless excused by the stewards for just reason.

Section 1413.114 Uncoupled Entries

All entries, either same owner or different owner, shall be uncoupled wagering interests in any race. Second part of same owner entries will have least preference in overfilled races. If a race is split into two or more divisions, same owner entries shall be seeded in separate divisions, but the divisions in which they compete and their post positions shall be drawn by lot.

Section 1413.120 Riders Designated

At the time of making entry, the owner, trainer or authorized agent shall designate a jockey only if the jockey named is definitely engaged. If the jockey is not definitely engaged, then an entry shall be made without designating the jockey at the time of entry. Section 1413.131 Carding Purse and Handicap Races

- 1) Exceptions
 - A) The following races must be carded and run with seven or more betting interests:
 - i) Illinois maiden special weights;
 - ii) Illinois claiming races \$20,000 and above;
 - iii) Illinois allowance “one other than” or “other than” and “non-winners of two other than.”
 - B) Illinois conceived and/or foaled stake races must be carded and run with six or more betting interests. If scratches reduce the number of interests in any race to fewer than six, the association may run the race as a non-wagering exhibition and card and run a substitute race for wagering purposes.
- b) Beginning July 1, 2021, the track shall card races pursuant to this subsection. All non-claiming races (including maiden special weights, but with the exception of other maiden races) and claiming races with a claiming value of \$20,000 or more having six or more separate interests must be carded and run. However, if scratches reduce the number of interests in such a race to fewer than six, the association may run the race as a non-wagering exhibition and card and run a substitute race for wagering purposes.

Section 1413.134 Race Fails to Fill

Section 1413.139 Substitute and Extra Races

- a) On or before June 30, 2021, whenever a posted race is cancelled, the Racing Secretary will first use the substitute races listed in the Condition Book and then use the extra races, except for Illinois bred races, for which priority goes to the next listed Illinois bred race and then to an Illinois bred extra race.
- b) Beginning July 1, 2021, the track shall card races pursuant to this subsection. Whenever a posted race is cancelled, the Racing Secretary shall first use the substitute races in the order listed in the Condition Book and then use the extra races in the order listed, except:

- 1) when a feature or handicap race fails to fill, the extra race that can be used as a feature race shall take precedence over the other substitute and extra races;
- 2) when an Illinois conceived and foaled or an Illinois foaled race fails to fill, the substitute Illinois conceived and foaled or Illinois foaled race shall be scheduled if possible;
- 3) when a posted Illinois conceived and foaled or an Illinois foaled race fills, the substitute or extra Illinois race need not be considered in making up other cancelled races;
- 4) when a posted race is split;
- 5) when a substitute or extra race is to be used in the program as a race upon which trifecta wagering is offered.

Section 1413.140 Right to Declare Out

- a) In purse races and overnight handicaps with eight or more interests, owners shall have the right to declare out to that number before the time stipulated by the regulations of the operator on the day of the race. When more than one owner expresses the desire to declare out, the right to declare out shall be determined by lot. Declarations below eight interests may only be made by permission of the Stewards when a note from a licensed veterinarian establishes a medical reason to excuse the horse from the race or when there is a request from the Racing Secretary to fill a different race. The also eligibles shall have the preference to scratch over regularly carded horses.
- b) In purse races and overnight handicaps moved off the turf with more than eight interests, owners shall have the right to declare out to that number before the time stipulated by the regulations of the operator on the day of the race. When more than one owner expresses the desire to declare out, the right to declare out shall be determined by lot. Declarations below eight interests may only be made by permission of the Stewards.
- c) Horses may be scratched out of stake races not later than 45 minutes before post time of the race.

Section 1413.150 Number of Entries

A list of names not to exceed six may be drawn from the overflow entries and listed as eligible to start if originally carded horses are withdrawn. If an also eligible list is prepared, and any regularly carded horses have been excused from a race, a new drawing shall be taken from horses on the also eligible list and order of eligibility and post position shall be determined by the sequence in which they are drawn. If the conditions of a stakes race specify otherwise, those conditions shall govern and this rule shall not apply.

