## THE YEAR 2007 IN REVIEW

The Illinois Racing Board is a regulatory and enforcement agency of State Government. The Illinois General Assembly establishes public policy in the area of horse racing regulation that is carried out by the Board. The Board allocates race dates to various racing associations and is also responsible for licensing, rulemaking, and supervising the conduct of race meets. Every individual who participates in Illinois racing is required to be licensed. The licensing process includes fingerprinting as well as a background review for criminal histories. The Board issued 9,944 licenses during 2007, a decrease of 2.4%. A staff of administrative, security, and veterinary professionals, in conjunction with Board approved racing officials, supervised the activities at five racetracks conducting pari-mutuel racing in Illinois during 2007.

The Board is a member of the Association of Racing Commissioners International (RCI), the industry's oldest and most prominent regulatory association. Executive Director Marc Laino is an active participant on RCI committees. The information contained in the RCI database allows the Board to monitor the backgrounds of licensees and to exchange important regulatory and industry information with other jurisdictions.

The 621 race programs conducted during 2007 resulted in a total handle of \$928,898,436 representing a 2.4% decrease compared to 2006. Thoroughbred meets accounted for \$630,023,688, a decrease of less than 1%, while standardbred meets accounted for \$298,874,748, a decrease of almost 7%.

Twenty-seven percent of the total handle, or \$254,123,568 was wagered on Illinois races at wagering facilities in Illinois in 2007. An additional \$841 million was wagered on Illinois races broadcast to other states. This represents a less than 1% decrease from the prior year. However, 2007 marks the seventh time since full-card simulcasting began that other states wagered

more on Illinois races than Illinois bettors wagered on races from other states.

Pari-mutuel wagering in Illinois generated \$8,939,122 in total state revenues, a decrease of 14% compared to 2006. Wagering at off-track betting parlors generated \$10.1 million (2% of OTB handle) for city and county governments in 2007. This represents less than a 1% decrease from the prior year.

On September 18, 2007, the Board awarded a total of 611 racing programs (thoroughbred and harness) for calendar year 2008. Fairmount Park was allotted 90 thoroughbred programs from March 4, 2008 through September 27, 2008. However, if there was no legislative change prior to December 1, 2007 that positively impacted purses, nor a substantive decision in favor of the racing industry in the case of Empress Casino v. Topinka and IRB, Fairmount Park was permitted to reduce its live racing program to 60 programs, April 18 through September 1. Due to the absence of any legislative or judicial relief, Fairmount Park announced in December that it would race a 60 day thoroughbred meet in 2008.

In the matter of Empress Casino v. Topinka and IRB, the twelfth Judicial Circuit of Will County ruled on March 26, 2007, that Public Act 0804 (3% surcharge imposed on all riverboats with an AGR over \$200 million to be deposited in the Horse Racing Equity Trust Fund) was unconstitutional as it violates the Uniformity Clause of the Illinois Constitution. The order was appealed directly to the State Supreme Court.

Since 2005, the Racing Board has been electronically transferring individual license record information to the Collections Division of the Department of Revenue (DOR) for comparison to its outstanding individual income tax debt database.

Illinois granted 29 off-track (OTB) licenses in 2007. Each racetrack is entitled to receive up to six OTB licenses, except Fairmount Park, which is entitled to seven licenses. A total of thirty-seven

licenses are available. Seven new OTB's opened and three closed. Inter-Track Partners, on behalf of Maywood Park, opened new OTB facilities in North Aurora and Wauconda and on behalf of Hawthorne Race Course, opened new OTB facilities in Elk Grove Village and Chicago (LaSalle and Ohio Street). OTB facilities in Tinley Park, Danville, and Chicago (State and Lake Streets) permanently closed their doors. Arlington Park opened new OTB facilities in Hodgkins, Homewood, and Lockport.

On April 25, 2007, Arlington Park's main track opened for training on the newly installed polytrack surface. Approximately 20,500 tons (seven inches) of polytrack material was installed, completing the final phase of the \$11.2 million project to replace the traditional dirt surface. The polytrack surface is comprised of sand, synthetic fibers, and recycled rubber that are combined and coated with a microcrystalline wax.

Total purses paid in 2007, \$85,372,776, decreased by 4% compared to 2006. Purses paid at Illinois' thoroughbred tracks, \$54,064,946, decreased by 6% while purses paid at Illinois' standardbred tracks, \$31,307,830, decreased by 1.6%. Average daily purses paid at the Chicagoland thoroughbred tracks, \$236,655, increased by 1.6% and the average daily purses paid at the Chicagoland standardbred tracks, \$93,646 increased by 3.5%.

Due to advances in technology and new testing methods, the Board's contract laboratory reported record numbers of positives in 2007. The positive tests were the result of the detection of trace residue levels of therapeutic medications given to the horse days or weeks prior to the race. This increase in positive findings resulted in over 100 administrative appeals in a two year period.

