## THE YEAR 2016 IN REVIEW

The Illinois Racing Board (“Board”), an agency of state government, enforces the Illinois Horse Racing Act of 1975 (230 ILCS 5/) (“Act”) and its administrative rules (Title 11 of the Administrative Code), to ensure the safety and integrity of pari-mutuel horse racing in Illinois. The Illinois General Assembly establishes public policy in the area of horse racing regulation that is enforced by the Board. The Board licenses racetracks, off-track wagering facilities, advance deposit wagering companies, allocates race dates, and is also responsible for licensing, rulemaking, and supervising the conduct of race meets. The Board oversees all pari-mutuel activity and ensures the proper allocation and distribution of revenue generated by pari-mutuel wagering.

All persons participating in pari-mutuel horse racing under the jurisdiction of the Board are required to be licensed. Before a license is issued, every application is reviewed and carefully processed by the Board’s licensing department. The Act also requires fingerprinting of each occupation license applicant. The Board may deny an application for licensure of any person whose criminal record is contrary to the public’s best interest.

A staff of administrative, regulatory, security, and veterinary professionals, in conjunction with Board approved racing officials, supervised the activities at three racetracks conducting pari-mutuel horse racing. Each race conducted at an Illinois racetrack is observed by three stewards, two employed by the Board, one employed by the organization licensee (“racetrack”). The stewards observe the races to ensure that all conduct is in accordance with the Act, rules, and regulations.

The Act requires the Board to file a written annual report with the Governor. The report is required to include the industry’s progress toward the following policy objectives established in Section 1.2 of this Act:

1. *Support and enhance Illinois’ horse racing industry, which is a significant component within*

*the agribusiness industry.* Sections 30 and 31 of the Act encourage the breeding, buying and racing of thoroughbred and standardbred horses in Illinois, preserving the agribusiness segment of Illinois’ economy. Purse supplements, owners awards, and breeders awards are paid to owners and breeders of winning horses in certain races limited to Illinois conceived and foaled horses.

2. *Ensure that Illinois’ horse racing industry remains competitive with neighboring states.*

Through the rulemaking process established by the Illinois Administrative Procedure Act and supervised by the Joint Committee on Administrative Rules, the Board creates new rules and amends existing rules to be more uniform, consistent, and competitive with other major racing jurisdictions. In recent years, the Board has concentrated on rules regulating pari-mutuel wagering and medication.

3. *Stimulate growth within Illinois’ horse racing industry, thereby encouraging new investment and development to produce additional tax revenues and to create additional jobs.* The Board strives to foster an environment that creates jobs and generates important revenue to the State of Illinois by encouraging racetracks to make use of their vacant off-track wagering licenses

4. *Promote the further growth of tourism.* To ensure that adequate funds are devoted to the marketing of horse racing, the Board requires that each applicant for licensure to operate a race meet (e.g. organization licensee), submit a proposed advertising and promotional budget during the licensing process.

5. *Encourage the breeding of thoroughbred and standardbred horses in this State.* Pursuant to the Act, breeders awards have been established to promote the breeding of thoroughbred, standardbred and quarter horses by Illinois residents.

6. *Ensure that public confidence and trust in the credibility and integrity of racing operations and the regulatory process is maintained.* Public confidence is essential to a vital horse racing

industry. The licensing of all persons participating in pari-mutuel racing and the testing of post-race equine samples are necessary components of the Board's regulatory program. Urine and blood samples are obtained post-race from the winner of every race, the horses finishing second and third in stakes races, and from any other horses selected by the stewards.

The Board is a member of the Association of Racing Commissioners International ("ARCI"), the industry's oldest and most prominent regulatory association. The information contained in the ARCI database allows the Board to monitor the backgrounds of applicants and licensees and to exchange important regulatory and industry information with other jurisdictions.

In 2016, the Illinois handle on all racing was \$570,507,635 (290 live race programs). In 2015, the handle was \$593,423,880 (388 live race programs). In 2016, the total handle for advance deposit wagering ("ADW") on all racing was \$165,999,800, a 15% increase. In 2015, the ADW handle was \$144,019,400.

The Board is funded by the revenues generated from the pari-mutuel handle (including ADW), admission taxes and license fees. The Board receives no funding from the State's general revenue fund. In 2016, total taxes paid to the Board were \$5,191,541, nearly the same as \$5,211,934 in 2015. The decrease in brick and mortar location handle and taxes was offset by the ADW wagering increase.

A total of \$32,560,953 was distributed in purses in 2016. Thoroughbred owners, jockeys trainers received \$23,879,701 in purse money (180 live race programs) and standardbred owners, drivers and trainers received \$8,681,252 (110 live race programs). In 2015, a total of \$39,227,761 was distributed in purses, \$27,893,274 to

thoroughbred (211 live race programs) and \$11,334,487 to Standardbred (177 live race programs). Illinois purses decreased by \$6,666,808 (17%) from 2015 to 2016.

