The Year 2006 in Review

The Illinois Racing Board is a regulatory and enforcement agency of State Government. The Illinois General Assembly establishes public policy in the area of horse racing regulation that is carried out by the Board. The Board, which allocates race dates to various racing associations, is also responsible for licensing, rule making, and supervising the conduct of race meets. Every individual that participates in Illinois racing is required to be licensed. The licensing process includes fingerprinting as well as the conduct of a background review for criminal histories. The Board issued 10,186 licenses during 2006. A staff of administrative, security, and veterinary professionals, in conjunction with Board approved racing officials, supervised the activities at five racetracks conducting pari-mutuel racing in Illinois during 2006.

The Board is a member of the Association of Racing Commissioners International (RCI), the industry's oldest and most prominent regulatory association. Executive Director Marc Laino is an active participant on RCI committees. The information contained in the RCI database allows the Board to monitor the backgrounds of licensees and to exchange important regulatory and industry information with other jurisdictions.

The 646 race programs conducted during 2006 resulted in a total handle of \$952,119,485 representing a decrease of 5% compared to 2005. Thoroughbred meets accounted for \$631,272,800, a decrease of 4%, while standardbred meets accounted for \$320,846,685, a decrease of 7%.

Twenty-seven percent of the total handle, or \$259,022,153 was wagered on Illinois races at wagering facilities in Illinois in 2006. An additional \$844.8 million was wagered on Illinois races broadcast to other states. This represents a 6% decrease from the prior year. However, 2006 marks the sixth time since full-card simulcasting began that other states wagered more on Illinois races than Illinois wagered on races from other states.

Pari-mutuel wagering in Illinois generated \$10,347,144 in total state revenues, a decrease of 12% compared to 2005. Wagering at off-track betting parlors generated \$10.2 million (2% of OTB handle) for city and county governments in 2006. This represents a 2% decrease from the prior year. During 2006, Governor Blagojevich made several

appointments to the Illinois Racing Board. On June 19, Commissioner Dr. Paul Smith was appointed to replace Ralph Gonzalez, a member since 1984 and Chairman from 1999 to 2001. Dr. Smith was previously employed by the Board for 33 years and retired in 2002. Commissioner Angelo "Sam" Ciambrone was appointed to the Board on August 29 replacing John Simon, a 16 year veteran of the Board. Mr. Ciambrone previously served on the Board from 1976 to 1980 and was the Mayor of Chicago Heights from 1995 to 2003. Finally, on September 11, Governor Blagojevich appointed Commissioner Joseph Sinopoli. Mr. Sinopoli served as the Board's Deputy Director and Legal Counsel from 1986 through 1990. In 1991, he was appointed the Board's Executive Director and resigned in 1998.

Prominent Chicago trial lawyer and Chairman of the Board, Lorna Propes, submitted her resignation from the Board effective December 13, 2006. She served as a member of the IRB from 1989 through August, 2002 and Chairman from April 14, 2003 through December 12, 2006. During her tenure on the Board, Ms. Propes dealt with such issues and the 1995 Interstate Simulcasting Legislation, administrative hearings on the Horse Racing Act recapture provisions, the re-birth of Arlington Park, and the closing of Sportsman's Park. She also served on the Thoroughbred Breeders' Advisory Board and several RCI committees. At the Chairman's direction, the Board conducted several days of hearings in July to examine the state of the Illinois horse racing industry. Twenty-two industry experts offered their perspective on racing from the local, national, and international level. Testimony primarily focused on the history and contribution of horse racing to the economy of Illinois, reasons for the drastic decline in industry revenues over the past thirty years, and potential solutions that would allow Illinois racing to compete effectively with both other racing jurisdictions and the diverse gaming opportunities presently available in Illinois. Afterwards, a report was given to the Governor and leaders of the General Assembly.

Since 2005, the Racing Board has been electronically transferring individual license record information to the Collections Division of the Illinois Department of Revenue (IDOR) for comparison to their outstanding individual income tax debt database.

This process has allowed the IDOR to collect nearly \$140,000.

Illinois granted 29 off-track (OTB) licenses in 2006. Each Illinois racetrack is entitled to receive up to six OTB licenses, except Fairmount Park, which is entitled to seven licenses. A total of thirty-seven licenses are available. Two new OTB's opened, two closed and two received site approval. Inter-Track Partners, on behalf of Balmoral Park, opened a new OTB facility in Normal and on behalf of Maywood Park, opened a new OTB facility in Niles. OTB facilities in Bloomington and Grayville permanently closed their doors. The applications for OTB facilities in Hodgkins (Arlington Park) and Lockport (Quad City Downs) received site approval in 2006.

In June of 2006, the Illinois General Assembly passed legislation creating a tax on riverboat gambling and directing the proceeds to the horseracing industry. House Bill 1918 created the Horse Racing Equity Trust Fund and placed an additional 3% tax on those riverboat casinos that gross more than \$200 million annually. The anticipated \$36 million per year is intended to assist Illinois' racetracks and horsemen. The fund, administered by the Illinois Gaming Board, will sunset in 2 years. While the four largest riverboat casinos in Illinois immediately obtained an injunction in the Will County Circuit Court blocking establishment of the fund and challenging the constitutionality of the law, the money is being paid into a Protest Fund pending the outcome of the lawsuit.

