THE YEAR 2001 IN REVIEW

The Illinois Racing Board is a regulatory and enforcement agency of State Government. The Illinois General Assembly established a public policy in the area of horse racing regulation which is then administered by the Board. The Board, which allocates race dates to various racing associations, is also responsible for licensing, rulemaking, and supervising the conduct of race meets. A staff of administrative, security, and veterinary professionals, in conjunction with Board approved racing officials, supervised the activities at six tracks conducting pari-mutuel racing in Illinois during 2001.

The Board is a member of the Association of Racing Commissioners International (ARCI). The Board Commissioners, as well as staff members, are active participants on various ARCI committees. The information contained in the ARCI database allows the Board to monitor the backgrounds of licensees and to exchange important regulatory and industry information with other jurisdictions.

The licensing division of the Board continued to emphasize customer service. Every individual that participates in Illinois racing is required to be licensed. The licensing process includes fingerprinting as well as the conduct of a background review for criminal histories. For calendar year 2001, the Board issued 10,942 licenses.

The 716 race programs conducted during 2001 resulted in a total handle of \$1,105,692,484 representing an increase of less than 1% compared to 2000. Thoroughbred meets accounted for \$706,978,417, an increase of less than 1%, while standardbred meets contributed \$398,714,067, also an increase of less than 1%. For calendar year 2001, 33% or \$367,053,388 of the total handle was wagered on Illinois races. An additional \$744 million, an increase of almost 16%, was wagered on Illinois races in other states. This marks the first time since full-card simulcasting began in 1995 that other states wagered more on

Illinois races than Illinois wagered on other states. Pari-mutuel racing in Illinois generated \$11.4 million for local governments from off-track parlors in 2001.

Several announcements were made in 2001, most notably the resignation of Executive Director Jack Kubik and the awarding of the 2002 Breeders' Cup World Thoroughbred Championships to Arlington Park. Mr. Kubik was appointed the Board's Executive Director by Governor George Ryan in March of 1999. IRB Deputy Director Marc Laino was appointed Interim Executive Director by Chairman Ralph Gonzalez.

Officials of the Breeders' Cup and the National Thoroughbred Racing Association announced on December 3rd that the 19th Breeders' Cup, consisting of eight races with purses and awards totaling \$13 million, will be run on Saturday, October 26, 2002 at Arlington Park and will be televised live by NBC Sports.

Each Illinois racetrack is entitled to receive up to six OTB licenses, except Fairmount Park which is entitled to seven licenses, bringing the statewide total to 43 authorized facilities. The Board granted 22 off-track licenses in 2001. Two new OTB's were opened in 2001. Fairmount Park opened an OTB facility in Sauget, Illinois on February 12th and Hawthorne Race Course opened an OTB facility in Romeoville, Illinois on April 30th.

Total purses paid, including all supplements, decreased in 2001 compared to 2000 by 3%. The average total daily purses paid at the Chicagoland thoroughbred tracks were up almost 2% (\$262,662) while the standardbred tracks saw a decrease of almost 6% (\$103,181) in average daily purses.

In 2001, Arlington Park constructed three new barns and upgraded their backside dormitories. Sportsman's Park completed numerous improvements to their facility including remodeling of the third floor grandstand. Hawthorne Race Course installed a new light-

ing system for the main track and a new rail for the turf course. Fairmount Park completed several improvements to both the frontside and backside including the construction of manure bunkers.

In 2001, Balmoral Park remodeled their grandstand, including the construction of sky-box suites, and refurbished several barns on the backside. Maywood Park also remodeled their grandstand including the remodeling of the exterior of the clubhouse.

Legislation enacted in 2001 addressed the issue of nighttime simulcast purse revenues when Fairmount Park only conducts thoroughbred racing. 80% of purse revenues derived from nighttime simulcasts shall be paid to its thoroughbred purse account and 20% shall be deposited into the Illinois Colt Stakes Purse Distribution Fund, and shall be paid to purses for harness races for ICF horses conducted at any county fairgrounds.