The Board annually reviews its rules to determine whether any specific rules should be adopted, amended or rescinded. In 2007, the Board adopted one new rule, rescinded eight rules and amended nine rules. The most noteworthy amendments were to the Board's medication rules. Threshold levels for two commonly used

therapeutic medications were approved and remedies for drug positives for class four and five drugs were changed. Purse redistribution for drug positives, class four and five only, is discretionary if it is proven that a trace level of the drug existed from a legal and therapeutic administration days or weeks before the race, and that the drug had no pharmacological effect on the horse when it raced.

Emergency rules requiring EHV-1 vaccinations for horses were adopted after several horses confirmed positive for Equine Herpes Virus-1, a highly contagious neurological disease that is often fatal. A potential outbreak of the virus was contained at Balmoral Park by quarantine, isolation and decontamination measures taken by the Board.

Proposed legislation affecting the racing industry, HB4194, stalled and failed to pass by the end of 2007. Under this proposed legislation, advance deposit wagering would have been legalized and electronic gaming would have been permitted at the racetracks.

ROLLING SEA was voted the Illinois Thoroughbred Horse of the Year. This four-year-old Sefapiano filly, owned by Millennium Farms had 6 wins in 10 starts in 2007 and earned \$361,081. Trained by Steve Asmussen, Rolling Sea recorded wins in the \$221,000 Chilukki Stakes (G2) at Churchill Downs and the \$200,000 Allaire DuPont Breeders' Cup Distaff Stakes (G2) at Pimlico Race Course. Bred by the Asiel Stable, Rolling Sea improved to 10 wins in 24 career starts and boosted her lifetime earnings to \$573,165.

BEFORE HE CHEATS was voted the Illinois Harness Horse of the Year. A winner of \$320,189, this three-year-old trotter, trained by Dirk Simpson, went postward 28 times and recorded 21 wins. Owned by former NBA basketball star Sam Bowie, Before He Cheats captured the \$120,000 Sue Mac Lad Stake at Balmoral Park, the \$65,000 Galt Trot at Maywood Park and the \$120,000 final of the Chester Late Closing Series at Harrah's Chester Casino and Racetrack. He was also honored as three-year-old colt trotter.

# LABORATORY

Over the past year the University of Illinois at Chicago Animal Forensic Toxicology Laboratory has conducted one of the most comprehensive equine drug testing programs in the country. The laboratory accomplished this by employing an extensive array of enzyme linked immunosorbent assays (ELISA) to routinely screen samples for prohibited substances. These tests are highly sensitive and allow the laboratory to screen for a wide range of pharmaceutical substances. In addition the laboratory routinely tests equine blood samples for violations exceeding the permitted levels of furosemide, flunixin, phenylbutazone, oxyphenbutazone, and total carbon dioxide (TCO2). The laboratory updated its TCO2 analysis which now provides the Board with additional information. The Board adopted the recommendations of the Racing Medication and Testing Consortium (RMTC) for testing for anabolic steroids and erythropoietin (EPO), and out of competition testing of any racehorse participating in the Illinois racing program, stabled on or off track.

The laboratory continues to assist the track stewards and security personnel in investigating possible doping violations that employ methods designed to circumvent our standard testing procedures. The laboratory also investigates and reports on special items such as syringes, drug vials and other contraband that are collected or seized at the racetracks.

The laboratory continues participation in two external proficiency testing programs: the International Association of Racing Commissioners Quality Assurance Program and the International Proficiency Testing Program conducted by the Association of Official Racing Chemists. The laboratory maintained a perfect score on all blinds and proficiencies in 2007.

2007	8,939,122	27%	928,898,436	720,155,792

Note: In 2000, State Revenue declined sharply due to statutory changes passed in 1999. These include a flat tax of 1.5%, elimination of HRTA tax, Uncashed Tickets and Breakage to the State, and a Pari-mutuel Tax Credit. In 2002, Thoroughbred Purses include \$14,280,000 that was paid at the Arlington Park Breeder's Cup. In 2003, there was a Harness labor dispute totalling 86 days.

\* Note that the State reimbursement for recapture was not appropriated in 2007.  
Hawthorne's Harness meet waived \$726,824 of 2007 recapture and is reflected above.

### WHAT IS PURSE RECAPTURE?

Purse recapture is a 1995 provision of the law that allows racetracks to recoup losses on live handle brought on by the authorization of full-card simulcasting of races from other states. Handle on Illinois races as a percentage of total Illinois handle has dropped from 95% in 1994 to 27% in 2007. The recapture amount is 2% of the decrease of Illinois handle on Illinois races from 1994. The recapture monies allocated to the racetracks are deducted from the horsemen's purse accounts. In 1999, legislation was passed that authorized annual appropriations to the Department of Agriculture for reimbursement to purse accounts equal to the recapture amounts. The appropriation is an annual decision, the racetracks will always receive their monies, either from the State or from the originally intended horsemen's purse accounts. Below are the annual amounts of purse recapture since 1995, when full card simulcasting was authorized.

Illinois Handle on Illinois Races	
1994	1,181,911,128