Section 1413.160 Fee to Enter

The entrance to a purse race shall be free, unless otherwise stipulated in its conditions. If the conditions require an entrance fee, it must accompany the entry, except for fee handicaps, when it must be paid at the time of acceptance of the weight allotted.

Section 1413.170 Refunds

Entrance money is not refunded on the death of a horse, or his failure to start.

Section 1413.180 Error in Entry

A person making a wrong entry or nomination is liable for stakes and forfeits under that nomination.

Section 1413.190 Irrevocable Declaration

Declaring a horse out of a race is irrevocable.

Section 1413.200 Notice of Declaration

Until the owner or his authorized agent has given notice to the proper authority either in writing or by telegram, promptly confirmed in writing, no horse shall be considered as struck out of any of his engagements.

Section 1413.210 Entry of Unfit Horse

The owner or trainer of any horse, before making the entry of such horse in any overnight race, must have said horse in condition to race, and if for any reason, said horse is not in such condition, it must be reported to the stewards and secretary.

Section 1413.220 Refusal for Inconsistency

The stewards shall have the authority to order the refusal of entry of any horse or all of the entries of any owner because of inconsistent running of any horse or horses, and the stewards are empowered to make any investigation, formal or informal, to come to a determination and decision in respect thereto. Any such ruling shall be immediately reported, in writing, to the Board by said stewards.

Section 1413.230 Horse Ineligible

- a) No horse is qualified to run in any race unless he is duly entered for that race.

- b) No disqualified horse shall be entered for a race.
- c) No disqualified person shall enter a horse in a race.
- d) In case of husband and wife, no entry shall be received from husband or wife while either is disqualified. Husband and wife, unless legally separated, shall be considered a single entity. Any ruling which applies to one shall apply equally to the other. This rule shall not apply in the case of a spouse suspended for a riding infraction or in such other cases, in the discretion of the stewards.
- e) The burden of proof of qualifications rests upon the individual in whose name the horse is entered.
- f) No horse on the starter's schooling list shall be entered for a race.
- g) No horse on the state veterinarian's list (see Rule #51A) (11 Ill. Adm. Code Section 1403.63) or the steward's list (see Rule #34B) (11 Ill. Adm. Code 1402.165) shall be entered for a race.
- h) No horse shall be started unless he has had a race or an officially clocked workout within the previous 30 days.
- i) A first time starter shall not have less than three officially observed and clocked workouts.
- j) A horse is ineligible if it is not qualified to participate in a specified race under the rules and conditions of that race.

Section 1413.240 Who May Enter

No person not having an interest in a horse, equal at least to the interest or property of any other one person is entitled to enter in a race as the owner.

Section 1413.250 Medical Reasons for Ineligibility

A trainer or owner shall not enter or start, or cause to be entered or started, a horse that:

- a) is not in serviceable, sound racing condition;
- b) has an active tracheostomy;
- c) has been nerved or had cryosurgery performed on a nerve; except that horses that have had a neurectomy or cryosurgery performed on the posterior digital nerve below, and not at, the fetlock of one or more feet may be permitted to race;

- d) is blind or whose vision is seriously impaired in both eyes. A horse blind in one eye may start only if the other eye has normal vision;
- e) does not comply with the rules regarding Coggins tests (see 11 Ill. Adm. Code 1309, 1313, 1424 and 1431).

Section 1413.260 Sweepstakes Entries

Any entry of a horse in a sweepstakes is a subscription to the sweepstakes and the subscriber is liable for stake or forfeit, but should he transfer the entry, he is liable only in case of default of the transferee. Similarly, the vendor of a horse with engagements is liable for stake or forfeit if the engagements are not kept.