In December of 2006, Arlington Park announced plans to immediately replace its conventional dirt track with a new state-of-the-art synthetic racing surface. Arlington's concern for the safety of horses and jockeys led to the decision to install a synthetic track at an estimated cost of \$10 million.

Total purses paid in 2006 decreased by 3.5% (\$89 million versus \$92.2 million) from the prior year. Purses paid at Illinois' thoroughbred tracks increased slightly (\$57.3 million versus \$57.2 million), while purses paid at Illinois' standardbred tracks decreased by nearly 9% (\$31.8 million versus \$34.9 million). Average daily purses paid at the Chicagoland thoroughbred tracks decreased by less than 1% (\$232,956 versus \$233,867) and the average daily purses paid at the Chicagoland standardbred tracks increased by 1% (\$90,458 versus \$89,610)

over the prior year.

For the fifth consecutive year, the Board awarded racing dates to the Brown County Fair Association in Mt. Sterling, Illinois, to conduct pari-mutuel wagering on two days of harness racing during its county fair.

Several IRB rule changes were adopted during 2006, the most noteworthy being an emergency amendment to the Medication rule, Part 603, authorizing the Board's Equine Testing Laboratory to test for human EPO antibodies, commonly referred to as blood doping. EPO is a prohibited substance for racing in many jurisdictions around the world. The use of EPO in horses is a dangerous practice and has no application in racehorses because of its life-threatening side effects.

FORT PRADO was voted the Illinois Thoroughbred Horse of the Year. This five-year-old gray son of El Prado, owned by Team Block and bred by David Block, had 4 win in 7 starts in 2006 and earned \$327,910. Trained by Chris Block, Fort Prado recorded wind in the \$200,000 Fair Grounds Breeders' Cup Handicap (gr. III), the \$125,000 Tamp Bay Breeders' Cup, the \$193,000 Connally Breeders' Cup Turf Handicap (gr. III), and the \$75,000 Black Tie Affair Handicap at Arlington Park. Fort Prado finished third in the Sea o'Erin Breeders Cup Mile at Arlington and fourth in the Grade III Robert F. Carey Memorial Handicap at Hawthorne Race Course and was also selected Illinois' champion older handicap male and champion male turf horse.

MY BOY DAVID was voted the Illinois Harness Horse of the Year. A winner of \$610,075, this three-year-old pacing gelding, trained by Homer Hochstetler, went postward 24 times and recorded four wins. Owned by Shirley LeVin and her grandson David Riff, My Boy David captured the \$180,000 Pete Langley Memorial Stake at Balmoral Park and finished second in the \$1 million Meadowlands Pace Final. He won an elimination race of the Illinois State Fair Stakes at Springfield in 1:47.4, making him the fastest three-year-old in the sport in 2006. He was also honored as three-year-old colt pacer. The son of Cole Muffler and the Abercrombie mare Eicarl's Valentine was bred by Cottonwood Farm and Lake To Sky Farms.

Laboratory

Over the past year, the University of Illinois at Chicago Animal Forensic Toxicology Laboratory has conducted one of the most comprehensive equine drug testing programs in the country. The laboratory accomplished this by employing an extensive array of enzyme linked immunosorbent assays (ELISA) to routinely screen samples for prohibited substances. These tests are highly sensitive and allow the laboratory to screen for a wide range of pharmaceutical substances. In addition, the laboratory routinely tests equine blood samples for violations exceeding the permitted levels of furosemide, flunixin, phenylbutazone, oxyphenbutazone, and total carbon dioxide (TCO₂). The laboratory acquired new analytical equipment and upgraded and modernized the existing analytical tools. Recently, a bar coding system was implemented to enhance the chain of custody.

The laboratory continues to assist the track stewards and security personnel in investigating possible doping violations that employ methods designed to circumvent our standard testing procedures. The laboratory also investigates and reports on special items such as syringes, drug vials and other contraband that are collected or seized at the racetracks.

The laboratory continues participation in two external proficiency testing programs: the International Association of Racing Commissioners Quality Assurance Program and the International Proficiency Testing Program conducted by the Association of Official Racing Chemists. The laboratory maintained a perfect score on all blinds and proficiencies in 2006.

* Note that the state reimbursement for recapture was not appropriated in 2006. Balmoral, Maywood and Hawthorne Harness deferred \$4.1 million of their 2004 recapture to be waived or realized by the end of 2006, pending the outcome of the lawsuit regarding HB1918 passed in June of 2006. These figures are not reflected in the figures above.

What is purse recapture?

Purse recapture is a 1995 provision of the law that allows racetracks to recoup losses on live handle brought on by the authorization of full-card simulcasting of races from other states. Handle on Illinois races as a percentage of total Illinois handle has dropped from 95% in 1994 to 27% in 2006. The recapture amount is 2% of the decrease of Illinois handle on Illinois races from 1994. The recapture monies allocated to the racetracks are deducted from the horsemen's purse accounts. In 1999, legislation was passed that authorized annual appropriations to the Department of Agriculture for reimbursement to purse accounts equal to the recapture amounts. The appropriation is an annual decision, the racetracks will always receive their monies, either from the state or from the originally intended horsemen's purse accounts. Below are the annual amounts of purse recapture since 1995, when full card simulcasting was authorized.