Several IRB rule changes were adopted during 2001, the most noteworthy being amendments to medication rule 603.70, Furosemide, effective December 1, 2001. The Board has sanctioned the use of furosemide (Lasix), as a race day medication, for the past 21 years. Furosemide is strictly monitored by both pre-race and post-race procedures. Periodically, the furosemide rules are updated to reflect current standards of practice and knowledge. The adopted changes concern only how horses are certified to race on furosemide in Illinois. The amended rule recognizes the fact that the trainer of the horse may be the one most familiar with the horse's health and the use of furosemide, as a precautionary measure prior to an actual bleeding episode, conforms to the standards of modern procedure and scientific knowledge.

There were two personal milestones to note in Illinois racing in 2001. Driver Dave Magee was inducted into the National Harness Racing Hall of Fame in Goshen, New York and jockey Earlie Fires was inducted into the National Thoroughbred Racing Hall of Fame in Saratoga Springs, New York. Through 2000, Magee won 8,617 races with earnings of \$64.8 million and Fires won 6,136 races with earnings of \$77 million.

MINI ME was voted the Illinois Harness Horse of the Year for the year 2001. A winner in 10 of his 12 starts, he was bred by Fox Valley Standardbreds, owned by Robert and Linda Grider and Roger and Dawn Samson, trained by Roger Welch, and driven by Dave Magee. Among his victories in 2001 was the \$350,000 Orange and Blue Final at Balmoral Park. This world record setting two-year-old gelded son of Incredible Finale/The Dragon Flu earned \$253,485 and established a career best of 1:50 4/5. He earned a share of the Illinois Million Dollar Bonus and was also voted the Two-Year-Old Colt Pacing Champion.

TWO ITEM LIMIT was voted the Illinois Thoroughbred Horse of the Year for the second straight year. This three-year-old daughter of Twining, bred by Hal Snowden, Jr. and Raymond Simpson, is owned by Joseph Graffeo and trained by Stephen DiMauro. In 2001, she started nine times recording two wins, two seconds, and two thirds with earnings of \$648,760. All nine races she competed in were graded stakes with six being Grade I. At Pimlico, she won the Grade II Black Eyed Susan Stake and at Aqueduct she won, through a disqualification, the Grade III Comely Stake. She was also voted the three-year-old filly champion.

LABORATORY

Based on the results of a recent NTRA survey, the Illinois Racing Board Laboratory conducts one of the most comprehensive equine drug testing programs in the country by using enzyme linked immunosorbent assays (ELISA) on a routine basis. Incorporating newly developed ELISA tests into our screening program has enabled the laboratory to detect and confirm the drug sildenafil in a harness racehorse for the first time in Illinois. In addition, the laboratory routinely tests for blood threshold levels of three substances, Furosemide, Phenylbutazone and TCO2 and performs random saliva tests on horses in the paddock to

detect cocaine administration or contamination. The laboratory also tested and reported on several special exhibit items such as syringes and drug vials that were collected or seized as contraband at the racetracks.

The laboratory continues participation in two external proficiency testing programs: the International Association of Racing Commissioners Quality Assurance Program and the International Proficiency Testing Program conducted by the Association of Official Racing Chemists. The IRB laboratory maintained a perfect score on all blinds and proficiencies in 2001.

WHAT IS PURSE RECAPTURE?

Purse recapture is a 1995 provision of the law that allows racetracks to recoup losses on live handle brought on by the authorization of full-card simulcasting of races from other states. Handle on Illinois races as a percentage of total Illinois handle has dropped from 95% in 1994 to 33% in 2001. The recapture amount is 2% of the decrease of Illinois handle on Illinois races from 1994. The recapture monies allocated to the racetracks are deducted from the horsemen's purse accounts. In 1999, legislation was passed that authorized annual appropriations to the Department of Agriculture for reimbursement to purse accounts equal to the recapture amounts. The appropriation is an annual decision, the racetracks will always receive their monies, either from the State or from the originally intended horsemen's purse accounts. Below are the annual amounts of purse recapture since 1995, when full card simulcasting was authorized.