Section 1413.265 Receipt for Nomination

It shall be the responsibility of the nominator to any stake or handicap race to confirm telephone nominations or entries with written or faxed copies of the same. No appeal or dispute regarding lost nominations or errors shall be entertained by the stewards without such documented proof.

Section 1413.270 Previous Engagements

If a horse is sold by private sale, or at public auction, the written acknowledgment of both parties is necessary to prove the fact that he was sold with his engagements, but when a horse is sold or claimed out of a claiming race, the horse's engagements are included unless the advertised conditions of the race state specifically to the contrary. A sale, under any circumstances, to a person ruled off, or to a disqualified person, shall have the effect of a declaration of forfeit as if made by the vendor on the date of sale.

Section 1413.280 Transfer of Engagements

Subscriptions and all entries or rights of entry are valid when a horse is sold with his engagements duly transferred; in duly registered partnerships when subscriptions, entries and rights of entries survive in the remaining partners; and when entries under the decedent's subscription have been made previous to the decedent's death by the transfer of the right of entry. No entry, subscriptions, or right of entry under it shall become void on the death of the nominator or subscriber, the engagement or engagements made for the horse following him unless the conditions of the race or races for which he was entered stated otherwise.

Section 1413.290 Transfer of Sweepstakes Engagements

Subscribers to sweepstakes may, before the time fixed for naming, transfer the subscription, but a person making an entry under another subscription when forfeit must be declared by a particular time, shall be considered as having taken the engagement upon himself, and it shall be transferred to his name. Also before the time fixed for closing an entry of a horse in any race may be corrected or another horse may be substituted but a subscription cannot be withdrawn.

Section 1413.300 Jockey Club Certificates

No horse shall be allowed to start unless his Jockey Club Registration Certificate is filed in the office of the racing secretary, with the exception that the stewards may, at their discretion, waive this requirement, if horses are shipped in for sweepstakes, or have been lip tattooed, and otherwise are properly identified.

Section 1413.305 Transfer of Jockey Club Certificate

Commencing with foals of 1960, each racing secretary shall require that all transfers of title be properly recorded in the spaces provided on the reverse side of The Jockey Club Registration Certificate. Any transfers not so recorded will not be recognized and the thoroughbred will be ineligible to start, except that the stewards of the meeting may excuse any horse from this requirement for cause, permitting it to start and providing an opportunity for the owner to meet this requirement.

Section 1413.310 Number of Races in a Day

No horse may be entered for two races in any one day unless one is a sweepstake and in such cases, it must be declared out of one of the races by regular scratch time.

Section 1415.10 Identification of Horses

No horse shall be permitted to start that has not been fully identified. The responsibility in the matter of establishing the identity of a horse, of his complete and actual ownership, shall be as binding on the persons so identifying or undertaking to establish identification as it is on the person having the horse requiring identification. And the same penalty shall apply to them in case of fraud or attempt at fraud. The paddock judge in such instances shall keep a written record of such identification and by whom made.

Section 1415.15 Lip Tattoo or Microchip

No horse will be permitted to start at a pari-mutuel race meeting unless it has been tattooed on the upper lip with an identification number or implanted with an electronic horse identification microchip that accurately identifies the horse and is compliant with the international standards (International Organization for Standardization, ISO Central Secretariat, 1, ch. De la Voie-Creuse, CP 56, CH-1211 Geneva 20 Switzerland, ISO Standard 11784:1996, no later additions or amendments). However, the requirement of a lip tattoo shall not apply to horses entered in stakes races when the horses are fully identified pursuant to Section 1415.10 and when the horses have raced at pari-mutuel race meetings outside of North America.

Section 1415.20 Authority of Starter

Horses are in the hands of the starter from the moment they leave the paddock until the start is made.

Section 1415.30 Jockeys to Dismount

In the case of delay at the post, the starter may permit the jockeys to dismount and the horses be cared for during the delay; otherwise, no jockeys shall dismount.