Balmoral Park was purchased in May by a New York company called HITS (Horse Shows In The Sun). Balmoral Park ceased live racing in December of 2015. The assets of Maywood Park were sold via online auction on April 28. Maywood Park concluded live racing in October of 2015.

Public Act 99-0757, effective August 12, 2016, amended the Act by changing the number of intertrack wagering location licenses ("OTB") a racetrack may receive. Fairmount Park may now receive up to 9 OTB licenses, Hawthorne Race Course 16, and Arlington Park 18. Public Act 99-0756, also effective August 12, extended ADW through December 31, 2018.

On September 27, 2016, the Board voted unanimously to issue 2017 race dates. Arlington Park and Hawthorne Race Course were awarded 71 and 59 thoroughbred programs respectively. Suburban Downs at Hawthorne Race Course was awarded 80 harness programs. The Board also awarded 41 thoroughbred programs to Fairmount Park.

During calendar year 2016, the Board amended rules to protect the wagering public and ensure the safety of the participants, both human and equine. The Board issued 319 rulings for violations of the Board's rules and regulations at both thoroughbred and standardbred racetracks. The rulings include, but are not limited to, riding and driving infractions, general conduct violations, licensing violations, human and equine drug violations, and general business practice violations.

# LABORATORY

Over the past year the University of Illinois at Chicago Analytical Forensic Testing Laboratory has conducted one of the most comprehensive equine drug testing programs in the country. The laboratory over the last year began screening all urines and bloods using solid phase extraction with LC-MS-MS analysis. This method of testing is highly sensitive and allows the laboratory to screen for a wide range of substances. In addition, this switch greatly reduced the reporting times for these samples. Also, the laboratory routinely tests for violations of total carbon dioxide (TCO<sub>2</sub>) levels.

The laboratory continues to assist the track stewards and security personnel in investigating possible doping violations that employ methods designed to circumvent our standard testing procedures. The laboratory also investigates and reports on special items such as syringes, drug vials and other contraband that are collected or seized at the racetracks.

In 2016, the laboratory has continued the process to complete the Racing Medication Testing Consortium requirements for laboratory accreditation and in January 2017, the laboratory received interim status subject to final evaluation in 2017. This is in addition to the laboratory's ISO 17025 accreditation. The laboratory successfully completed the International Proficiency Testing Program conducted by the Association of Official Racing Chemists with a score of 100%.

# LICENSING

The IRB Licensing unit is comprised of three license clerks assigned to thoroughbred, quarter horse, and harness venues. During a licensed racing meet at any of three racetracks and State and County Fairs in the state, a licensing field office of the Board is established at the operating facility. Note: In 2000, State Revenue declined sharply due to statutory changes passed in 1999. These include a flat tax of 1.5%, elimination of HRTA tax, Uncashed Tickets and Breakage to the State, and a Pari-mutuel Tax Credit. In 2002, Thoroughbred Purses include \$14,280,000 that was paid at the Arlington Park Breeder's Cup. In 2003, there was a Harness labor dispute totalling 86 days. In October, 2009, Advanced Deposit Wagering began and is reflected in the figures above.

### WHAT IS PURSE RECAPTURE?

Purse recapture is a 1995 provision of the law that allows racetracks to recoup losses on live handle brought on by the authorization of full-card simulcasting of races from other states. Handle on Illinois races as a percentage of total Illinois handle (non-ADW) has dropped from 95% in 1994 to 15% in 2016. The recapture amount is 2% of the decrease of Illinois handle on Illinois races from 1994. The recapture monies allocated to the racetracks are deducted from the purse accounts. In 1999, legislation was passed that authorized annual appropriations to the Department of Agriculture for reimbursement to purse accounts equal to the recapture amounts. The appropriation is an annual decision, the racetracks will always receive their monies, either from the State or from the originally intended purse accounts. Below are the annual amounts of purse recapture since 1995, when full card was authorized.

These Handles are from Racetracks and OTBs only and do not include ADW	Illinois Handle on Illinois Races		Recapture

## 2016 ADVANCE DEPOSIT WAGERING (ADW)

Advance Deposit Wagering officially began in Illinois on October 13th, 2009. Six companies were licensed in 2016 as ADW providers. Illinois patrons place funds into an account and then wager on races using a telephone or internet device such as a computer or smartphone. Each ADW provider must have a contract with an Illinois racetrack and their affiliated Illinois horsemen association.

Bet America began operating on August 11, 2016 and NYRABets began operating on August 26, 2016.