Section 1415.40 All Horses Parade

All horses shall parade, and under penalty of disqualification, carry their weight from the paddock to the starting post, such parade to pass the stewards' stand. A rider thrown on the way to the post must remount at the point at which he was thrown.

Section 1415.50 Horses Led to Post

The paddock judge may permit a horse to be led to the post with weight up, keeping a reasonable distance from the other horses in the race, and any horse so led must pass the stewards' stand.

Section 1415.60 Starter's Orders

The starter shall give all orders necessary to obtain a fair start.

Section 1415.70 Starter's Assistants

The starter may appoint his assistants who must be licensed by the Board. The starter, or his chief assistant, shall keep records of horses handled, by which assistant, and equipment used if other than the ordinary lead strap.

Section 1415.80 Causes of Delay

- a) Causes of delay, if any occur, shall be reported to the stewards by the starter.

- b) Post parades shall be for a period of 10 minutes unless a different period is approved by the state steward. Persons causing a delay in the post parade may be fined or suspended.

Section 1415.90 Report Presence on Grounds

A horse shall not be qualified to start in any race unless not less than 30 minutes before the time set for the race:

- a) Its presence on the grounds of the operator is reported to the paddock judge;
- b) It is announced to the clerk of the scales as a starter; and
- c) The name of its jockey is given to the latter official.

Section 1415.100 Jockey Fees Paid

No horse shall be allowed to start for any race and no jockey shall be weighed out for any horse until there has been paid or guaranteed the jockey fee or any stake or entrance money due, by the owner in respect to that race, which information shall be supplied by the racing secretary.

Section 1415.110 Licensed Trainer

No horse shall be qualified to start in any race unless in the hands of a licensed trainer.

Section 1415.120 Veterinarians' List

No horse on the veterinarians' list shall be qualified to enter or start.

Section 1415.130 Scratches and Refunds

- a) The Board of Stewards may excuse any horse and order it scratched from a race at any time before the race is actually started.
- b) The operator shall also refund to the owner of such horse the starting fee, if any is required under the conditions of the race.

Section 1415.140 Number of Starters

The number of starters in overnight races shall be limited by the width of the track at the starting post, the maximum number to be determined by the stewards. The number of starters in such overnight races, except handicaps, shall be reduced to the proper number by lot, or by division (also by lot) of the race, at the option of the operator. The division of overnight handicaps shall be made by the racing secretary in his entire discretion.

Section 1415.150 Horse Must Run the Course

Every horse whose starting is obligatory is expected to run the course, unless excused by the stewards, and in case of failure to do so, the stewards may fine or suspend any person responsible therefor.

Section 1415.160 Starting Gate

Except in cases of emergency, a padded starting gate, approved by the Board, shall be used in starting all races.

Section 1415.170 Post Positions

All horses will enter the starting gate in the order of their announced post positions unless otherwise ordered by the starter with the approval of the stewards. Vicious and unruly horses may be placed on the outside of the line.

Section 1415.180 Horse, When a Starter

Where a starting gate is used, no horse entered in any race is classed as a starter unless the starting gate opens in front of him simultaneously with the opening of the gates in front of the other horses at the start of the race. Refusal of a horse to break with his field shall not deem him a non-starter.

Section 1415.190 Failure of Starting Gate

If for any reason the doors in front of any stall in a mechanically or electrically operated gate should fail to open, thereby preventing a horse from starting when the starter dispatches the field, these rules shall apply.

- a) If the conditions for a race include a starting fee, such fee shall be repaid to the owner of the horse prevented from starting in the race through failure of the gates to open.
- b) Where the film patrol is not used, the starter shall make the sole decision on the question of what horse or horses are prevented from starting in a race through failure of the gates to open.
- c) No recall or recall flag shall be used because of the failure of the gates to open.

- d) If in any race less than two horses leave the stalls, the operator shall not be obliged to make payment of purse money to the one horse which finishes, but shall endeavor to re-card the race at the earliest time possible.

Sections 1415.200 Start Without Gate

When a race is started without a gate, there shall be no start until, and no recall after, the assistant starter has dropped his flag in answer to that of the starter.

Section 1415.210 Horse, When a Starter Without a Gate

Where no starting gate is used, a horse entered is a starter when the official starter starts the race.

Section 1415.220 Schooling

Horses shall be schooled to face the barrier under the supervision of the starter or his assistant, who shall designate the horses that are to constitute the schooling list.

Section 1415.260 Inspection of Plating

A representative of the operator shall inspect the plating of each horse as it enters the paddock before the race, record the type of shoes worn on a board provided for that purpose in the paddock and keep a written record for the stewards. Any deficiency in shoeing shall be reported immediately by said inspector to the paddock steward. A trainer or owner shall not enter or start, or cause to be entered or started, a horse that, if plated, is not plated properly, as determined by the paddock blacksmith. If a horse is intended to start without shoes, it must be declared at the time of entry.

Section 1415.270 Change in Course

By permission of the Board, races may be run over a race course other than the one over which they have been announced to be run.

Section 1415.280 Equipment Changes

- a) Permission for a horse to wear blinkers, or to discontinue the use of them, must be approved by the starter before being granted by the stewards. Any request for such a change must be stated at the time of entry.
- b) Permission for a horse to wear blinkers, or to discontinue the use of them, following a winning race may be granted at the discretion of the stewards.

Section 1415.290 Prohibited Equipment

Shoes (racing plates) that have toe grabs with a height greater than 2 millimeters (0.15748 inches) and bends, jar calks, stickers and any other traction devices shall be prohibited on the front shoes of thoroughbred horses while racing or training on all racing surfaces.

Section 1416.5 Disqualification in Race

- a) When clear, a horse may be taken to any part of the course, provided that crossing or weaving in front of any horse may constitute interference or intimidation for which the offending jockey may be disciplined.
- b) A horse crossing in front of another horse so as actually to impede the latter may be disqualified, unless the impeded horse was partly in fault or the crossing was wholly caused by the fault of some other horse or jockey.
- c) If a horse or jockey jostles another horse, the aggressor may be disqualified, unless the impeded horse or his jockey was partly in fault or the jostling was wholly caused by the fault of some other horse or jockey.
- d) If a jockey willfully strikes another horse or jockey, or rides willfully or carelessly so as to injure another horse which is in no way in fault or so as to cause other horses to do so, his horse is disqualified.
- e) When a horse is disqualified under this rule every horse in the same race entered by the same trainer, whether belonging to the same owner or not may also be disqualified at the discretion of the stewards.
- f) Complaints under this rule can only be received from the owner, trainer or jockey of the horse alleged to be aggrieved, and must be made to the clerk of the scales or to the stewards before that jockey has passed the scales. When applicable, the complaint shall be made to the stewards through the outriders

(fast officials). But nothing in this rule shall prevent the stewards taking cognizance of foul riding.

- g) Any jockey against whom a foul is claimed shall be given the opportunity to speak with the stewards before any decision is made by them.
- h) A jockey whose horse has been disqualified or an owner, trainer or jockey who complains frivolously that his horse was crossed or jostled, may be fined or suspended.

Section 1416.10 Foul Riding

If the stewards at any time are satisfied that the riding of any race was intentionally foul or that any jockey was instructed or induced to so ride, all persons guilty of complicity shall be suspended and the case shall be reported to the Board for such additional action as they may consider necessary.

Section 1416.20 Leaving Course

If a horse leaves the course, he must turn back and run the course from the point at which he left it.

Section 1416.30 Division of Purse in Dead Heat

In races where a dead heat occurs for first, second, third or fourth places, there shall be no runoff for the purse money, and prizes shall be equally divided among those engaged in dead heats.

Section 1416.40 Dead Heat for First Place

Each horse which runs a dead heat for first place in a race shall be deemed a winner of that race, and shall be liable, as such winner, to any disability or penalty attaching to same, but only in the amount of winnings actually received.

Section 1416.50 Official Records of Horse

If a horse winning a race equals or betters a track record and is disqualified, the record will be recognized as a track record unless the horse was disqualified for being stimulated. This track record shall be noted with an asterisk which will reveal that the horse was disqualified at the time it established the record.

Section 1416.60 Walkover

- a) If only one horse shall have weighed out, that horse shall be ridden past the judge's stand and go to the post, and shall then be deemed the winner.

- b) In sweepstakes, even if all the horses but one have declared forfeit, that horse must walkover except by the written consent of all the persons who pay forfeit.
- c) In case of a walkover, one-half of the money offered to the winner is given.
- d) When a walkover is the result of arrangements by owners or horses engaged, no portion of the added money nor any other prize need be given.

Section 1416.70 Value of Race

- a) The value of a race to the winner shall be estimated by deducting the amount of the winner's stake (if any) and by deducting the money payable to other horses or to any person out of the stakes or out of the added value. Entrance money to purses and entrance money going to the operator shall also be deducted.
- b) The value of prizes not in money will not be estimated in the value of the race.
- c) In estimating the value of a series of races in which an extra sum of money is won by winning two or more races, the extra sum shall be estimated in the last race by which it was finally won.
- d) Foreign winnings shall be estimated on the basis of the current rate of exchange.

Section 1416.80 Surplus

In all races, should there be any surplus from entries, or subscriptions over the advertised value, it shall be paid to the winner, unless stated by the conditions to go to other horses in the race.

Section 1416.90 Winnings

Winnings during the year shall include the winnings from the first of January preceding to the time appointed for the start, and shall apply to winnings to any country and winnings shall include dividing, walking over, or receiving forfeit.

Section 1416.100 Winnings in One Race

Winning of a fixed sum is understood to be winning it in one race, unless specified to the contrary.

Section 1416.110 Winner a Walkover

Any money or prize which by the conditions is to go to the horse placed second, or in any lower place in the race, shall, if the winner has walked over, or no horse has been so placed, be dealt with as follows:

- a) If part of the stake, it shall go to the winner; or
- b) If a separate donation from the operator, or any other source, it shall not be given at all; or

Section 1416.140 Horse Ridden Out

Every horse in every race must be ridden so as to finish as near as possible to first, and show the best and fastest race it is capable of at that time and shall not be eased up or coasted, even if it has no apparent chance to win first, second, third or fourth prize, so that the record of that race may, as truly as possible, show its real ability.

- b) A ruling or recommendation of the stewards shall be presumed correct and the election of a party who is the subject of the same to forego an appeal during the prescribed time period, may be considered by the Board as a waiver of the rights here provided and an admission that said ruling or recommendation is correct and should be affirmed.

(ADA) and specifically Section 35.107 of the Title II regulations, 28 CFR Part 35, requiring that a grievance procedure be established to resolve grievances asserted by qualified individuals with disabilities. Should any individual desire to review the ADA or its regulations to understand the rights, privileges and remedies afforded by it, please contact the Designated Coordinator.
- b) In general, the ADA requires that each program, service and activity offered by the Illinois Racing Board (Board), when viewed in its entirety, be readily accessible to and usable by qualified individuals with disabilities.
- c) It is the intention of the Board to foster open communication with all individuals requesting readily accessible programs, services and activities. The Board encourages supervisors of programs, services and activities to respond to requests for modifications before they become grievances.

“Qualified individual with a disability” means an individual with a disability who, with or without reasonable modifications to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the Illinois Racing Board.

Section 1625.30 Procedure

- a) Grievances must be submitted in accordance with the steps and time limits set forth in Sections 1625.40 and 1625.50. It is mutually desirable and beneficial that grievances be satisfactorily resolved in a prompt manner. Time limits established in this procedure are in calendar days, unless otherwise stated, and may be extended by mutual agreement, in writing, by the complainant and the reviewer, at the Designated Coordinator and Final Levels described in Section 1625.50.
- b) A complainant's failure to submit a grievance, or to submit or appeal it to the next level of procedure within the specified time limits, shall mean that the complainant has withdrawn the grievance or has accepted the last response given in the grievance procedure.
- c) The Board shall, upon being informed of an individual's desire to file a formal grievance, instruct the individual how to receive a copy of this procedure and the Grievance Form.

Section 1625.40 Designated Coordinator Level

- a) If an individual desires to file a formal written grievance, the individual shall promptly, but no later than 180 days after the alleged discrimination, submit the grievance to the Designated Coordinator in writing on the Grievance Form prescribed for that purpose. The Grievance Form must be completed in full in order to receive proper consideration by the Designated Coordinator.
- b) Upon request, assistance shall be provided by the Board to complete the Grievance Form.
- c) The Designated Coordinator, or his/her representative, shall investigate the grievance if the grievance is found to be valid and shall make reasonable efforts to resolve it. The Designated Coordinator shall provide a written response to the complainant and Executive Director within 15 business days after receipt of the Grievance Form.

Section 1625.50 Final Level

- a) If the grievance has not been resolved at the Designated Coordinator Level to the satisfaction of the complainant, the complainant may submit a copy of the Grievance Form and Designated Coordinator's response to the Executive Director for final review. The complainant shall submit these documents to the Executive Director, together with a short written statement explaining the reasons for dissatisfaction with the Designated Coordinator's written response, within 15 business days after receipt by the complainant of the Designated Coordinator's response.
- b) Within 15 business days the Executive Director shall appoint a 3-member panel to review the grievance at the Final Level. One member so appointed shall be designated chairman. The panel shall schedule a review of the grievance, which shall commence no later than 15 business days after the last member of the panel is appointed.
- c) The complainant shall be afforded an opportunity to appear before the panel. Complainant shall have a right to appoint a representative to appear on his/her behalf. The panel shall review the Designated Coordinator's written response and may conduct interviews and seek advice as it deems appropriate.
- d) Upon reaching a concurrence, but not later than 15 business days after the review described in subsection (b), the panel shall make recommendations in writing to the Executive Director as to the proper resolution of the grievance. All recommendations shall include reasons for such recommendations and shall bear the signatures of the concurring panel members. A dissenting member of the panel may make a recommendation to the Executive Director in writing and shall also sign the recommendation.

- e) Within 15 business days after receipt of recommendations from the panel, the Executive Director shall approve, disapprove or modify the panel recommendations, shall render a decision on those recommendations in writing; shall state the basis for his or her decision; and shall cause a copy of the decision to be served on the parties. The Executive Director's decision shall be final. If the Executive Director disapproves or modifies the panel's recommendations, the Executive Director shall include written reasons for such disapproval or modification.
- f) The Grievance Form, the Designated Coordinator's response, the statement of reasons for dissatisfaction, the recommendations of the panel, and the decision of the Executive Director shall be maintained in accordance with the State Records Act [5 ILCS 160], or as otherwise required by law.

Section 1625.60 Accessibility

The Board shall ensure that all stages of the grievance procedure are readily accessible to and usable by individuals with disabilities.

Section 1625.70 Case-by-Case Resolution

Each grievance involves a unique set of factors that includes but is not limited to: the specific nature of the disability; the essential eligibility requirements, the benefits to be derived, and the nature of the service, program or activity at issue; the health and safety of others; and whether an accommodation would constitute a fundamental alteration to the program, service or activity or undue hardship on the Board. Accordingly, termination of a grievance at any level, whether through the granting of relief or otherwise, shall not constitute a precedent on which any other complainants should rely.
